BILLING CODE 4410-FY-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Modification Under the Clean Water Act

On November 21, 2014, the Department of Justice lodged a proposed Agreed Consent Decree Modification with the United States District Court for the Northern District of Indiana in the lawsuit entitled *United States and State of Indiana v. The City of Fort Wayne, Indiana*, Civil Action No. 2:07-cv-00445-PPS-APR.

The United States and State of Indiana (State) previously filed a complaint against Fort Wayne for violations of the Clean Water Act, 33 U.S.C. §1251 *et seq.*, in connection with the City of Fort Wayne's operation of its municipal wastewater and sewer system. On April 1, 2008, the Court entered a Consent Decree between the parties that required Fort Wayne to implement various injunctive measures to address its combined sewer overflows (CSOs) and sanitary sewer overflows (SSOs). Under the Consent Decree, the injunctive relief is to be implemented over an 18-year period and is designed to eliminate SSOs and reduce the number of CSOs to approximately one per year on the St. Joseph River and four per year on the St. Marys and Maumee Rivers.

In the process of implementing the injunctive relief, Fort Wayne developed, and proposed to the regulators, an alternative remedy for CSOs 45, 51, 53, 68, and 52, which discharge to the St. Joseph River. The alternative approach will achieve the same level of control as required by the Decree, but will cost less and be completed considerably sooner—by December 2015 instead of December 2019. In addition, Fort Wayne is in the process of developing an alternative approach for CSO Control Measure 9 to address CSOs 54, 61, and 62, which discharge to the St. Marys and Maumee Rivers. The parties have agreed to revise the Consent Decree to allow Fort Wayne to propose a revised solution, subject to the regulators' approval in accordance with a process set forth in the Decree, as long as any such proposal is submitted by December 15, 2016 and meets the Performance Criteria and Critical Milestones previously agreed to for Control Measure 9. Finally, the parties have agreed to correct a typographical error concerning CSO Control Measure 9. This Control Measure must be designed to achieve a Performance Criterion of 4 CSO events in a typical year as correctly set forth in Appendix 3, footnote 7, and not one overflow per year, as incorrectly set forth in the text box of Appendix 3 that describes CSO Control Measure 9. The proposed Agreed Consent Decree Modification incorporates all of these changes.

The publication of this notice opens a period for public comment on the proposed Agreed Consent Decree Modification. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and State of Indiana v. The City of Fort Wayne, Indiana*, D.J. Ref. No. 90-5-1-1-07653. All

AGENCY: Bureau of International Labor Affairs, Department of Labor.

ACTION: Announcement of public availability of updated list of goods.

SUMMARY: This notice announces the publication of an updated list of goods—along with countries of origin—that the Bureau of International Labor Affairs (ILAB) has reason to believe are produced by child labor or forced labor in violation of international standards (the List). ILAB is required to develop and make available to the public the List pursuant to the Trafficking Victims Protection Reauthorization Act (TVPRA) of 2005, as amended.

FOR FURTHER INFORMATION CONTACT: Director, Office of Child Labor, Forced Labor, and Human Trafficking, Bureau

SUPPLEMENTARY INFORMATION: ILAB announces the publication of the sixth edition of the *List of Goods Produced by Child Labor or Forced Labor*, pursuant to the TVPRA of 2005, as amended. ILAB published the initial List on September 10, 2009, and has since published updated editions annually. Beginning this year, ILAB will update and publish the List every other year, pursuant to changes in the law enacted in 2013. See 22 U.S.C. 7112(b). The 2014 edition adds two new goods (alcoholic beverages and meat), and one new country (Yemen) to the List.

Section 105(b) of the TVPRA mandates that ILAB develop and publish a list of goods from countries that ILAB “has reason to believe are produced with child labor or forced labor in violation of international standards.” 22 U.S.C. 7112(b)(2). ILAB’s Office of Child Labor, Forced Labor, and Human Trafficking carries out this mandate. The primary purposes of the List are to raise public awareness about the incidence of child labor and forced labor in the production of goods in the countries listed and to promote efforts to eliminate such practices.
