SUPPLEMENTARY INFORMATION:

Title: Animal Welfare.

OMB Control Number: 0579-0036.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Welfare Act (AWA or Act, 7 U.S.C. 2131 *et seq.*), the Secretary of Agriculture is authorized to promulgate standards and other requirements governing the humane handling, housing, care, treatment, and transportation of certain animals by dealers, research facilities, exhibitors, carriers, and intermediate handlers. The Secretary of Agriculture has delegated the authority for enforcement of the AWA to the Animal and Plant Health Inspection Service (APHIS).

The regulations in 9 CFR parts 1 through 3 were promulgated under the AWA to ensure the humane handling, care, treatment, and transportation of regulated animals under the Act. The regulations in 9 CFR part 2 require documentation of specified information by dealers, research institutions, exhibitors, carriers (including foreign air carriers), and intermediate handlers. The regulations in 9 CFR part 2 also require that facilities that use animals for regulated purposes obtain a license or register with the U.S. Department of Agriculture (USDA). Before being issued a USDA license, individuals are required to undergo precense

inspections; once licensed, a licensee must periodically renew the license.

To help ensure compliance with the AWA regulations, APHIS performs unannounced inspections of regulated facilities. A significant component of the inspection process is review of records that must be established and maintained by regulated facilities. The information contained in these records is used by APHIS inspectors to ensure that dealers, research facilities, exhibitors, intermediate handlers, and carriers comply with the Act and regulations.

Facilities must make and maintain records that contain official identification for all dogs and cats and certification of those animals received from pounds, shelters, and private individuals. These records are used to ensure that stolen pets are not used for regulated activities. Dealers, exhibitors, and research facilities that acquire animals from nonlicensed persons are required to have the owners of the animals sign a certification statement verifying the owner's exemption from licensing under the Act. Records must also be maintained for animals other than dogs and cats when the animals are used for purposes regulated under the Act.

Research facilities must also make and maintain additional records for animals covered under the Act that are used for teaching, testing, and experimentation. This information is used by APHIS personnel to review the research facility's animal care and use program.

APHIS needs the reporting and recordkeeping requirements contained in 9 CFR part 2 to enforce the Act and regulations. APHIS also uses the collected information to provide a mandatory annual report of animal welfare activities to Congress.

In addition to the above information collection activities approved under 0579-0036, APHIS is combining to this collection the burden from 0579-0361, Submission of Itineraries, and 0579-0392, Animal Welfare; Retail Pet Stores and Licensing Exemptions. Upon approval of this collection by the Office of Management and Budget (OMB), APHIS will retire numbers 0579-0361 and 0579-0392.

We are asking OMB to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.63 hours per response.

Respondents: Dealers, research facilities, exhibitors, carriers, and intermediate handlers; and persons exempt from licensing under the AWA.

Estimated annual number of respondents: 13,985.

Estimated annual number of responses per respondent: 15.

Estimated annual number of responses: 216,171.

Estimated total annual burden on respondents: 136,364 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 31st day of December 2014.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

Rural Business-Cooperative Service

Guarantee Fee Rates for Guaranteed Loans for Fiscal Year 2015; Maximum Portion of Guarantee Authority Available for Fiscal Year 2015; Annual Renewal Fee for Fiscal Year 2015

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice.

SUMMARY: As set forth in 7 CFR 4279.107, the Agency has the authority to charge an initial guarantee fee and an

annual renewal fee for loans made under the Business and Industry (B&I) Guaranteed Loan Program. Pursuant to that authority, the Agency is establishing the renewal fee rate at one-half of 1 percent for the B&I Guaranteed Loan Program. This rate will apply to all loans obligated in Fiscal Year (FY) 2015 that are made under the B&I program. As established in 7 CFR 4279.107(b)(1), the amount of the fee on each guaranteed loan will be determined by multiplying the fee rate by the outstanding principal loan balance as of December 31, multiplied by the percent of guarantee.

The Agency was authorized by the 2012 Appropriations Bill, and subsequent Appropriation Acts, to charge a maximum of 3 percent for its guarantee fee for FYs 2012, 2013, and 2014. The 2015 Appropriations Act does contain a provision to charge a maximum of 3 percent for its guarantee fee for FY 2015. As such, the guarantee fee for FY 2015 will be 3 percent.

As set forth in 7 CFR 4279.107(a) and 4279.119(b)(4), each fiscal year, the Agency shall establish a limit on the maximum portion of B&I guarantee authority available for that fiscal year that may be used to guarantee loans with a reduced guarantee fee or guaranteed loans with a guarantee percentage exceeding 80 percent.

Allowing a reduced guarantee fee or exceeding the 80 percent guarantee on certain B&I guaranteed loans that meet the conditions set forth in 7 CFR 4279.107 and 4279.119 will increase the Agency's ability to focus guarantee assistance on projects which the Agency has found particularly meritorious. For reduced guarantee fees, the borrower's business must support value-added agriculture and result in farmers benefiting financially or must be a high impact business investment as defined in 7 CFR 4279.155(b)(5) and be located in rural communities that experience long-term population decline and job deterioration, remain persistently poor, are experiencing trauma as a result of natural disaster, or are experiencing fundamental structural changes in its economic base. For guaranteed loans exceeding 80 percent, such projects must qualify as a high-priority project (a requirement of 7 CFR 4279.119(b)), scoring at least 50 points in accordance with 7 CFR 4279.155(b).

Not more than 12 percent of the Agency's quarterly apportioned B&I guarantee authority will be reserved for loan requests with a reduced fee, and not more than 15 percent of the Agency's quarterly apportioned guarantee authority will be reserved for guaranteed loan requests with a

guarantee percentage exceeding 80 percent. Once the respective quarterly limits are reached, all additional loans for that quarter will be at the standard fee and guarantee limits.

DATES: *Effective Date:* January 6, 2015.

SUPPLEMENTARY INFORMATION: This action has been reviewed and determined not to be a rule or regulation as defined in Executive Order 12866, as amended by Executive Order 13258.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Pacific Halibut Fisheries:

Charter Permits.

OMB Control Number: 0648-0592.

Form Number(s): None.

Type of Request: Regular (revision and extension of a currently approved information collection).

Number of Respondents: 68.

Average Hours per Response:

Application for Transfer of Charter Halibut Permit, Application for Military Charter Permit, Application for Transfer between IFQ and Guided Angler Fish, 2 hours each.

Burden Hours: 98.

Needs and Uses: This request is for revision and extension of a currently approved information collection.

The Alaska Pacific Halibut Charter Program established Federal Charter Halibut Permits (CHPs) for operators in the charter halibut fishery in IPHC regulatory Areas 2C (Southeast Alaska) and 3A (Central Gulf of Alaska). Since February 1, 2011, all vessel operators in Areas 2C and 3A with charter anglers onboard catching and retaining Pacific halibut must have a valid CHP onboard

during every charter vessel fishing trip. CHPs must be endorsed with the appropriate regulatory area and number of anglers.

The National Marine Fisheries Service (NMFS) implemented this program based on recommendations by the North Pacific Fishery Management Council to meet allocation objectives in the charter halibut fishery. This program provides stability in the fishery by limiting the number of charter vessels that may participate in Areas 2C and 3A and decreasing the overall number of available CHPs over time. The program goals are to increase the value of the resource, limit boats to qualified active participants in the guided sport halibut sector, and enhance economic stability in rural coastal communities.

Revision: Charter permits and appeals regarding charter permits are no longer applicable and have been removed from this collection.

Affected Public: Business or other for profit organizations; individuals or households.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: December 31, 2014
