

participating in the project, in order to satisfy these statutory requirements. OVV will not accept submission of statutes, laws or policies in lieu of such a letter.

(c) *Partnerships*—(1) *Governments and courts*. All State, local, and tribal government and court applicants are required to enter into a formal collaboration with victim service providers and, as appropriate, population specific organizations. Sexual assault, domestic violence, dating violence, or stalking victim service providers must be involved in the development and implementation of the project. In addition to the requirements of 42 U.S.C. 13925, victim service providers should meet the following criteria:

(i) Address a demonstrated need in their communities by providing services that promote the dignity and self-sufficiency of victims, improve their access to resources, and create options for victims seeking safety from perpetrator violence; and

(ii) Do not engage in or promote activities that compromise victim safety.

(2) *Coalitions and victim service providers*. All State, tribal, or territorial domestic violence or sexual assault coalition and other victim service provider applicants are required to enter into a formal collaboration with a State, Indian tribal government or unit of local government, and, as appropriate, population specific organizations.

§ 90.64 Speedy notice to victims.

(a) *In general*. A State or unit of local government shall not be entitled to 5 percent of the funds allocated under this subpart, unless the State or unit of local government certifies that it meets the requirements regarding speedy notice to victims provided in 42 U.S.C. 3796hh(d).

(b) *Units of local governments*. (1) Units of local government grantees may certify based on State or local law, policy, or regulation.

(2) In the event that a unit of local government does not have authority to prosecute “crime[s] in which by force or threat of force the perpetrator compels the victim to engage in sexual activity[.]” the unit of local government may submit a letter from an appropriate legal authority in the jurisdiction certifying that the jurisdiction does not have the authority to prosecute “crime[s] in which by force or threat of force the perpetrator compels the victim to engage in sexual activity” and that therefore the certification is not relevant to the unit of local government in question.

§ 90.65 Application content.

(a) *Format*. Applications from eligible entities must be submitted as described in the relevant program solicitation developed by the Office on Violence Against Women and must include all the information required by 42 U.S.C. 3796hh–1(a).

(b) *Certification*. Each eligible applicant must certify that all the information contained in the application is correct. All submissions will be treated as a material representation of fact upon which reliance will be placed, and any false or incomplete representation may result in suspension or termination of funding, recovery of funds provided, and civil and/or criminal sanctions.

§ 90.66 Evaluation.

(a) Recipients of Arrest Program funds must agree to cooperate with federally-sponsored research and evaluation studies of their projects at the direction of the Office on Violence Against Women.

(b) Grant funds may not be used for purposes of conducting research or evaluations. Recipients of Arrest Program funds are, however, strongly encouraged to develop a local evaluation strategy to assess the impact and effectiveness of their projects. Applicants should consider entering into partnerships with research organizations that are submitting simultaneous grant applications to the National Institute of Justice or other research funding sources for this purpose.

§ 90.67 Review of applications.

The provisions of 42 U.S.C. 3796 *et seq.* and this subpart provide the basis for review and approval or disapproval of applications and amendments in whole or in part.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 64

[WC Docket No. 13–39; FCC 14–175]

Rural Call Completion

AGENCY: Federal Communications Commission.

ACTION: Final rule; correction.

SUMMARY: The Commission published in the *Federal Register* of December 10,

2014, a document concerning an *Order on Reconsideration (Order)* affirming the Commission’s commitment to ensuring that high quality telephone service must be available to all Americans. In the *Order*, the Commission established rules to combat extensive problems with successfully completing calls to rural areas, and created a framework to improve the ability to monitor call problems and take appropriate enforcement action. In the *Order*, the Commission denies several petitions for reconsideration that, if granted, would impair the Commission’s ability to monitor, and take enforcement action against, call completion problems. The Commission does, however, grant one petition for reconsideration because the Commission finds that modifying its original determination will significantly lower providers’ compliance costs and burdens without impairing the Commission’s ability to obtain reliable and extensive information about rural call completion problems.

DATES: This rule corrects an amendment that contains new or modified information collection requirements that will not be effective until approved by the Office of Management and Budget. The Federal Communications Commission will publish a document in the *Federal Register* announcing the effective date.

In Final rule FR Doc. 2014–28936 published on December 10, 2014, (79 FR 73237), make the following correction. On page 73237, in the second column, revise amendatory instruction 2 regarding § 64.2101, and remove the “(f)” before the definition of “Long-distance voice service.”

The revision reads as follows:

■ “2. Amend § 64.2101 by removing the paragraph (f) designation for the definition of “Long-distance voice service” and revising the definition to read as follows:”
