

thorough review of proposed standards and guidelines developed by NIST. Details regarding the ISPAB's activities are available at <http://csrc.nist.gov/groups/SMA/ispab/index.html>.

The agenda is expected to include the following items:

- Updates on OMB Circular No. A-130 Revised, Management of Federal Information Resources,
- Updates from the U.S. Digital Service Team,
- Discussion on Continuous Monitoring and Continuous Diagnostics and Mitigation (CDM),
- Discussion and Presentation on drones and privacy,
- Updates on NIST Privacy Engineering Objectives and Risk Model Discussion draft,
- Updates on Cybersecurity Framework—Improving Critical Infrastructure Cybersecurity, Executive Order 13636,
- Updates on Legislation, Federal Information Security Management Act,
- Presentation from U.S. Department of Justice Cybersecurity Unit,
- Presentation from National Security Agency (NSA) Privacy Officer,
- Updates from U.S. Chief Technology Officer,
- Updates on NIST Cryptographic Standards and Guidelines Development Process, and
- Updates on NIST Computer Security Division.

Note that agenda items may change without notice. The final agenda will be posted on the Web site indicated above. Seating will be available for the public and media. No registration is required to attend this meeting.

Public Participation: The ISPAB agenda will include a period of time, not to exceed thirty minutes, for oral comments from the public (Friday, February 13, 2015, between 10 a.m. and 10:30 a.m.). Speakers will be selected on a first-come, first-served basis. Each speaker will be limited to five minutes. Questions from the public will not be considered during this period. Members of the public who are interested in speaking are requested to contact Annie Sokol at the contact information indicated in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements. In addition, written statements are invited and may be submitted to the ISPAB at any time. All written statements should be directed to the ISPAB Secretariat,

Information Technology Laboratory, 100 Bureau Drive, Stop 8930, National Institute of Standards and Technology, Gaithersburg, MD 20899-8930.

Dated: December 23, 2014.

Willie E. May,
Acting Director.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD625

Fisheries Off West Coast States; Pacific Coast Groundfish Fishery; Application for an Exempted Fishing Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of EFP applications; request for comments.

SUMMARY: NMFS announces the receipt of exempted fishing permit (EFP) applications, and is considering issuance of EFPs for vessels participating in the EFP fisheries. The EFPs are necessary to allow activities that are otherwise prohibited by Federal regulations. The EFPs will be effective no earlier than April 1, 2015, and will be for a minimum duration of two years unless there is a need to extend the EFP to collect more information or the need for the EFP no longer exists because appropriate regulations have been implemented. These EFPs can be terminated earlier under terms and conditions of the EFPs and other applicable laws.

DATES: Comments must be received no later than 5 p.m., local time on January 17, 2014.

ADDRESSES: You may submit comments, identified by 0648-XD625, by any one of the following methods:

- *Email:* GroundfishEMEFP@noaa.gov.
- *FAX:* 206-526-6736, Attn: Steve Freese.
- *Mail:* William W. Stelle, Regional Administrator, West Coast Region, NMFS, 7600 Sand Point Way NE., Seattle, WA 98115-0070, Attn: Steve Freese.

FOR FURTHER INFORMATION CONTACT: To view copies of the Electronic Monitoring EFP applications, visit the Pacific Council Web site at www.pcouncil.org and browse the "June 2014 Briefing Book" and the "Trawl

Catch Share Program Electronic Monitoring"; or contact Steve Freese (West Coast Region, NMFS), phone 206-526-6113, fax: 206-526-6736.

SUPPLEMENTARY INFORMATION: This action is authorized by the Pacific Coast Groundfish Fishery Management Plan (FMP) and the Magnuson-Stevens Fishery Conservation and Management Act provisions at 50 CFR 600.745, which states that EFPs may be used to authorize fishing activities that would otherwise be prohibited. At the June 2014 Pacific Fishery Management Council (Council) meeting in Garden Grove, California, the Council considered applications for four revised EFPs from: (1) The California Risk Pool; (2) Michele Longo Eder; (3) Peter Leipzig; and (4) Heather Mann and Brent Paine. An opportunity for public testimony was provided during the June 2014 Council meeting. For more details on these EFP applications and to view copies of the applications, see the Pacific Council's Web site at www.pcouncil.org and browse the "June 2014 Briefing Book". The Council recommended that NMFS consider issuing the following EFPs, and that those EFPs be used to test EM in the fisheries in a limited capacity with some additional permit conditions for possible use in 2015 and beyond.

California Risk Pool EFP

The California Risk Pool (which includes the Fort Bragg Groundfish Association, the Half Moon Bay Groundfish Marketing Association, and the Central California Seafood Marketing Association) submitted an application for an EFP, along with their collaborators: The Environmental Defense Fund (EDF); and The Nature Conservancy. Seven vessels will participate in this EFP: Three from the fixed gear sector and four from the trawl sector. Sarah McTee of the Environmental Defense Fund and Lisa Damrosch of the Half Moon Bay Groundfish Marketing Association are the points of contact for this EFP.

Fixed Gear EFP

The applicants participating in this EFP are trawl-permitted, fixed gear fishermen (Bob Eder, John Corbin and Burton C. Parker, Sr.) using pots or longlines. The primary purpose of the EFP is to test monitoring catch and discard via an EM system without 100 percent observers coverage as currently required by law. Michele Longo Eder is the point of contact for this EFP.

Peter Leipzig EFP

The fishermen that would participate in this EFP are bottom trawl fishermen.

The primary purpose of the EFP is to test the use of EM equipment in lieu of an observer and to evaluate components of an overall EM program before implementation of a comprehensive regulatory program. Peter Leipzig of the Fishermen's Marketing Association is the point of contact for this EFP.

Heather Mann and Brent Paine EFP

The vessels participating in this EFP are mid-water trawls that fish in the shoreside and mothership whiting fishery. The primary purpose of the EFP is to determine whether utilizing cameras in lieu of human observers proves both cost effective and operationally effecting while still providing 100 percent monitoring of catch and discards. Heather Mann of the Midwater Trawlers Cooperative and Brent Paine of the United Catcher Boats are the points of contact for this EFP.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 29, 2014.

James P. Burgess,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

Patent and Trademark Office

Submission for OMB Review; Comment Request

The United States Patent and Trademark Office (USPTO) will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: United States Patent and Trademark Office (USPTO).

Title: Summer Teacher Institute.
Agency Approval Number: 0651-0077.

Type of Request: Revision of a currently approved collection.

Burden: 292 hours annually.

Number of Respondents: 900 responses per year.

Avg. Hours per Response: The USPTO estimates that it will take the public approximately 5 minute (0.08 hours) to 30 minutes (0.5 hours) to prepare the appropriate form or documents and submit to the USPTO.

Needs and Uses: As part of the Maker Fair Initiative, a program entitled "National Teachers' Summer Institute" is sponsored by USPTO. This program accepts applicants for a summer teaching workshop. The program receives applications from individuals,

requesting to participate in the Institute, who certify that they are educators with at least 3 years' experience. These applicants are also required to (1) have taught in STEM related fields last year, (2) plan to teach in a STEM related field this upcoming year, and (3) to acknowledge their commitment to incorporate the learnings from the Teacher Summer Institute into their curriculum, where applicable, and cooperate with sharing lessons and outcomes with teachers and PTO.

The USPTO may various host webinars in conjunction with the Summer Institute. USPTO plans to conduct surveys of both the Institute and the webinars in order to gain useful feedback from program participants.

Affected Public: Businesses or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Required to obtain benefits.

OMB Desk Officer: Nicholas A. Fraser, email: Nicholas_A_Fraser@omb.eop.gov.

Once submitted, the request will be publicly available in electronic format through the Information Collection Review page at www.reginfo.gov.

Paper copies can be obtained by:

- Email: InformationCollection@uspto.gov. Include "0651-0012 copy request" in the subject line of the message.

- Mail: Marcie Lovett, Office of the Chief Information Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450.

Written comments and recommendations for the proposed information collection should be sent on or before February 2, 2015 to Nicholas A. Fraser, OMB Desk Officer, via email to Nicholas_A_Fraser@omb.eop.gov, or by fax to 202-395-5167, marked to the attention of Nicholas A. Fraser.

Margaret McElrath,

Deputy Director, Office of Information Management Services, Department of Commerce—USPTO.

BILLING CODE 3510-16-P

DEPARTMENT OF COMMERCE

United States Patent and Trademark Office

Submission for OMB Review; Comment Request: Applications for Trademark Registration

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of

information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: United States Patent and Trademark Office, Commerce.

Title: Applications for Trademark Registration.

OMB Control Number: 0651-0009.

Form Number(s):

- PTO-1478
- PTO-1479
- PTO-1480
- PTO-1481
- PTO-1482

Type of Request: Regular.

Number of Respondents: 387,981.

Average Minutes per Response: 30.

Burden Hours: 149,267.

Cost Burden: \$103,000,869.42.

Needs and Uses: The United States Patent and Trademark Office (USPTO) administers the Trademark Act, 15 U.S.C. 1051 *et seq.*, which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks.

Individuals and businesses who use their marks, or intend to use their marks, in commerce regulable by Congress, may file an application with the USPTO to register their marks. Registered marks remain on the register indefinitely, so long as the owner of the registration files the necessary maintenance documents. The rules implementing the Trademark Act are set forth in 37 CFR part 2.

The Act and rules mandate that each certificate of registration include the mark, the particular goods and/or services for which the mark is registered, the owner's name, dates of use of the mark in commerce, and certain other information. The USPTO also provides similar information to the public concerning pending applications. Individuals or businesses may determine the availability of a mark by accessing the register through the USPTO's Web site. Accessing and reviewing the USPTO's publicly available information may reduce the possibility of initiating use of a mark previously registered or adopted by another. Thus, the Federal trademark registration process reduces unnecessary litigation and its associated costs and burdens. The information in this collection is available to the public.

Trademarks can be registered on either the Principal or Supplemental Register. Registrations on the Principal Register confer all of the benefits of registration provided under the Trademark Act. Certain marks that are not eligible for registration on the Principal Register, but are capable of
