- There has been no structured and detailed review of the licensing requirements for HELB.

On May 14, 2012, the petitioner and the licensee met with the NRC's Petition Review Board. The meeting provided the petitioner and the licensee an opportunity to provide additional information and to clarify issues cited in the petition. On November 15, 2012, the petitioner and the licensee again met with the NRC's Petition Review Board at the request of the Petition Review Board. The transcripts of these meetings were treated as supplements to the petition and are available in the ADAMS (Accession Nos. ML 12145A633 and ML 12347A354, respectively).

The NRC sent a copy of the proposed director's decision to the petitioner and the licensee for comment on June 18, 2014. The petitioner and the licensee were asked to provide comments within 30 days on any part of the proposed director's decision that was considered to be erroneous or any issues in the petition that were not addressed. The staff did not receive any comments on the proposed director's decision.

The Director of Nuclear Reactor Regulation has determined that the request, to require immediate shutdown of Braidwood Station, Units 1 and 2, and Byron Station, Units 1 and 2, until all turbine building (TB) high-energy line break (HELB) concerns were identified and those important to safety were corrected be denied. The Director of Nuclear Reactor Regulation has determined to partially grant the petition in that the licensing basis requirements for high energy line break were reviewed during the review of the application for the Braidwood/Byron measurement uncertainty recapture uprate, which was completed in the February 7, 2014 (ADAMS accession No. ML13281A000). The reasons for this decision are explained in the director's decision NRC-2012-0203 pursuant to Section 2.206 of Title 10 of the *Code of Federal Regulations* (10 CFR) of the Commission's regulations.

The NRC will file a copy of the director's decision with the Secretary of the Commission for the Commission's

review in accordance with 10 CFR 2.206. As provided by this regulation, the director's decision will constitute the final action of the Commission 25 days after the date of the decision unless the Commission, on its own motion, institutes a review of the director's decision in that time.

Dated at Rockville, Maryland, this 22nd day of December, 2014.

For the Nuclear Regulatory Commission.

William Dean,

Director, Office of Nuclear Reactor Regulation.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Evidence for Application of Overall Minimum: OMB 3220-0083.

Under section 3(f)(3) of the Railroad Retirement Act (RRA), the total monthly benefits payable to a railroad employee and his/her family are guaranteed to be no less than the amount which would be payable if the employee's railroad service had been covered by the Social Security Act. This is referred to as the Social Security Overall Minimum Guarantee, which is prescribed in 20 CFR 229. To administer this provision, the Railroad Retirement Board (RRB) requires information about a retired employee's spouse and child(ren) who would not be eligible for benefits under the RRA but would be eligible for benefits under the Social Security Act if the employee's railroad service had been covered by that Act. The RRB obtains the required information by the use of Forms G-319, Statement Regarding Family and Earnings for Special Guaranty Computation, and G-320, Student Questionnaire for Special Guaranty Computation. One response is required of each respondent. Completion is required to obtain or retain benefits. The RRB proposes non-burden impacting editorial changes to Forms G-319 and G-320.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Extension: Rule 11a1-1(T) SEC File No. 270-428, OMB Control No. 3235-0478.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information provided for in Rule 11a1-1(T) (17 CFR 240.11a1-1(T)), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

On January 27, 1976, the Commission adopted Rule 11a1-1(T)—Transactions Yielding Priority, Parity, and Precedence (17 CFR 240.11a1-1(T)) under the Securities Exchange Act of

1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”), to exempt certain transactions of exchange members for their own accounts that would otherwise be prohibited under Section 11(a) of the Exchange Act. The rule provides that a member’s proprietary order may be executed on the exchange of which the trader is a member, if, among other things: (1) The member discloses that a bid or offer for its account is for its account to any member with whom such bid or offer is placed or to whom it is communicated; (2) any such member through whom that bid or offer is communicated discloses to others participating in effecting the order that it is for the account of a member; and (3) immediately before executing the order, a member (other than a specialist in such security) presenting any order for the account of a member on the exchange clearly announces or otherwise indicates to the specialist and to other members then present that he is presenting an order for the account of a member.

Without these requirements, it would not be possible for the Commission to monitor its mandate under the Exchange Act to promote fair and orderly markets and ensure that exchange members have, as the principal purpose of their exchange memberships, the conduct of a public securities business.

There are approximately 663 respondents that require an aggregate total of 19 hours to comply with this rule. Each of these approximately 663 respondents makes an estimated 20 annual responses, for an aggregate of 13,260 responses per year. Each response takes approximately 5 seconds to complete. Thus, the total compliance burden per year is 19 hours (13,260 x 5 seconds/60 seconds per minute/60 minutes per hour = 19 hours). The approximate cost per hour is \$323, resulting in a total cost of compliance for the annual burden of \$6,137 (19 hours @ \$323).

Written comments are invited on: (a) Whether the proposed collection of

information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Pamela Dyson, Acting Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.

Dated: January 7, 2015.

Kevin M. O’Neill,
Deputy Secretary.
