

6. Present the findings from the additional tasks at the Transport Airplane and Engine Subcommittee meeting.

7. Present the findings in response to the FAA's questions or concerns about the recommendation report at the Transport Airplane and Engine Subcommittee meeting.

Participation in the Working Group

The Transport Airplane Metallic and Composite Structures Working Group will be comprised of technical experts having an interest in the assigned task. A working group member need not be a member representative of the ARAC. The FAA would like a wide range of members to ensure all aspects of the tasks are considered in development of the recommendations. The provisions of the August 13, 2014, Office of Management and Budget guidance, "Revised Guidance on Appointment of Lobbyists to Federal Advisory Committees, Boards, and Commissions" (79 FR 47482), continues the ban on registered lobbyists participating on Agency Boards and Commissions if participating in their "individual capacity." The revised guidance now allows registered lobbyists to participate on Agency Boards and Commissions in a "representative capacity" for the "express purpose of providing a committee with the views of a nongovernmental entity, a recognizable group of persons or nongovernmental entities (an industry, sector, labor unions, or environmental groups, etc.) or state or local government." (For further information see Lobbying Disclosure Act of 1995 (LDA) as amended, 2 U.S.C 1603, 1604, and 1605.)

If you wish to become a member of the Transport Airplane Metallic and Composite Structures Working Group, write the person listed under the caption **FOR FURTHER INFORMATION CONTACT** expressing that desire. Describe your interest in the task and state the expertise you would bring to the working group. The FAA must receive all requests by February 25, 2015. The ARAC and the FAA will review the requests and advise you whether or not your request is approved.

If you are chosen for membership on the working group, you must actively participate in the working group by attending all meetings, and providing written comments when requested to do so. You must devote the resources necessary to support the working group in meeting any assigned deadlines. You must keep your management chain and those you may represent advised of working group activities and decisions

to ensure the proposed technical solutions do not conflict with the position of those you represent. Once the working group has begun deliberations, members will not be added or substituted without the approval of the Transport Airplane and Engine Subcommittee Chair, the FAA, including the Designated Federal Officer, and the Working Group Chair.

The Secretary of Transportation determined the formation and use of the ARAC is necessary and in the public interest in connection with the performance of duties imposed on the FAA by law.

ARAC meetings are open to the public. However, meetings of the Transport Airplane Metallic and Composite Structures Working Group are not open to the public, except to the extent individuals with an interest and expertise are selected to participate. The FAA will make no public announcement of working group meetings.

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2015-0001]

Establishment of an Emergency Relief Docket for Calendar Year 2015

AGENCY: Federal Railroad Administration (FRA), U.S. Department of Transportation (DOT).

ACTION: Notice of establishment of public docket.

SUMMARY: This Notice announces the establishment of FRA's Emergency Relief Docket (ERD) for calendar year 2015. The designated ERD for calendar year 2015 is Docket Number FRA-2015-0001.

ADDRESSES: See **SUPPLEMENTARY INFORMATION** section for further information regarding submitting petitions and/or comments to Docket Number FRA-2015-0001.

SUPPLEMENTARY INFORMATION: On May 19, 2009, FRA published a direct final rule addressing the establishment of ERDs and the procedures for handling petitions for emergency waivers of safety rules, regulations, or standards during an emergency situation or event. 74 FR 23329. That direct final rule

became effective on July 20, 2009, and made minor modifications to Title 49 Code of Federal Regulations (CFR) 211.45 in FRA's Rules of Practice published at 49 CFR part 211. Paragraph (b) of 49 CFR 211.45 provides that each calendar year, FRA will establish an ERD in the publicly accessible DOT docket system (available on the internet at <http://www.regulations.gov>). Paragraph (b) of 49 CFR 211.45 further provides that FRA will publish a notice in the **Federal Register** identifying by docket number the ERD for that year. As noted in the rule, FRA's purpose for establishing the ERD and emergency waiver procedures is to provide an expedited process for FRA to address the needs of the public and the railroad industry during emergency situations or events. This Notice announces that the designated ERD for calendar year 2015 is Docket Number FRA-2015-0001.

As detailed in 49 CFR 211.45, if the FRA Administrator determines that an emergency event as defined in 49 CFR 211.45(a) has occurred, or that an imminent threat of such an emergency occurring exists, and public safety would benefit from providing the railroad industry with operational relief, the emergency waiver procedures of 49 CFR 211.45 will go into effect. In such an event, the FRA Administrator will issue a statement in the ERD indicating that the emergency waiver procedures are in effect and FRA will make every effort to post the statement on its Web site at <http://www.fra.dot.gov/>. Any party desiring relief from FRA regulatory requirements as a result of the emergency situation should submit a petition for emergency waiver in accordance with 49 CFR 211.45(e) and (f). Specific instructions for filing petitions for emergency waivers in accordance with 49 CFR 211.45 are found at 49 CFR 211.45(f). Specific instructions for filing comments in response to petitions for emergency waivers are found at 49 CFR 211.45(h).

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2012-0079]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated October 22, 2014, the Long Island Rail Road Company (LIRR) has petitioned the Federal Railroad Administration (FRA) for an extension of its waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 228.405(a)(3). FRA assigned the petition Docket Number FRA-2012-0079.

In its petition, LIRR seeks a waiver allowing the series of at most 14 consecutive calendar days to reset after a general pick, or a large timetable revision. A general pick, as described by LIRR, is a biannual event allowing train employees to bid on jobs, with jobs being awarded based on an employee's seniority. FRA's current policy only allows a maximum series of at most 14 consecutive calendar days (to reset at the end of the 14th day), or when an employee does not initiate an on-duty period for any 2 calendar days within the 14 consecutive calendar-day series.

In support of its initial request, LIRR explained that after the first general pick, about 20 employees were required to take 1 or 2 workdays off to avoid violating Federal requirements. As a result, employees suffered financially, and employee availability was reduced, disrupting LIRR's ability to provide timely and efficient service for its customers. LIRR argues that allowing the 14 consecutive calendar-day series to reset after a general pick, or a large timetable revision, will prevent any future employee financial losses and disruptions in LIRR's ability to provide optimum service to its customers. LIRR noted that there have been no material changes in circumstances since the original waiver was granted. Furthermore, LIRR states that its train employees continue to indicate support for the waiver.

A copy of the petition, as well as any written communications concerning the

petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue, SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- Web site: <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- Fax: 202-493-2251.
- Mail: Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590.
- Hand Delivery: 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by March 12, 2015 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.).
