Preliminary Determination of No Reviewable Entries

We received timely submissions of letters from Hyosung Corporation (Hyosung), Samsung C&T Corporation (Samsung), and TCC Steel Corporation (TCC) reporting to the Department that they had no exports, sales or entries of subject merchandise to the United States during the POR.² Based on record evidence, we preliminarily determine that Hyosung, Samsung, and TCC had no reviewable entries during the POR. For additional information on our preliminary determination of no reviewable entries, see the Preliminary Decision Memorandum.

Methodology

We selected one company for individual examination in this administrative review, Dongkuk Steel Mill Co., Ltd. (DSM). The Department conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. Preliminary Results of the Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margins exist for the respondents for the period February 1, 2013, through January 31, 2014. The rate for the companies not selected for individual examination is equal to the weighted-average dumping margin for the selected respondent, DSM.

Bookuk Steel Co., Ltd.	0.56
Dongkuk Steel Mill Co., Ltd.	0.56
SM Solution Co. Ltd.	0.56

Assessment Rates

If DSM's weighted-average dumping margin continues to be above *de minimis* in the final results of this review, we will calculate an importer-specific assessment rate on the basis of the ratio of the total amount of antidumping duties calculated for the importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).⁷ If DSM's weighted-average dumping margin is zero or *de minimis* in the final results of review, we will instruct U.S. Customs and Border Protection (CBP) not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*.⁸

For entries of subject merchandise during the POR produced by DSM, for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Consistent with the *May 2003 Clarification*, in the final results of this review, if we continue to find that Hyosung, Samsung, and TCC had no reviewable transactions of subject merchandise, we will instruct CBP to liquidate any existing entries of merchandise produced by Hyosung, Samsung, or TCC but exported by other companies at the all-others rate.¹⁰

For the companies which were not selected for individual examination,

⁷ In these preliminary results, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012) (*Final Modification for Reviews*).

Bookuk Steel Co., Ltd., and SM Solution Co. Ltd., we will instruct CBP to apply the rates listed above to all entries of subject merchandise produced and/or exported by those firms.

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of CTL plate from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for companies subject to this review will be the rate established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 0.98 percent,¹¹ the all-others rate established in the less-than-fair-value investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

The Department is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.
