The confidentiality status of the information submitted will be judged on a case-by-case basis.

Abstract: The Federal Reserve, the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation (the agencies) each use this application form to collect information for bank merger proposals that require prior approval under the Bank Merger Act. Prior approval is required for every merger transaction involving affiliated or nonaffiliated institutions and must be sought from the regulatory agency of the depository institution that would survive the proposed transaction. A merger transaction may include a merger, consolidation, assumption of deposit liabilities, or certain asset-transfers between or among two or more institutions. The Federal Reserve collects this information so that it may meet its statutory obligation of evaluating (with respect to every state member bank merger proposal) the competitive effects, the adequacy of the financial and managerial resources of the institutions involved, and the effect on the convenience and needs of the affected communities.

This information collection is not given confidential treatment. The organizations and individuals that use the forms may request that all or a portion of the submitted information be kept confidential. In such cases, the burden is on the filer to justify the exemption by demonstrating that disclosure would cause substantial competitive harm or result in an unwarranted invasion of personal privacy or would otherwise qualify for an exemption under the Freedom of Information Act (5 U.S.C. 552). The confidentiality status of the information submitted will be determined on a case-by-case basis.

Abstract: The information collected assists the Federal Reserve, the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation (the agencies) in fulfilling their statutory responsibilities as supervisors. Each of these forms is used to collect information in connection with applications and notices filed prior to proposed changes in the ownership or management of banking organizations. The agencies use the information to evaluate the controlling owners, senior officers, and directors of the insured depository institutions subject to their oversight. The Interagency Biographical and Financial Report (FR 2081c) is not a stand-alone reporting form; it is a companion reporting form to the FR 2081a and the FR 2081b (and to other Federal Reserve information collections) that is used to gather required information about the individuals

involved in various applications and notices.

Current Actions: On September 12, 2014, the Federal Reserve published a notice in the **Federal Register** (79 FR 54720) requesting public comment for 60 days on the extension, without revision, of the Interagency Bank Merger Act Application; and of the Interagency Notice of Change in Bank Control, Interagency Notice of Change in Director or Senior Executive Officer, and Interagency Biographical and Financial Report.
