I. Background

On November 26, 2014, the Commission's Wireline Competition Bureau (Bureau) released an order extending the deadline for responding to the mandatory, one-time data collection in the Commission's special access proceeding. The Bureau extended the deadline for responding because of delays in the release of a database container to the public, which is necessary for filers to respond to the collection. Accordingly, for larger businesses with more than 1,500 employees required to provide data and information, the deadline is extended 45 days to January 29, 2015. Other respondents with 1,500 or fewer employees are considered small for purposes of the collection and must file their responses by February 27, 2015. For those entities not providing data and information in response to the collection but that are otherwise required to certify that they are not a covered *Provider*, *Purchaser* or an entity that provides *Best Efforts Business Broadband Internet Access Services*, the filing deadline remains December 15, 2014 regardless of the entity's size.

The Commission will use the data obtained from the collection for an analysis of the special access market as it considers reforming the pricing rules applicable to incumbent local exchange carriers that are subject to price cap regulation. For more information about the collection and the underlying rulemaking proceeding, see the Commission's Web site, <http://www.fcc.gov/encyclopedia/special-access-data-collection-overview-0>.

Acting Chief, Pricing Policy Division, Federal Communications Commission.

General description of report: This information collection is authorized by sections 2A, 12A(c), 14, and 15 of the Federal Reserve Act (12 U.S.C. 225a, 263c, 353-359, and 391) and is required to obtain or retain the benefit of dealer status. Individual respondent data are regarded as confidential under the Freedom of Information Act (5 U.S.C. 552(b)(4) and (b)(8)).

Abstract: The FR 2004A collects weekly data on dealers' outright positions in Treasury and other marketable debt securities. The FR 2004B collects cumulative weekly data on the volume of transactions made by dealers in the same instruments for which positions are reported on the FR 2004A. The FR 2004C collects weekly

data on the amounts of dealer financing and fails. The FR 2004SI collects weekly data on position, transaction, financing, and fails for the most recently issued on-the-run Treasury securities (the most recently issued Treasury securities for each maturity class). When unusual trading practices occur for a specific security, this information can be collected on a daily basis on the FR 2004SD for either on-the-run Treasury securities or off-the-run Treasury securities. The FR 2004SD ad hoc collects up to 10 ad hoc data items for instances when critical information for additional Treasury market surveillance is required. The FR 2004WI collects daily data on positions in to-be-issued Treasury coupon securities, mainly the trading on a when-issued delivery basis.

Current Actions: On September 24, 2014, the Federal Reserve published a notice in the **Federal Register** (79 FR 57101) requesting public comment for 60 days on the extension, with revision, of the Government Securities Dealers Reports (FR 2004). The comment period for this notice expired on November 24, 2014. The Federal Reserve did not receive any comments. The revisions will be implemented as proposed.

2. **Report title:** Weekly Report of Selected Assets and Liabilities of Domestically Chartered Commercial Banks and U.S. Branches and Agencies of Foreign Banks.

Agency form number: FR 2644.

OMB control number: 7100-0075.

Effective Date: January 7, 2015.

Frequency: Weekly.

Reporters: Domestically chartered commercial banks and U.S. branches and agencies of foreign banks.

Estimated annual reporting hours: 127,400 hours.

Estimated average hours per response: 2.80 hours.

Number of respondents: 875.

General description of report: The FR 2644 is authorized by section 2A and 11(a)(2) of the Federal Reserve Act (12 U.S.C. 225(a) and 248(a)(2)) and by section 7(c)(2) of the International Banking Act (12 U.S.C. 3105(c)(2)) and is voluntary. Individual respondent data are regarded as confidential under the Freedom of Information Act (5 U.S.C. 552(b)(4)).

Abstract: The FR 2644 is the only source of high-frequency data used in the analysis of current banking developments. The FR 2644 collects sample data that are used to estimate universe levels using data from the quarterly commercial bank Consolidated Reports of Condition and Income (FFIEC 031 and 041; OMB No. 7100-0036) and the Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign

Banks (FFIEC 002; OMB No. 7100-0032) (Call Reports). Data from the FR 2644, together with data from other sources, are used to construct weekly estimates of bank credit, balance sheet data for the U.S. banking industry, sources and uses of banks' funds, and to analyze banking and monetary developments.

Current Actions: On September 24, 2014, the Federal Reserve published a notice in the **Federal Register** (79 FR 57101) requesting public comment for 60 days on the extension, with revision, of the Weekly Report of Selected Assets and Liabilities of Domestically Chartered Commercial Banks and U.S. Branches and Agencies of Foreign Banks (FR 2644). The comment period for this notice expired on November 24, 2014. The Federal Reserve received a comment letter from a bank regarding the proposed revision to the FR 2644. The commenter expressed the opinion that the effective date of the revision (January 7, 2015) may not be the optimal time to change the report because this would be the beginning of the financial reporting season for banks. The commenter noted that the proposed revisions to the report would require additional work by the respondents for implementation and, because bank staff would be involved in producing year-end reports, the accuracy of the reported data may be compromised. The commenter suggested that the effective date of the revised report should be reconsidered. The Federal Reserve recognizes that respondents have additional reporting responsibilities at the end-of-quarter and end-of-year periods. In the event that respondents anticipate difficulty implementing the changes by the effective date, the Federal Reserve would accept estimated data until actual data becomes available. In addition, Reserve Bank staff would be available to assist respondents with the reporting requirements. After careful consideration of the comment letter and with the estimated reporting option discussed above, the revisions will be implemented as proposed.

Final approval under OMB delegated authority the extension for three years, without revision, of the following reports:

1. **Report title:** Quarterly Savings and Loan Holding Company Report.

Agency form number: FR 2320.

OMB control number: 7100-0345.

Frequency: Quarterly.

Reporters: Top and lower-tier savings and loan holding companies (SLHCs).

Estimated annual reporting hours: 180 hours.

Estimated average hours per response: 2.5 hours.

Number of respondents: 18.

General description of report: This information collection is mandatory pursuant to section 10 of the Home Owners' Loan Act (HOLA), (12 U.S.C. 1467a(b)(2)) as amended by Pub. L. 111-201, § 369(8). Data items C572, C573, and C574 on Schedule H may be protected from disclosure under exemption 4 of the Freedom of Information Act (FOIA) (5 U.S.C. 552(b)(4)). With regard to the remaining data items on Schedule HC, the Federal Reserve has determined that institutions may request confidential treatment for any FR 2320 data item or for all FR 2320 data items, and confidential treatment will be reviewed on a case-by-case basis.

Abstract: The FR 2320 collects select parent only and consolidated balance sheet and income statement financial data and organizational structure data from savings and loan holding companies (SLHCs) exempt from initially filing Federal Reserve regulatory reports. The FR 2320 is used by the Federal Reserve to analyze the overall financial condition of exempt SLHCs to ensure safe and sound operations. These data assist the Federal Reserve in the evaluation of a diversified holding company and in determining whether an institution is in compliance with applicable laws and regulations.

Current Actions: On September 24, 2014, the Federal Reserve published a notice in the **Federal Register** (79 FR 57101) requesting public comment for 60 days on the extension, without revision, for this information collection. The comment period for this notice expired on November 24, 2014. The Federal Reserve did not receive any comments. The information collection will be extended as proposed.

Number of respondents: Post Notification, 16; Application (Prior Approval), 29; and Extension of divestiture period, 1.

General description of report: This information collection is authorized by the Federal Reserve Act, 12 U.S.C. 338a, and by the Board's Regulation H, 12 CFR 208.22. The obligation of state member banks to make public welfare

investments under both the Reserve Bank post-notice and the Board's prior approval procedure is mandatory. The request for extension of the divestiture period is required to obtain a benefit. Individual respondent data generally are not regarded as confidential. However, a bank that submits confidential proprietary information may request confidential treatment of that information pursuant to section (b)(4) of the Freedom of Information Act (FOIA), 5 U.S.C. 552(b)(4), and the information will be accorded confidential treatment if the institution can establish the potential for substantial competitive harm under the standards set forth in *National Park & Conservation Ass'n v. Morton*, 498 F.2d 765 (DC Cir. 1974). Such a determination would be made on a case-by-case in response to a specific request for disclosure. If examination ratings are included in a submission, those will be considered confidential under exemption 8 of the FOIA, 5 U.S.C. 552(b)(8).

Abstract: Regulation H requires state member banks planning to make community development or public welfare investments to comply with the Regulation H notification requirements: (1) If the investment does not require prior Board approval, a written notice must be sent to the appropriate Federal Reserve Bank; (2) if certain criteria are not met, and requires prior Board approval, a request for approval must be sent to the appropriate Federal Reserve Bank; and, (3) if the Board orders divestiture, but the bank cannot divest within the established time limit, a request or requests for extension of the divestiture period must be submitted to the appropriate Federal Reserve Bank.

Current Actions: On September 24, 2014, the Federal Reserve published a notice in the **Federal Register** (79 FR 57101) requesting public comment for 60 days on the extension, without revision, for this information collection. Any such request would have to be evaluated on a case-by-case basis.

Office of the Secretary

Findings of Research Misconduct

AGENCY: Office of the Secretary, HHS.
ACTION: Notice.

SUMMARY: Notice is hereby given that the Office of Research Integrity (ORI) has taken final action in the following case:

H. Rosie Xing, Ph.D., University of Chicago: Based on the report of an investigation conducted by the University of Chicago (UC) and additional analysis by ORI in its oversight review, ORI found that Dr. H. Rosie Xing, former Assistant Professor, UC, engaged in research misconduct in research supported by National Cancer Institute (NCI), National Institutes of Health (NIH), grant R01 CA098022.

ORI found that Respondent engaged in research misconduct (42 CFR 93.103-104) by using images that had been among a set of manipulated images produced while at another institution, which had been found to be false by that institution. ORI found that Respondent falsely reported these images in Figures 1D, 2A, and Supplementary Figures 1B
