NATIONAL CREDIT UNION ADMINISTRATION

Agency Information Collection Activities: Submission for Office of Management and Budget Review; Comment Request; for New Collection Involuntary Liquidation Proof of Claim Form and Instructions

AGENCY: National Credit Union Administration (NCUA).

ACTION: Request for comment.

SUMMARY: NCUA is announcing that a proposed collection of information has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995 (PRA) (Pub. L. 104-13, 44 U.S.C. Chapter 35). The purpose of this notice is to allow for 30 days of public comment. NCUA is appointed the liquidating agent of a credit union when a credit union is placed into involuntary liquidation. NCUA is required to notify creditors of the liquidated credit union that they must submit claims, together with proof, to the liquidating agent. This is a one-time requirement to which creditors will respond by submitting the proposed Proof of Claim form.

DATES: Comments will be accepted until February 23, 2015.

ADDRESSES: Interested persons are invited to submit comments to: (i) Desk Officer for the National Credit Union Administration, 3133-NEW, U.S. Office of Management and Budget, 725 17th Street NW., #10102, Washington, DC 20503, or by email to: oirasubmission@omb.eop.gov; and (ii) Jessica Khouri by mail at the National Credit Union

Administration, 1775 Duke Street, Alexandria, VA 22314-3428, by fax at Fax No. 703-837-2861, or by email to: OCIOFRA@ncua.gov.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information, a copy of the information collection request, or a copy of submitted comments should be directed to Jessica Khouri by mail at the National Credit Union Administration, 1775 Duke Street, Alexandria, VA 22314-3428, by fax at Fax No. 703-837-2861, or by email at OCIOFRA@ncua.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract and Request for Comments

Section 709.4(b) of NCUA's Rules and Regulations (12 CFR 709) requires the liquidating agent of a credit union placed into involuntary liquidation to publish a notice to creditors instructing creditors to present their claims to the liquidating agent by a specified date. Section 709.6 requires that any party wishing to submit a claim against the liquidated credit union must submit a written proof of claim. In addition, the liquidating agent may require claimants to submit supplemental evidence. The new collection of information requirement is that those creditors making a claim must document their claim and submit it to the liquidating agent by using the proposed Proof of Claim form. The liquidating agent notifies creditors of the need to submit a claim by means of a published notice or letters sent directly to creditors. Generally, one entity would have one claim against a credit union placed in liquidation. The liquidating agent would use the completed Proof of Claim form to determine a claim has been made against a liquidated credit union and evaluate the claim for payment. On occasion, the liquidating agent may require supplemental evidence from the claimant. NCUA estimates the liquidating agent will request ten percent (10%) of the claimants to furnish additional evidence to support the claim.

In the **Federal Register** of June 17, 2014 (79 FR 34555), NCUA published a 60-day notice requesting public comment on the proposed collection of information. NCUA received no comments.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

NCUA requests that you send your comments on this collection to the locations listed in the addresses section. Your comments should address: (a) The

necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.

II. Data

Title: Involuntary Liquidation Proof of Claim Form and Instructions.

OMB Number: 3133-NEW.

Form Number: None.

Type of Review: New Collection.

Description: Section 709.4(b) of the NCUA Rules and Regulations (12 CFR 709) requires the liquidating agent to publish notice to creditors, instructing creditors to present their claims to the liquidating agent by a specified date. Section 709.6 requires that creditors wishing to submit a claim against the liquidated credit union must submit a written proof of claim. Creditors would use the proposed Proof of Claim form to submit their claims. On occasion, the liquidating agent may require supplemental evidence from the claimant to support the claim.

Respondents: Creditors making a claim against a liquidated credit union.

Estimated No. of Respondents/Recordkeepers: 220.

Frequency of Response: On occasion.

Estimated Burden Hours per Response: 1 hour.

Estimated Total Annual Burden Hours: 220 hours.

Estimated Total Annual Cost: \$11,000.

By the National Credit Union Administration Board on January 14, 2015.

Gerard Poliquin,

Secretary of the Board.

NATIONAL SCIENCE FOUNDATION

Proposal Review Panel for Materials Research; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub., L. 92-463 as amended), the National Science Foundation announces the following meeting:

Name: Site visit review of the Materials Research Science and Engineering Center (MRSEC) at Yale University by the Division of Materials Research (DMR) #1203.

Dates & Times:

February 18, 2015; 7:15 p.m.–9:00 p.m.

February 19, 2015; 7:15 a.m.–8:30 p.m.

February 20, 2015; 7:15 a.m.–4:00 p.m.

Place: Yale University, New Haven, CT.

Type of Meeting: Part open.

Contact Person: Dr. Daniele Finotello, Program Director, Materials Research Science and Engineering Centers Program, Division of Materials Research, Room 1065, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230, Telephone (703) 292–4676.

Purpose of Meeting: To provide advice and recommendations concerning further support of the MRSEC at Yale University.

Agenda:

Wednesday, February 18, 2015

7:15 p.m.–9:00 p.m. Closed–Briefing of panel

Thursday, February 19, 2015

7:15 a.m.–4:30 p.m. Open–Review of the MRSEC

5:00 p.m.–6:45 p.m. Closed–Executive Session

6:45 p.m.–8:30 p.m. Open–Dinner

Friday, February 20, 2015

7:15 a.m.–9:50 a.m. Closed–Executive Session

9:50 a.m.–4:00 p.m. Closed–Executive Session, Draft and Review Report

Reason for Closing: The work being reviewed may include information of a proprietary or confidential nature, including technical information; financial data, such as salaries and personal information concerning individuals associated with the MRSEC. These matters are exempt under 5 U.S.C. 552 b(c), (4) and (6) of the Government in the Sunshine Act.

Dated: January 15, 2015.

Suzanne Plimpton,

Acting, Committee Management Officer.

BILLING CODE 7555–01–P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50–368; NRC–2015–0008]

Entergy Operations, Inc., Arkansas Nuclear One, Unit 2

AGENCY: Nuclear Regulatory Commission.

ACTION: Exemption; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing an exemption in response to a January 21, 2014, request from Entergy Operations, Inc. (Entergy or the licensee), from certain requirements to perform Type B testing (seal pressure test) of the

containment emergency escape air lock doors. This exemption would permit the licensee to perform a door seal contact verification check in lieu of the currently required seal pressure test.

DATES: January 22, 2015.

ADDRESSES: Please refer to Docket ID NRC–2015–0008 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC–2015–0008. Address questions about NRC dockets to Carol Gallagher; telephone: 301–287–3422; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced in this document (if that document is available in ADAMS) is provided the first time that a document is referenced.

- *NRC's PDR:* You may examine and purchase copies of public documents at the NRC's PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT:

Andrea George, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington DC 20555–0001; telephone: 301–415–1081, email: Andrea.George@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Entergy is the holder of renewed Facility Operating License No. NPF–6, which authorizes operation of Arkansas Nuclear One (ANO), Unit 2. The license provides, among other things, that the facility is subject to all rules, regulations, and orders of the NRC now or hereafter in effect.

The ANO facility consists of two pressurized-water reactors, Units 1 and 2, located in Pope County, Arkansas.

II. Request/Action

Pursuant to § 50.12 of Title 10 of the *Code of Federal Regulations* (10 CFR), “Specific exemptions,” by letter dated January 21, 2014 (ADAMS Accession No. ML14021A085), as supplemented by letters dated March 17 and September 24, 2014 (ADAMS Accession Nos. ML14077A139 and ML14268A317, respectively), the licensee requested an exemption from certain requirements of 10 CFR part 50, Appendix J, “Primary Reactor Containment Leakage Testing for Water-Cooled Power Reactors.” Specifically, the licensee requested an exemption from Option B, Section III.B, Type B testing (seal pressure test) of the ANO, Unit 2, containment emergency escape air lock doors. This exemption would permit the licensee to perform a door seal contact verification check in lieu of the currently required seal pressure test.

Section III.B, Option B, Appendix J, 10 CFR part 50, defines Type B tests as pneumatic tests to detect and measure local leakage rates across pressure retaining, leakage-limiting boundaries, which include containment emergency escape air lock door seals. Section III.B, Option B, Appendix J, 10 CFR part 50, also states that these boundaries, such as containment emergency escape air locks, must be pneumatically tested (1) prior to initial criticality, and (2) periodically thereafter at intervals based on the safety significance and historical performance of each boundary and isolation valve to ensure the integrity of the overall containment system as a barrier to fission product release.

The licensee stated that the exemption request is necessary due to the design characteristics of the ANO, Unit 2, containment emergency escape air lock doors, in that the door sealing capability relies, in part, on rising containment pressure to provide sufficient closing force to produce an effective seal. In order to perform between-the-seals testing for the doors in the absence of containment pressure, a strongback must be installed to simulate this sealing force.

III. Discussion

Pursuant to 10 CFR 50.12, the Commission may, upon application by any interested person or upon its own initiative, grant exemptions from the requirements of 10 CFR part 50 when: (1) The exemptions are authorized by law, will not present an undue risk to public health or safety, and are consistent with the common defense and security; and (2) when special circumstances are present. Under 10 CFR 50.12(a)(2)(ii), special
