

highest rate charged by the away exchange if the Exchange cannot discern the per contract charge in the option class in question in advance of the execution is reasonable and equitable because the Exchange cannot know in advance what the charge would be on the away exchange. If the Exchange charged the lowest feasible charge, the Exchange could end up bearing the costs of routing an order to an away exchange. The Exchange notes that—just as they do today—to avoid incurring any Routing Surcharge in preference of an execution on the Exchange, ATP Holders are able to designate their orders as non-routable.

The Exchange believes that the proposed non-substantive change to the Fee Schedule is reasonable and equitable because it conforms the terms used in the Fee Schedule to terms used by NYSE Arca and that better describe the applicable charges.

The Exchange further believes that this proposed change is not unfairly discriminatory either as it applies equally to all ATP Holders that send orders to the Exchange.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed fee change is reasonably designed to be fair and equitable, and therefore, will not unduly burden any particular group of market participants trading on the Exchange vis-à-vis another group (*i.e.*, Market Makers versus non-Market Makers) as it applies equally to all ATP Holders that send routable orders to the Exchange.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed

rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A) ⁷ of the Act and subparagraph (f)(2) of Rule 19b-4 ⁸ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) ⁹ of the Act to determine whether the proposed rule change should be approved or disapproved.

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. 1. *Supplemental Security Income (SSI) Claim Information Notice—20 CFR 416.210-0960-0324*. Section 1611(e)(2) of the Social Security Act requires individuals to file for and obtain all payments (annuities, pensions, disability benefits, veteran's compensation, etc.) for which they are eligible before qualifying for SSI payments. Individuals do not qualify for SSI if they do not first apply for all other benefits. SSA uses the information on Form SSA-L8050-U3 to verify and establish a claimant or recipient's eligibility under the SSI program. Respondents are SSI applicants or recipients who may be eligible for other payments from public or private programs.

Note: This is a correction notice. SSA published this information collection as a revision on September 25, 2014, at 79 FR 57650. Since we are no longer revising this information collection, it is now an extension of an OMB-approved information collection.

Type of Request: Extension of an OMB-approved information collection.

2. *You Can Make Your Payment by Credit Card—0960-0462*. Using information from Form SSA-4588 and its electronic application, Form SSA-4589, SSA updates individuals' Social Security records to reflect payments made on their overpayments. In addition, SSA uses this information to process payments through the appropriate credit card company. SSA

provides the SSA-4588 when we inform an individual that we detected an overpayment. Individuals may choose to make a one-time payment or recurring monthly payments by completing and submitting the SSA-4588. SSA uses the SSA-4589 electronic intranet application only when individuals choose to telephone the Program Service Centers to make a one-time payment in

lieu of completing Form SSA-4588. An SSA debtor contact representative completes the SSA-4589 electronic intranet application. Respondents are OASDI beneficiaries and SSI recipients who have outstanding overpayments.
