SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73822; File No. SR-BOX-2014-29]

Self-Regulatory Organizations; BOX Options Exchange, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Extend, Through June 30, 2015, the Pilot Program That Permits Certain Classes To Be Quoted in Penny Increments ("Penny Pilot Program")

December 11, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 10, 2014, BOX Options Exchange LLC (the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7260 to extend, through June 30, 2015, the pilot program that permits certain classes to be quoted in penny increments ("Penny Pilot Program"). The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's Internet Web site at <http://boxexchange.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the effective time period of the Penny Pilot Program that is currently scheduled to expire on December 31, 2014, for an additional six months, through June 30, 2015.³ The Penny Pilot Program permits certain classes to be quoted in penny increments. The minimum price variation for all classes included in the Penny Pilot Program, except for the QQQs, SPY and IWM, will continue to be \$0.01 for all quotations in options series that are quoted at less than \$3 per contract and \$0.05 for all quotations in options series that are quoted at \$3 per contract or greater. The QQQs, SPY and IWM, will continue to be quoted in \$0.01 increments for all options series.

The Exchange may replace any Pilot Program classes that have been delisted on the second trading day following January 1, 2015. The replacement classes will be selected based on trading activity for the six month period beginning June 1, 2014, and ending November 30, 2014. The Exchange will employ the same parameters to prospective replacement classes as approved and applicable under the Pilot Program, including excluding high-priced underlying securities. The Exchange will distribute a Regulatory Circular notifying Participants which replacement classes shall be included in the Penny Pilot Program.

BOX is specifically authorized to act jointly with the other options exchanges participating in the Pilot Program in identifying any replacement class.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act,⁴ in general, and Section 6(b)(5) of the

³ The Penny Pilot Program has been in effect on the Exchange since its inception in May 2012. See Securities Exchange Act Release Nos. 66871 (April 27, 2012), 77 FR 26323 (May 3, 2012) (File No. 10-206, In the Matter of the Application of BOX Options Exchange LLC for Registration as a National Securities Exchange Findings, Opinion, and Order of the Commission), 67328 (June 29, 2012), 77 FR 40123 (July 6, 2012) (SR-BOX-2012-007), 68425 (December 13, 2012), 77 FR 75234 (December 19, 2013) (SR-BOX-2012-021), 69789 (June 18, 2013), 78 FR 37854 (June 24, 2013) (SR-BOX-2013-31), 71056 (December 12, 2013), 78 FR 76691 (December 18, 2013) (SR-BOX-2013-56), and 72348 (June 9, 2014), 79 FR 33976 (June 13, 2014) (SR-BOX-2014-17). The extension of the effective date and the revision of the dates to replace issues that have been delisted are the only changes to the Penny Pilot Program being proposed at this time.

Act,⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general protect investors and the public interest.

In particular, the proposed rule change, which extends the Penny Pilot for an additional six months through June 30, 2015 and changes the date for replacing Penny Pilot issues that were delisted to the second trading day following January 1, 2015, will enable public customers and other market participants to express their true prices to buy and sell options for the benefit of all market participants. This is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, this proposal is pro-competitive because it allows Penny Pilot issues to continue trading on the Exchange. Moreover, the Exchange believes that the proposed rule change will allow for further analysis of the Pilot and a determination of how the Pilot should be structured in the future; and will serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection. The Pilot is an industry wide initiative supported by all other option exchanges. The Exchange believes that extending the Pilot will allow for continued competition between market participants on the Exchange trading similar products as their counterparts on other exchanges, while at the same time allowing the Exchange to continue to compete for order flow with other exchanges in option issues trading as part of the Pilot.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to paragraph (A) of section 19(b)(3) of the Exchange Act⁶ and Rule 19b-4(f)(6) thereunder.⁷ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6)(iii) thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing.¹⁰ However, pursuant to Rule 19b-4(f)(6)(iii),¹¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot Program to continue without interruption in a manner that is consistent with the Commission's prior approval of the extension and expansion of the Pilot Program and would allow replacement of Penny Pilot classes that have been delisted. Accordingly, the Commission designates the proposed rule change as operative upon filing with the Commission.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this pre-filing requirement.

it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–73830; File No. SR–NYSEArca–2014–138]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Rule 6.62(k) To Disallow Market Orders From Being Eligible for Designation as An Immediate-or-Cancel Order

December 12, 2014.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that, on December 2, 2014, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 6.62(k) (Certain Types of Orders Defined) to disallow Market Orders from being eligible for designation as an Immediate-or-Cancel order (“IOC Order”). The text of the proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change

and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 6.62(k) to disallow Market Orders from being eligible for designation as an IOC Order.

Per Rule 6.62(k), an IOC Order is defined as “A Market or Limit Order that is to be executed in whole or in part on the Exchange as soon as such order is received, and the portion not so executed is to be treated as canceled.” Per Rule 6.62(a), “[a] Market Order is an order to buy or sell a stated number of option contracts and is to be executed at the best price obtainable when the order reaches the Exchange.” Market participants entering a Market Order are instructing the Exchange to execute their order in its entirety at the best price, immediately upon arrival at the Exchange, subject to Trade Collar Protection set forth in Rule 6.60(a).

The Exchange believes that attaching the IOC time-in-force condition to a Market Order is unnecessary because Market Orders, by definition, are intended to be executed at the best price available at the Exchange. In essence, except when subject to Trade Collar Protection, a Market Order already operates similarly to an order with an IOC time-in-force condition. To streamline the offerings of Exchange order types, the Exchange therefore proposes to eliminate the ability to designate a Market Orders [sic] as an IOC Order. The Exchange believes the proposed change would assist with the maintenance of fair and orderly markets because it would reduce the complexity of order types available to market participants and would help clarify the nature of order types available for trading on the Exchange.

Implementation

The Exchange will announce the implementation date of this change through a Trader Update.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)⁴ of the Securities Exchange Act of 1934 (the

“Act”), in general, and furthers the objectives of Section 6(b)(5),⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. Specifically, the Exchange believes the proposed change would assist with the maintenance of fair and orderly markets because it would reduce the complexity of order types available to market participants, thereby adding transparency and clarity to the Exchange’s rules, and would help clarify the nature of order types available for trading on the Exchange. The Exchange further believes that deleting the IOC time-in-force modifier for Market Orders would also remove impediments to and perfect the mechanism of a free and open market by ensuring that members, regulators and the public can more easily navigate the Exchange’s rulebook and better understand the order types available for trading on the Exchange. Moreover, the Exchange believes that the elimination of the IOC time-in-force modifier for Market Orders would simplify order processing and reduce the burden on system capacity, which the Exchange believes is consistent with promoting just and equitable principles of trade as well as protecting investors and the public interest.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that the proposed rule change would relieve a burden on competition by eliminating an order type and streamlining the Exchange’s rule. In doing so, the proposed rule change would also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.
