

(Environmental Review Procedures for Implementing the National Environmental Policy Act, May 20, 1999). PISCO's proposed activities and impacts for 2013–2014 are within the scope of our 2012 EA and FONSI. We have reviewed the 2012 EA and determined that there are no new direct, indirect, or cumulative impacts to the human and natural environment associated with the IHA requiring evaluation in a supplemental EA and we, therefore, reaffirm the 2012 FONSI.

#### Authorization

As a result of these determinations, NMFS has authorized the take of marine mammals incidental to PISCO's rocky intertidal monitoring research activities, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated.

This DoD internal information program (1) provides U.S. military commanders worldwide with a unique means to communicate internal information directly to DoD personnel and their family members overseas; (2) provides overseas DoD personnel and their families the same type of information and entertainment programming as their fellow citizens in the United States; (3) assists in maintaining and enhancing the morale, readiness, situational awareness, and well-being of DoD personnel and their family members overseas. AFN communicates messages and themes from senior DoD leaders (*i.e.*, Secretary of Defense, Secretaries of the Military Departments, Chairman of the Joint Chiefs of Staff, Military Service Chiefs of Staff, Combatant Commanders), as well as other leaders in the chain of command, in order to support and improve quality of life and morale, promote situational awareness, provide timely and immediate force protection information, and sustain readiness.
