

research topics and submit proposals in response to SBIR solicitations. In addition, DHS uses a web portal to review RFIs and register to submit a white paper or proposal in response to a specific BAA. The data collection forms standardize the collection of information that is necessary and sufficient for the DHS SBIR Program Office to meet its requirements under 15 U.S.C. 638.

There has been no change in the information being collected. The reduction in the total annual burden is based on agency estimates. First, the estimate is based on the number of expected contract awards requiring the submission of information has been declining in the last three years.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.
