Certain steel nails may be of one piece construction or constructed of two or more pieces. Certain steel nails may be produced from any type of steel, and may have any type of surface finish, head type, shank, point type and shaft diameter. Finishes include, but are not limited to, coating in vinyl, zinc (galvanized, including but not limited to electroplating or hot dipping one or more times), phosphate, cement, and paint. Shank styles include, but are not limited to, smooth, barbed, screw threaded, ring shank and fluted. Screw-threaded nails subject to this proceeding are driven using direct force and not by turning the nail using a tool that engages with the head. Point styles include, but are not limited to, diamond, needle, chisel and blunt or no point. Certain steel nails may be sold in bulk, or they may be collated in any manner using any material. If packaged in combination with one or more non-subject articles, certain steel nails remain subject merchandise if the total number of nails of all types, in aggregate regardless of size, is equal to or greater than 25.

Excluded from the scope of this investigation are certain steel nails packaged in combination with one or more non-subject articles, if the total number of nails of all types, in aggregate regardless of size, is less than 25.

Certain Steel Nails From Malaysia: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) preliminarily determines that certain steel nails from Malaysia are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733(b) of the Tariff Act of 1930, as amended (the Act). The period of investigation is April 1, 2013, through March 31, 2014. The estimated weighted-average dumping margins are shown in the “Preliminary Determination” section of this notice. Interested parties are invited to comment on this preliminary determination. The Department intends to issue the final determination 135 days after publication of this preliminary determination in the **Federal Register**.

DATES: *Effective Date:* December 29, 2014.

FOR FURTHER INFORMATION CONTACT: Ericka Ukrow or Steve Bezirgianian, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0405 or (202) 482–1131, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published the notice of initiation of this investigation on June 25, 2014.¹ Pursuant to section 733(c)(1)(A) of the Act, the Department postponed this preliminary determination 42 days until December 17, 2014.²

Scope of the Investigation

The product covered by this investigation is certain steel nails from

Malaysia. For a full description of the scope of the investigation, *see* Appendix I to this notice.

Scope Comments

Several interested parties (*i.e.*, IKEA Supply AG and IKEA Distributions Services Inc. (collectively IKEA), Target Corporation, and The Home Depot) submitted comments to the Department on the scope of the investigation as it appeared in the *Initiation Notice*, and Mid Continent Steel & Wire, Inc. (Petitioner) submitted rebuttal comments. For further discussion of these comments, *see* the Preliminary Decision Memorandum.³

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. Because one of the mandatory respondents, Tag Fasteners Sdn. Bhd. (Tag), failed to respond to the Department's questionnaire, we preliminarily determined to apply facts otherwise available with an adverse inference to this respondent pursuant to sections 776(a) and (b) of the Act. In applying adverse facts available, we are assigning Tag a dumping margin of 39.35 percent. For the other two mandatory respondents, Inmax Sdn. Bhd. (Inmax) and Region International Co., Ltd. and its collapsed affiliate, Region System Sdn. Bhd. (collectively, Region), export prices have been calculated in accordance with section 772 of the Act. Normal value has been calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum.⁴ The Preliminary Decision Memorandum is a public document and is made available to the public *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). All Others Rate

Consistent with sections 733(d)(1)(A)(ii) and 735(c)(5) of the Act, the Department also calculated an estimated "all others" rate for all exporters or producers not individually investigated. Section 735(c)(5)(A) of the Act provides that the estimated "all others" rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. Therefore, because the estimated weighted-average dumping margins for Inmax Sdn. Bhd. and Region are not zero, *de minimis*, or determined entirely under section 776 of the Act, the Department has estimated the "all-others" rate in this preliminary determination by weight-averaging the estimated weighted-average dumping margins calculated for those two respondents, based on publicly-ranged data.⁶

Preliminary Determination

In accordance with section 733(d)(1)(A)(i) of the Act, the Department calculated estimated weighted-average dumping margins for the individually investigated exporters and producers of subject merchandise, listed below. The Department preliminarily determines that the following estimated weighted-average dumping margins exist for these individually investigated exporters and producers:

Exporter/ producer	Weighted- average dumping margin (percent)
Inmax Sdn. Bhd	2.14

Exporter/ producer	Weighted- average dumping margin (percent)

Tag Fasteners Sdn. Bhd	39.35
All Others	2.20

Verification

As provided in section 782(i)(1) of the Act, the Department intends to verify the information submitted by Inmax Sdn. Bhd. and Region prior to making a final determination in this investigation.

Disclosure and Public Comment

We will disclose the calculations performed to parties in this proceeding within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding and rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.⁷ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. All documents must be filed electronically using ACCESS. An electronically filed request must be received successfully in its entirety by ACCESS, by 5:00 p.m. Eastern Standard Time, within 30 days after the date of publication of this notice.⁸ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date,

time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

Pursuant to section 735(a)(2) of the Act, Inmax and Region requested that the Department postpone the final determination and extend provisional measures from four months to six months. Additionally, Inmax and Region requested to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2), from a four-month period to a six-month period. Pursuant to a request from Inmax and Region and in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii) and (e)(2), we will make our final determination no later than 135 days after the date of publication of this preliminary determination.⁹ The suspension of liquidation described below will be extended accordingly.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we are directing U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of certain steel nails from Malaysia as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**.

Pursuant to 19 CFR 351.205(d), we will instruct CBP to require a cash deposit equal to the weighted-average amount by which the normal value exceeds export price, as indicated in the chart above.^{10 11} These suspension of liquidation instructions will remain in effect until further notice.

⁹ See also 19 CFR 351.210(b)(2) and (e); see also Letter from Inmax and Region International Co., Ltd. to the Department, regarding "Certain Steel Nails from Malaysia; Extension Request for Final Results" (December 9, 2014).

¹⁰ See *Modification of Regulations Regarding the Practice of Accepting Bonds During the Provisional Measures Period in Antidumping and Countervailing Duty Investigations*, 76 FR 61042 (October 3, 2011).

¹¹ Because the preliminary calculated countervailing duty rates in the companion countervailing duty investigation attributable to export subsidies were *de minimis* for both respondents, we did not adjust these cash deposit rates to account for export subsidies. See *Certain Steel Nails from Malaysia: Preliminary Negative Countervailing Duty Determination and Alignment of Final Countervailing Duty Determination with Final Antidumping Duty Determination*, 79 FR 65179, 65180 (November 3, 2014).

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our preliminary affirmative determination of sales at LTFV. Because the preliminary determination in this proceeding is affirmative, section 735(b)(2) of the Act requires that the ITC make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of certain steel nails from Malaysia before the later of 120 days after the date of this preliminary determination or 45 days after our final determination. Because we are postponing the deadline for our final determination to 135 days from the date of publication of this preliminary determination, as discussed above, the ITC will make its final determination no later than 45 days after our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: December 17, 2014.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background

The Department published the notice of initiation of this investigation on June

25, 2014.¹ Pursuant to section 733(c)(1)(A) of the Act, the Department postponed this preliminary LTFV determination 42 days until December 17, 2014.²

Scope of the Investigation

The products covered by this investigation are certain steel nails from Vietnam. For a complete description of the scope of the investigation, see Appendix I to this notice.

Scope Comments

Several interested parties (*i.e.*, IKEA Supply AG and IKEA Distributions Services Inc. (Petitioner) submitted rebuttal comments. For discussion of those comments and rebuttal comments, see the Preliminary Decision Memorandum.³

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. We calculated export prices in accordance with section 772 of the Act. Because Vietnam is a non-market economy within the meaning of section 771(18) of the Act, we calculated normal value in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.⁴ The

Use of Facts Available

For the Vietnam-wide entity, we applied facts otherwise available with an adverse inference, pursuant to section 776(a)(1) and (b) of the Act. For a detailed discussion of this finding, see the Preliminary Decision Memorandum at section “The Vietnam-wide Entity.”

For Region Industries Co., Ltd., we applied facts otherwise available, pursuant to section 776(a)(1) of the Act, for factor input information for a tollier who performed electroplating on subject merchandise but did not respond to Region Industries’ request for input information. For a detailed discussion of this finding, see the Preliminary Decision Memorandum at section “Facts Available for Region Industries.”
