Decision on Request for Waiver From Testing

AGENCY: Environmental Protection Agency (EPA).

ACTION: Decision on request for waiver from testing.

SUMMARY: EPA denied a request from Nation Ford Chemical (NFC) for a waiver from testing chloranil (2,3,5,6-tetrachloro-2,5-cyclohexadiene-1,4-dione). Regulations issued by EPA under the Toxic Substances Control Act (TSCA) require that specified chemical substances be tested to determine if they are contaminated with halogenated dibenzo-p-dioxins (HDDs) or halogenated dibenzofurans (HDFs), and that results be reported to EPA. However, the regulations allow for exclusion or waiver from these requirements if an appropriate application is submitted to EPA and is approved. EPA received a request for a waiver from these testing requirements from NFC.

DATES: EPA denied the NFC waiver on October 17, 2014.

SUPPLEMENTARY INFORMATION:

I. Does this action apply to me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities to which this action may apply.

Although others may be affected, this action applies directly to the submitter of the request for waiver. If you have any questions regarding the applicability of this action to a particular entity, consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

II. Background

A. What action is the Agency taking?

This document announces the denial of the request from NFC for a waiver from testing under 40 CFR 766.32(a)(2)(ii) for chloranil (2,3,5,6-tetrachloro-2,5-cyclohexadiene-1,4-dione; Chemical Abstracts Service Registry Number (CASRN) 118-75-2).

B. What is the Agency's authority for taking this action?

This document is issued under sections 4 and 8 of TSCA (15 U.S.C. 2603 and 2607).

Under 40 CFR part 766, EPA requires testing of certain chemical substances to determine whether they may be contaminated with HDDs and HDFs. Under 40 CFR 766.32(a)(2)(ii), a waiver may be granted if, in the judgment of EPA, the cost of testing would drive the chemical substance off the market, or prevent resumption of manufacture or import of the chemical substance, if it is not currently manufactured, and the chemical substance will be produced so that no unreasonable risk will occur due to its manufacture, import, processing, distribution, use, or disposal. In this case, the manufacturer must submit to

EPA all data supporting the determination.

Under 40 CFR 766.32(b), any request for a waiver must be made 60 days before resumption of manufacture or importation of a chemical substance not being manufactured, imported, or processed as of June 5, 1987.

C. NFC Request for Waiver From Testing and Reporting Requirements

EPA received submissions from NFC dated March 18, 2014 (Refs. 1 and 2), May 16, 2014 (Ref. 3), and August 7, 2014 (Ref. 4), which collectively requested that NFC be granted a waiver from the testing and reporting requirements of the “Polyhalogenated Dibenzop-p-Dioxins/Dibenzofurans; Testing and Reporting Requirements” (Dioxins/Furans Test Rule) 40 CFR part 766 for the import of chloranil. EPA published a notice of receipt of the waiver request and requested public comment in the **Federal Register** on June 17, 2014 (Ref. 5); the Agency received no public comments. The waiver request indicates that NFC intends to import chloranil, a chemical substance subject to testing under 40 CFR part 766, for the manufacture of a crude pigment. EPA determined that the information provided by NFC was insufficient to establish that any adverse economic impact from testing would likely be large enough to “drive the chemical substance off the market, or prevent resumption of manufacture or import of the chemical substance” (Ref. 6). EPA therefore denied NFC’s waiver request (Ref. 7).

AGENCY: Office of Federal Contract Compliance Programs, Labor.

ACTION: Final rule.

SUMMARY: The Office of Federal Contract Compliance Programs (OFCCP) is revising the regulations implementing Executive Order (EO) 11246, as amended, in accordance with Executive Order (EO) 13672, “Further Amendments to Executive Order 11478, Equal Employment Opportunity in the Federal Government, and Executive Order 11246, Equal Employment Opportunity,” which was signed by President Barack Obama on July 21, 2014. EO 13672 amended EO 11246,

which previously only prohibited discrimination by Federal contractors and subcontractors on the bases of race, color, religion, sex, and national origin and required them to take affirmative measures to prevent discrimination on those bases from occurring. More specifically, EO 13672 amended section 202 and section 203 of EO 11246, by substituting the phrase “sex, sexual orientation, gender identity, or national origin” for “sex or national origin.” This final rule implements EO 13672 by making the same substitution wherever the phrase “sex or national origin” appears in the regulations implementing EO 11246.
