Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Information Collections to Advance State, Tribal, local, and Territorial (STLT) Governmental Agency System Performance, Capacity, and Program Delivery (OMB Control No. 0920-0879, Exp. (4/30/2017)—Revision—Office of the Director, Office for State, Tribal

Local and Territorial Support (OSTLTS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The mission of the Department of Health and Human Services (HHS) is to help provide the building blocks that Americans need to live healthy, successful lives. As part of HHS, CDC's mission is to create the expertise, information, and tools that people and communities need to protect their health—through health promotion, prevention of disease, injury and disability, and preparedness for new health threats. CDC and HHS seek to accomplish its mission by collaborating with partners throughout the nation and the world to: Monitor health, detect and investigate health problems, conduct research to enhance prevention, develop and advocate sound public health policies, implement prevention strategies, promote healthy behaviors, foster safe and healthful environments, and provide leadership and training.

CDC is requesting a three-year approval for a generic clearance to collect information related to domestic public health issues and services that affect and/or involve state, tribal, local and territorial (STLT) government entities. HHS, specifically the Office of the Assistant Secretary for Planning and Evaluation (ASPE), will be a new user for this generic clearance.

The respondent universe is comprised of STLT governmental staff or delegates acting on behalf of a STLT agency involved in the provision of essential public health services in the United States. Delegate is defined as a governmental or non-governmental agent (agency, function, office or individual) acting for a principal or submitted by another to represent or act on their behalf. The STLT agency is represented by a STLT entity or delegate with a task to protect and/or improve the public's health.

Information will be used to assess situational awareness of current public health emergencies; make decisions that affect planning, response and recovery activities of subsequent emergencies; fill CDC and HHS gaps in knowledge of programs and/or STLT governments that will strengthen surveillance, epidemiology, and laboratory science; improve CDC's support and technical assistance to states and communities. CDC and HHS will conduct brief data collections, across a range of public health topics related to essential public health services.

CDC estimates up to 30 data collections with STLT governmental staff or delegates, and 10 data

collections with local/county/city governmental staff or delegates will be conducted on an annual basis. It is also estimated that HHS/ASPE may submit

up to three data collections with STLT governmental or staff delegates annually. Ninety-five percent of these data collections will be Web-based and

five percent telephone, in-person, and focus groups. The total annualized burden of 54,000 hours is based on the following estimates.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hrs.)
State, Territorial, or Tribal government staff ...	Web, telephone, in-person, focus group	800	30	1
Local/County/City government staff	Web, telephone, in-person, focus group	3,000	10	1

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Title: Permanency Innovations Initiative Evaluation: Phase 4.
OMB No.: 0970-0408.
Description: The Administration for Children and Families (ACF), U.S.

Department of Health and Human Services (HHS) intends to collect additional data for an evaluation of the Permanency Innovations Initiative (PII). This 5-year initiative, funded by the Children’s Bureau (CB) within ACF, is intended to build the evidence base for innovative interventions that enhance well-being and improve permanency outcomes for particular groups of children and youth who are at risk for long-term foster care and who experience the most serious barriers to timely permanency.

Data collection for the PII evaluation includes a number of components being launched at different points in time. Phase 1 (approved August 2012, OMB# 0970-0408) included data collection for a cross-site implementation evaluation and site-specific evaluations of two PII grantees (Washoe County, Nevada, and the State of Kansas). Phase 2 (approved

August 2013) included data collection for two more PII grantees (Illinois DCFS and one of two interventions offered by the Los Angeles LGBTQ Center’s Recognize Intervene Support Empower [RISE] project). Phase 3 (approved July 2014) included data collection for an evaluation of another PII grantee intervention and two additional cross-site PII studies. The grantee intervention was a second RISE intervention, the Care Coordination Team (CCT). The two PII cross-site studies were a cost study and an administrative data study.

Phase 4 will include data collection for another PII grantee, the California Department of Social Services’ California Partnership for Permanency (CAPP) project.

Respondents: Spanish and English speaking Biological parents, legal guardians, foster parents (or caregivers).

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Total annual burden hours
CAPP Parent-Legal Guardian Self-Administered Questionnaire, Telephone Questionnaire	1205	402	1	.6	241
CAPP Caregiver Self-Administered Questionnaire, Telephone Questionnaire	2231	744	1	.6	446
CAPP annual burden hours	687

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L’Enfant Promenade, SW., Washington, DC 20447, Attn: OPRE Reports Clearance Officer. Email address:

OPREinfocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on

respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Karl Koerper,
ACF/OPRE Reports Clearance Officer.
