DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Protocol for Access to Tissue Specimen Samples from the National Marine Mammal Tissue Bank.

OMB Control Number: 0648-0468.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 50.

Average Hours per Response: Tissue requests and tissue submission, 1 hour each; reporting on research, 2 hours.

Burden Hours: 160.

Needs and Uses: This request is for extension of a currently approved information collection.

In 1989, the National Marine Mammal Tissue Bank (NMMTB) was established by the National Marine Fisheries Service (NMFS) Office of Protected Resources (OPR) in collaboration with the National Institute of Standards and Technology (NIST), Minerals Management Service (MMS), and the US Geological Survey/Biological Resources Division (USGS/BRD). The NMMTB provides protocols, techniques, and physical facilities for the long-term storage of tissues from marine mammals. Scientists can request tissues from this repository for retrospective analyses to determine environmental

trends of contaminants and other substances of interest. The NMMTB collects, processes, and stores tissues from specific indicator species (e.g., Atlantic bottlenose dolphins, Atlantic white sided dolphins, pilot whales, harbor porpoises), animals from mass strandings, animals that have been obtained incidental to commercial fisheries, animals taken for subsistence purposes, biopsies, and animals from unusual mortality events through two projects, the Marine Mammal Health and Stranding Response Program (MMHSRP) and the Alaska Marine Mammal Tissue Archival Project (AMMTAP).

The purposes of this collection of information are: 1) to enable NOAA to allow the scientific community the opportunity to request tissue specimen samples from the NMMTB and, 2) to enable the Marine Mammal Health and Stranding Response Program (MMHSRP) of NOAA to assemble information on all specimens submitted to the Marine Environmental Specimen Bank (Marine ESB), which includes the NMMTB.

Affected Public: Not-for-profit institutions; business or other for-profit organizations; state, local and tribal governments; individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Bureau of Industry and Security

In the Matter of: Mario Obdulio Padilla, Inmate #98126-004, FCI Petersburg Low, Federal Correctional Institution, P.O. Box 1000, Petersburg, VA 23804; Order Denying Export Privileges

On December 17, 2012, in the U.S. District Court for the Southern District of Florida, Mario Obdulio Padilla ("Padilla") was convicted of violating

Section 38 of the Arms Export Control Act (22 U.S.C. 2778 (2012)). Specifically, Padilla conspired, knowingly and willfully attempted to export defense articles, that is AR-15M-16 firearm barrels, receivers, components, parts, and accessories, from the United States to Honduras without having first obtained a license or written approval from the U.S. Department of State. Padilla was sentenced 37 months of imprisonment, two years of supervised release and fined a \$200 assessment. Padilla is also listed on the U.S. Department of State Debarred List.

Section 766.25 of the Export Administration Regulations ("EAR" or "Regulations")¹ provides, in pertinent part, that "[t]he Director of the Office of Exporter Services, in consultation with the Director of the Office of Export Enforcement, may deny the export privileges of any person who has been convicted of a violation of the Export Administration Act ("EAA"), the EAR, or any order, license or authorization issued thereunder; any regulation, license, or order issued under the International Emergency Economic Powers Act (50 U.S.C. 1701-1706); 18 U.S.C. 793, 794 or 798; section 4(b) of the Internal Security Act of 1950 (50 U.S.C. 783(b)), or section 38 of the Arms Export Control Act (22 U.S.C. 2778)." 15 CFR 766.25(a); *see also* Section 11(h) of the EAA, 50 U.S.C. app. § 2410(h). The denial of export privileges under this provision may be for a period of up to 10 years from the date of the conviction. 15 CFR 766.25(d); *see also* 50 U.S.C. app. § 2410(h). In addition, Section 750.8 of the Regulations states that the Bureau of Industry and Security's Office of Exporter Services may revoke any Bureau of Industry and Security ("BIS") licenses previously issued in which the person had an interest in at the time of his conviction.

BIS has received notice of Padilla's conviction for violating AECA, and in accordance with Section 766.25 of the Regulations, BIS has provided notice and an opportunity for Padilla to make a written submission to BIS. BIS has not received a submission from Padilla.

Based upon my review and consultations with BIS's Office of

¹ The Regulations are currently codified in the Code of Federal Regulations at 15 CFR parts 730-774 (2014). The Regulations issued pursuant to the Export Administration Act (50 U.S.C. app. §§ 2401-2420 (2000)) ("EAA"). Since August 21, 2001, the EAA has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 CFR, 2001 Comp. 783 (2002)), which has been extended by successive Presidential Notices, the most recent being that of August 7, 2014 (79 FR 46959 (August 11, 2014)), has continued the Regulations in effect under IEEPA.

Export Enforcement, including its Director, and the facts available to BIS, I have decided to deny Padilla's export privileges under the Regulations for a period of 10 years from the date of Padilla's conviction. I have also decided to revoke all licenses issued pursuant to the Act or Regulations in which Padilla had an interest at the time of his conviction.

Accordingly, it is hereby *ordered*:

Take any action that facilitates the acquisition or attempted acquisition by the Denied Person of the ownership, possession, or control of any item subject to the Regulations that has been or will be exported from the United States, including financing or other support activities related to a transaction whereby the Denied Person acquires or attempts to acquire such ownership, possession or control;

C. Take any action to acquire from or to facilitate the acquisition or attempted acquisition from the Denied Person of any item subject to the Regulations that

has been exported from the United States;

For purposes of this paragraph, servicing means installation, maintenance, repair, modification or testing.

Third, after notice and opportunity for comment as provided in Section 766.23 of the Regulations, any other person, firm, corporation, or business organization related to Padilla by ownership, control, position of responsibility, affiliation, or other connection in the conduct of trade or business may also be made subject to the provisions of this Order in order to prevent evasion of this Order.

Fourth, in accordance with Part 756 of the Regulations, Padilla may file an appeal of this Order with the Under Secretary of Commerce for Industry and Security. The appeal must be filed within 45 days from the date of this Order and must comply with the provisions of Part 756 of the Regulations.
