SUPPLEMENTARY INFORMATION:

I. Abstract

StormReady and TsunamiReady are voluntary programs offered as a means of providing guidance and incentive to officials interested in improving their respective hazardous weather operations. The StormReady Application Form, Tsunami-Ready

Application Form and TsunamiReady/ StormReady Application Form are used by localities to apply for initial StormReady or TsunamiReady and StormReady recognition and renewal of that recognition every six years. The government will use the information collected to determine whether a community has met all of the criteria to receive StormReady and/or TsunamiReady recognition. In addition, businesses, schools, non-profit organizations and other nongovernmental entities often establish severe weather safety plans and actively promote severe weather safety awareness activities but may not have the resources necessary to fulfill all the eligibility requirements to achieve the full StormReady recognition. These entities may apply through the StormReady Supporter program for recognition.

II. Method of Collection

Applications may be faxed, mailed or emailed.

 $\begin{tabular}{ll} Estimated Total Annual Cost to \\ Public: $130 in record keeping/reporting \\ costs. \end{tabular}$

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or

included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: January 15, 2015.

Atlantic Highly Migratory Species; Atlantic Shark Management Measures; 2015 Research Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent; request for applications.

SUMMARY: NMFS announces its second request for applications for the 2015 shark research fishery from commercial shark fishermen with directed or incidental shark limited access permits. In this second request, NMFS is specifically requesting applications only from commercial shark fishermen who are fishing or plan to fish in the Gulf of Mexico fishing region. The shark research fishery allows for the collection of fishery-dependent and biological data for future stock assessments to meet the shark research objectives of the Agency. The only commercial vessels authorized to land sandbar sharks are those participating in the shark research fishery. Shark research fishery permittees may also land other large coastal sharks (LCS), small coastal sharks (SCS), and pelagic sharks. Commercial shark fishermen who are interested in participating in the shark research fishery need to submit a completed Shark Research Fishery Permit Application in order to be considered.

DATES: Shark Research Fishery Applications must be received no later than 5 p.m., local time, on February 5, 2015.

ADDRESSES: Please submit completed applications to the HMS Management Division at:

- *Mail:* Attn: Guý DuBeck, HMS Management Division (F/SF1), NMFS, 1315 East-West Highway, Silver Spring, MD 20910.
 - Fax: (301) 713-1917.
