Background

The FHWA's Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding the FHWA's finding that a Buy America waiver is appropriate to use non-

domestic 20" Trunnion mounted steel ball valve (ASCI 300/API 6D/ASME 318) in the State of New York.

In accordance with Division A, section 122 of the "Consolidated and Further Continuing Appropriations Act, 2012" (Pub. L. 112-55), the FHWA published a notice of intent to issue a waiver on its Web site for non-domestic 20" Trunnion mounted steel ball valve (ASCI 300/API 6D/ASME 318) (<http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=99>) on September 23rd. The FHWA received no comments in response to the publication. During the 15-day comment period, the FHWA conducted additional nationwide review to locate potential domestic manufacturers of the 20" Trunnion mounted steel ball valve (ASCI 300/API 6D/ASME 318). Based on all the information available to the Agency, the FHWA concludes that there are no domestic manufacturers of the 20" Trunnion mounted steel ball valve (ASCI 300/API 6D/ASME 318).

In accordance with the provisions of section 117 of the SAFETEA-LU Technical Corrections Act of 2008 (Pub. L. 110-244, 122 Stat. 1572), the FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to the FHWA's Web site via the link provided to the New York waiver page noted above.

Authority: 23 U.S.C. 313; Pub. L. 110-161, 23 CFR 635.410.

SUPPLEMENTARY INFORMATION: On April 30, 2009, the FHWA, in cooperation with ADOT, issued a Notice of Intent (NOI) titled: "Environmental Impact Statement: Final (Pinal) and Gila Counties, AZ." Additionally, funding to complete the study is not available. As such, the preparation of the EIS for the US 60 Superior to Globe Corridor Improvement/Realignment Study is being terminated. Any future transportation improvements or realignments of US 60 throughout this corridor will be determined and prioritized through ADOT's Long Range
