

**ADDRESSES:** You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Federal Docket Management System Office, 4800 Mark Center Drive, East Tower, Suite 02G09, Alexandria, VA 22350–3100.

*Instructions:* All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information. Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

**FOR FURTHER INFORMATION CONTACT:** To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Deputy Assistant Secretary of Defense, Military Community and Family Policy, ATTN: Casualty Affairs, 4000 Defense Pentagon, Washington, DC 20301–4000.

**SUPPLEMENTARY INFORMATION:**

*Title; Associated Form; and OMB Number:* Statement of Disposition of Military Remains, DD Form X634; Disposition of Remains Election Statement Initial Notification of Identified Partial Remains, DD Form X635; Disposition of Remains Election Statement Notification of Subsequently Identified Partial Remains, DD Form X3636; Disposition of Organs Retained for Extended Examination, DD Form X637; Advanced Restorative Art of Remains, DD Form X638; Election for Air Transportation of Remains of Casualties Dying in a Theater of Combat Operations, DD Form X639; OMB Control Number 0704–XXXX.

*Needs and Uses:* The information collection requirement is necessary to obtain the election (as applicable) of the Person Authorized to Direct Disposition (PADD) of the remains of the decedent. These forms were directed by the Secretary of Defense for transparency and standardization of the mortuary procedures as part of the Final Report of the Dover Port Mortuary Independent

Review Subcommittee Implementation Plan and 180-day study. The applicable form(s) is included in the individual case file of the decedent.

*Affected Public:* Business or other for profit; Person Authorized to Direct Disposition (PADD); family members of the deceased.

*Annual Burden Hours:* 15.  
*Number of Respondents:* 60.  
*Responses per Respondent:* 1.  
*Average Burden per Response:* 15 minutes.

*Frequency:* On occasion.  
The respondents are the PADD of the decedent for whom mortuary services as described on the applicable form (DD Form X634; DD Form X635; DD Form X636; DD Form X637; DD Form X638; or DD Form X639) is recommended or required, and the witness to that election. The PADD documents their election, and the PADD and witness sign the applicable form to formalize this process and document the election of the PADD. These forms become a part of the Official Individual Deceased Personnel File. If the PADD does not sign these forms, then the Department cannot provide mortuary and transportation services to the PADD. Currently there is a lack of standardization across the Military Services, as each Service currently utilizes different forms for these elections and they do not all capture the same information even on similar forms. Standardizing the information collected is essential in maintaining the transparency and integrity of the mortuary affairs process.

**Notice of Availability (NOA) of a Finding of No Significant Impact (FONSI) for the Environmental Assessment (EA) Addressing Construction and Operation of a General Purpose Warehouse and Improvement and Operation of Four Open Storage Areas at Defense Depot Red River, Texas**

**AGENCY:** Defense Logistics Agency, Department of Defense.

**ACTION:** Notice of Availability (NOA) of a Finding of No Significant Impact (FONSI) for the Environmental Assessment (EA) Addressing

Construction and Operation of a General Purpose Warehouse and Improvement and Operation of Four Open Storage Areas at Defense Depot Red River, Texas.

**SUMMARY:** The Defense Logistics Agency (DLA) announces the availability of a FONSI for the proposed action to construct and operate a general purpose warehouse and improve and operate four existing, unimproved open storage areas at Defense Depot Red River, Texas Depot to provide appropriate storage for vehicles, parts, and other materiel. This action is needed because DLA Distribution Red River does not have sufficient warehousing and open storage space, which leads to the degradation of supplies and safety concerns for staff. The environmental assessment was prepared in accordance with the National Environmental Policy Act (NEPA), (1969), the Council on Environmental Quality regulations, Army Regulation AR 200–2, and DLA Regulation 1000.22. The Draft EA and Draft FONSI were made available for a 30-day public review period, which ended on September 22, 2014. The Draft EA and Draft FONSI also were sent to the Texas Parks and Wildlife Department (TPWD) for review under the Wildlife Habitat Assessment Program. No comments were received from the public during the 30-day review period. The TPWD commented that they do not anticipate significant, adverse impacts on threatened and endangered species or other fish and wildlife resources and concur that an Environmental Impact Statement is not warranted for the Proposed Action. The TPWD recommended removing only the minimum amount of vegetation necessary to construct the proposed GPW and associated infrastructure. The FONSI documents the decision of DLA to proceed with the proposed action.

**SUPPLEMENTARY INFORMATION:**

*Determination:* DLA has determined that implementation of the Proposed Action will not have a significant effect on the human environment. Human environment was interpreted comprehensively to include the natural and physical environment and the relationship of people with that environment. Specifically, no highly uncertain or controversial impacts, unique or unknown risks, or cumulatively significant effects were

identified. Implementation of the Proposed Action will not violate any Federal, state, or local laws. Based on the results of the analyses performed during preparation of the EA, David Rodriguez, Director, DLA Installation Support, concludes that Construction and Operation of a General Purpose Warehouse and Improvement and Operation of Four Open Storage Areas at Defense Depot Red River, Texas, does not constitute a major Federal action significantly affecting the quality of the human environment within the context of NEPA. Therefore, an environmental impact statement for the Proposed Action is not required.
