

land use, hazardous materials/waste, noise, socioeconomic, soils, traffic and transportation, water resources, and wetland resources. There would be no significant impacts; there could be moderate impacts to soils, biological resources, and water resources.

Fort Campbell covers 105,068 acres in Kentucky and Tennessee. Fort Campbell is home to the 101st Airborne Division ((Air Assault (101ABN DIV (AASLT))), the 5th Special Forces Group, 160th Special Operations Aviation Regiment (SOAR), and other tenant units. The mission of Fort Campbell is primarily to support and train the units stationed on the installation in preparation for a variety of assigned combat and combat related missions.

The purpose of the Proposed Action is to meet Senior Commander training requirements and provide forces that train on Fort Campbell with state-of-the-art and modernized equipment. The action would also implement site-specific range modernization needs contained within the Range Complex Master Plan. The action would also serve to streamline the NEPA analysis process for routine range and training land actions occurring at Fort Campbell that are currently not covered under a previous NEPA analysis or program/plan. The Draft PEIS analyzes the potential environmental impacts of the No Action Alternative—continuing existing training missions and environmental programs, and maintaining existing environmental conditions through current operational controls. The Proposed Action Alternatives include four distinct and separate alternatives and one alternative combining two or more separate alternatives:

- Alternative 1—Site-Specific Projects in Support of Soldier Training.
- Alternative 2—Implement the Use of Adaptable Use Zones to Facilitate Future Modernization and Range Facility Construction.
- Alternative 3—Streamline Review of Routine Range and Training Land Actions.
- Alternative 4—Programmatically Evaluate the Reactivation of Installation—Controlled Airspace.
- Alternative 5—Implement Two or More Proposed Action Alternatives.

Federally recognized Indian tribes, federal, state, and local agencies, organizations, and the public are invited to be involved in the Draft PEIS comment period by participating in meetings and/or submitting written comments regarding the Draft PEIS. Written comments will be accepted within 45 days of publication of the Notice of Availability in the **Federal**
