SUPPLEMENTARY INFORMATION:

I. Abstract

In 2013, the Secretary of the Interior and the Secretary of Education convened an American Indian Education Study Group to diagnose the systemic challenges facing the Bureau of Indian Education (BIE) and to propose a comprehensive plan for reform to ensure that all students attending BIE-funded schools receive a world-class education.

The Study Group drafted a framework for reform based on several listening sessions last fall with tribal leaders, Indian educators and others throughout Indian Country on how to facilitate tribal sovereignty in American Indian education and how to improve educational outcomes for students at BIE-funded schools. The Study Group incorporated feedback it received from tribal leaders and other BIE stakeholders into the final “Blueprint for Reform,” released on June 13, 2014.

Acting on the recommendations in the *Blueprint*, BIE will award competitive grants to tribes and their tribal education agencies to promote tribal control and operation of BIE-funded schools on their Indian reservations. The purpose of the grants is to support the tribe’s capacity to manage and operate tribally controlled schools as defined in the Tribally Controlled
