**SECURITIES AND EXCHANGE COMMISSION**

[Release No. 34-73814; File No. SR-CHX-2014-19]

**Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend the Applicability of Certain Fees and Credits Provided Under the Fee Schedule**

December 11, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup>, and Rule 19b-4<sup>2</sup> thereunder, notice is hereby given that on December 4, 2014, the Chicago Stock Exchange, Inc. ("CHX" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

CHX proposes to amend the applicability of certain fees and credits provided under the Fee Schedule of the CHX ("Fee Schedule") and to clarify other provisions throughout the Fee Schedule. The text of this proposed rule change is available on the Exchange's Web site at ([www.chx.com](http://www.chx.com)) and in the Commission's Public Reference Room.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule changes and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The Exchange proposes to expand the scope of Section E.1 of the Fee Schedule to include executions resulting from single-sided orders for securities that trade in Round Lots of less than 100 shares.<sup>3</sup> Moreover, the Exchange proposes to amend various provisions throughout the Fee Schedule for clarification and stylistic consistency. Aside from the proposed amendment of the scope of Section E.1, the Exchange does not propose to substantively modify any other fees, assessments, credits or rebates.

Proposed Elimination of Obsolete "Effective" and "Operative" Dates and Capitalization of Defined Terms

Initially, the Exchange proposes certain non-substantive global amendments to the Fee Schedule. Specifically, the Exchange proposes to delete references to obsolete "effective" and "operative" dates throughout the Fee Schedule, specifically found under:

- Sections B through E;

<sup>3</sup> CHX Article 1, Rule 2(f)(3) defines "Round Lot" as "an order of 100 shares, unless otherwise determined by the Committee on Exchange Procedure."

<sup>19</sup> 15 U.S.C. 78s(b)(3)(A)(ii).

<sup>20</sup> 17 CFR 240.19b-4(f)(2).

<sup>21</sup> 17 CFR 200.30-3(a)(12).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.16b-4.

- Section J;
- Section L; and
- Sections O and P.

Similarly, the Exchange also proposes to eliminate obsolete language under Section D stating that “no monthly charges will be assessed under this section D. for CHX’s Equinix NY4 data center location under April 1, 2012.”

Moreover, the Exchange proposes to capitalize the terms “Institutional Broker,” “Odd Lot,” “Round Lot” and “Clearing Participant” throughout the Fee Schedule as they are defined terms under CHX Rules.<sup>4</sup> In addition, the Exchange proposes to delete the hyphen in between certain references to Odd Lots because the term, as defined under CHX Rules, does not contain a hyphen.<sup>5</sup> Specifically, the Exchange proposes to amend Section E.1(a), which includes a reference to Institutional Brokers; Sections E.3 and E.4, which include references to Odd Lots; Section E.8(a), which includes a reference to Round Lot; and Section F.2, which includes references to Institutional Broker and Clearing Participant.

#### Amended Section E.1

Section E.1 provides liquidity removing fees and liquidity providing credits for executions resulting from “one-sided orders of 100+ shares,” which describes a Round Lot or more for all but a handful of securities currently traded on the Exchange.<sup>6</sup> Thus, the Exchange does not currently apply Section E.1 fees and credits to executions resulting from orders in securities that trade in Round Lots of less than 100 shares. Instead, such executions are currently assessed fees pursuant to Section E.4, which apply to executions resulting from orders submitted as Odd Lots.<sup>7</sup>

In the interest of clarity and consistency, the Exchange proposes to expand the scope of Section E.1 to apply to executions “resulting from orders submitted as at least a Round Lot,” which would include securities that trade in Round Lots of less than 100 shares.<sup>8</sup> To this end, the Exchange proposes to amend the headline to

Section E.1 by deleting the phrase “single-sided order” and replacing the phrase “(one-sided orders of 100+ shares)” with the phrase “resulting from single-sided orders submitted as at least a Round Lot.” Incidentally, the proposed headline clarifies that the Section E.1 fees and credits are assessed based on the size of the contra-side orders executed and not the size of the execution itself.<sup>9</sup> The proposed amended headline would state as follows:

Matching System executions resulting from single-sided orders submitted as at least a Round Lot

Moreover, the Exchange proposes the following clarifying and stylistic amendments to Section E.1:

- In the first full paragraph under Section E.1:
- Replace the phrase “rebates paid” with “credits attributed” to be consistent with the term “liquidity providing credit” utilized in the fees and credits chart;
- delete “(Executions through an Institutional Broker Registered with the Exchange Under Article 17 (All Sessions)),” as the Exchange proposes to amend the headline to Section E.3, as discussed below; and
- replace citation to “Section E.3.a.” with “Section E.3(a)” to be consistent with the existing taxonomical structure of the Fee Schedule, as described below in the proposed amendments to Section E.3.

#### Amended Section E.2–E.5 and E.7

The Exchange proposes to make additional clarifying and stylistic amendments to Section E. The Exchange proposes the following amendments to E.2:

- Amend the headline to Section E.2 to be stylistically consistent with the proposed amended headline to Section E.1 and to replace the term “All Sessions” with the more descriptive “all trading sessions,” which is a phrase currently used under the fees and credits chart of Section E.1. Thus, the proposed amended headline would state as follows:

Matching System executions resulting from two-sided orders (cross orders) of any number of shares (all trading sessions)<sup>10</sup>

<sup>9</sup>For example, where there is an execution between an incoming buy order submitted as an Odd Lot and a resting sell order submitted as a Round Lot, the buy side will be assessed fees pursuant to Section E.4 and the sell side will be given a credit pursuant to Section E.1.

<sup>10</sup>CHX Article 1, Rule 2(a)(2) defines “cross order,” in pertinent part, as “an order to buy and sell the same security at a specific price better than the best bid and offer displayed in the Matching System and which would not constitute a trade-

The Exchange proposes the following amendments to Section E.3:

- Amend the headline to be stylistically consistent with the proposed amended headlines to Sections E.1 and E.2. Thus, the proposed amended headline would state as follows:

Matching System executions resulting from orders submitted by Institutional Brokers registered with the Exchange under Article 17 (all trading sessions)

- In the second to last paragraph under Section E.3:
- insert the term “Section” before “E.4.,” as the current citation is to Section E.4, and delete the period after “E.4”; and
- replace “see (1) and (2) above” with the more accurate “see Sections E.1 and E.2 above.”
- Replace paragraph “a.” and “b.” with “(a)” and “(b),” respectively, to be consistent with the existing taxonomical structure of the Fee Schedule, which utilizes parentheses to denote all subparagraphs under the first paragraph denoted by an Arabic numeral. Thus, the Exchange also proposes to amend Section E.3(b) to replace a citation to “Section E.3.a.” with “Section E.3(a).”
- Under Section E.3(a), insert the number “0” in front of the period within “\$.003/share” and after “3” and insert the term “fee” after “\$.003/share,” so as to state “\$.0030/share fee.”
- Under Section E.3(b), insert the number “0” in front of the period within “\$.0007/share” and after “7” and insert the term “fee” after “\$.0007/share,” so as to state “\$.00070/share fee.”

The Exchange proposes the following amendments to Section E.4:

- Amend the headline to Section E.4 to be stylistically consistent with the proposed amended headlines to Sections E.1–3. Thus, the proposed amended headline would state as follows:

Matching System executions resulting from single-sided orders submitted as Odd Lots (all trading sessions)

- Insert the number “0” in front of the period within “\$.0040/share” and insert the term “fee” after “\$.0040/share,” so as to read “\$.0040/share fee.”

The Exchange proposes to amend the headline to Section E.5 to replace “All Sessions” with the more descriptive and consistent “all trading sessions.”

The Exchange proposes the following amendments to Section E.7:

- Amend the headline to replace the term “All Sessions” with the more

through under Reg NMS (including all applicable exceptions and exemptions).”

<sup>4</sup> See CHX Article 1, Rule 1(n) defining “Institutional Broker;” *see also* CHX Article 1, Rule 1(ee) defining “Clearing Participant;” *see also* CHX Article 1, Rule 2(f)(3) defining Round Lot; *see also* CHX Article 1, Rule 2(f)(2) defining “Odd Lot.”

<sup>5</sup> See CHX Article 1, Rule 2(f)(2).

<sup>6</sup> As of the date of this filing, the Exchange permits the trading of ten securities in Round Lots of less than 100 shares, none of which have a primary listing on the Exchange. The Round Lot size for a security is determined by the Exchange and is identical to the round lot size set by the primary listing market.

<sup>7</sup> See *supra* note 5.

<sup>8</sup> See *supra* note 3; *see also supra* note 6.

descriptive and consistent “all trading sessions.”

- Insert the number “0” in front of the period within “\$.003/share” and after “3” and insert the term “fee” after “\$.003/share,” so as to read “\$0.0030/share fee.”

#### Amended Section F

The Exchange proposes the following clarifying and stylistic amendments to Section F:

- Under Section F.2, delete the period placed after reference to “Section E.7” to be consistent with the current taxonomical and related citation structure of the Fee Schedule.

- Under Section F.4, amend obsolete citations to various credits that are no longer offered by the Exchange. Currently, the only credits available pursuant to Section F are the Institutional Broker credits, described under current Section F.2. Thus, the Exchange proposes to replace all citations to specific paragraphs under Section F with citations to “Section F.2” only.<sup>11</sup>

#### Operative Date

The Exchange proposes to make all changes proposed herein operative *January 2, 2015*. Participants will be notified of the proposed changes pursuant to a Legal Notice that will be issued immediately after this proposed rule change is filed.

#### 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act<sup>12</sup> in general, and furthers the objectives of Sections 6(b)(1)<sup>13</sup> and (b)(4)<sup>14</sup> of the Act, in particular. Specifically, the proposed amended Section E.1 will continue to apply equally to all Participants that submit single-sided orders to the Matching System, in furtherance of Sections 6(b)(4), as the proposed rule provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using its facilities. Moreover, the Exchange believes that the proposed amended Section E.1 simplifies the Fee Schedule by applying to executions resulting from all Round Lot orders, as opposed to merely those that result from orders for 100 or more shares, and the other amendments to the Fee Schedule would provide clarity and stylistic

consistency to the Fee Schedule, both in furtherance of Section 6(b)(1), as the proposed rule would better enable the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Act and to comply, and to enforce compliance by its Participants with the provisions of the Act, the rules and regulations thereunder, and the rules of the Exchange.

#### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Given that the proposed amendment to Section E.1 would impact an extremely small number of securities traded on the Exchange and the proposed clarifying and stylistic amendments do not substantively modify the Fee Schedule, the proposed rule change would have no burden on competition. To the contrary, the Exchange believes that the proposed rule change would promote competition by widening the scope of executions that would be subject to lower fees and eligible for credits and providing additional clarity to the Fee Schedule.

#### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

#### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>15</sup> and subparagraph(f)(2) of Rule 19b-4 thereunder<sup>16</sup> because it establishes or changes a due, fee or other charge imposed by the Exchange.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Comments may be submitted by any of the following methods:

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73812; File No. SR-BYX-2014-037]

### Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use of BATS Y-Exchange, Inc.

December 11, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on December 1, 2014, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act<sup>3</sup> and Rule 19b-4(f)(2) thereunder,<sup>4</sup> which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members<sup>5</sup> and non-members of the Exchange pursuant to BYX Rules 15.1(a) and (c). Changes to the fee schedule pursuant to this proposal are effective upon filing.

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to modify its fee schedule effective immediately in order to adopt pricing for ROOC orders and to adopt pricing for orders that execute pursuant to Rule 11.23, titled "Opening Process."

###### ROOC

The Exchange recently filed a rule change to adopt a new routing strategy, ROOC, which provides that orders entered on the Exchange may be designated for participation in the opening, re-opening (following a halt suspension or pause), or closing process (collectively, an "Auction") of a primary listing market other than the Exchange if received before the opening/re-opening/closing time of such market.<sup>6</sup> As such, the Exchange proposes to adopt pricing related to this new routing strategy: the Exchange is proposing to charge \$0.0015 per share for ROOC orders routed and executed in the listing market's opening or re-opening cross and charge \$0.0010 per share for orders routed and executed in the listing market's closing process.

###### Opening Process

The Exchange recently filed and the Commission approved a proposed rule change to adopt Rule 11.23, establishing an opening and re-opening process on the Exchange in all securities (the "Opening Process").<sup>7</sup> The Opening Process is substantially similar to the opening processes on EDGA Exchange, Inc. ("EDGA") and EDGX Exchange, Inc. ("EDGX"). The Exchange proposes that

securities executed in the new Opening Process will be executed free of charge.<sup>8</sup>

The Exchange proposes to implement the amendments to its fee schedule effective immediately.

###### 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.<sup>9</sup> Specifically, the Exchange believes that the proposed rule change is consistent with Sections 6(b)(4) of the Act and 6(b)(5) of the Act,<sup>10</sup> in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive.

The Exchange believes that the proposed changes to the Exchange's fee schedule to add fees for the ROOC routing strategy when routed and executed in the listing market's Auction represent a reasonable and equitable allocation of fees because they are equal to or roughly equivalent to the fees that will be charged pursuant to the applicable exchange's fee schedule for participation in an Auction. The Exchange further believes that the proposed fees for ROOC are non-discriminatory because they apply uniformly to all Members and, again, because they approximate the fees at the away venue.

The Exchange also believes that its proposed pricing for the Opening Process is reasonable and equitable because the Exchange is proposing for executions in the Opening Process to be free of charge, which is the same price charged on EDGA for participation in its analogous opening process and \$0.0005 [sic.] cheaper than such analogous opening process on EDGX, as noted above. The Exchange also believes that the proposal to provide free executions in the Opening Process on the Exchange is non-discriminatory because such proposed pricing would apply uniformly to all Members and, again, because other venues are providing
