SUPPLEMENTARY INFORMATION:

Background

On April 20, 2011, the Department published its *Final Results* in which it assigned Koehler a weighted-average dumping margin of 3.77 percent.³ At the CIT, Koehler challenged the Department's determination to deny Koehler's claimed adjustment for certain home market rebates in the *Final Results*.⁴ Upon review, the CIT remanded the *Final Results*, holding that the Department's decision to disallow an adjustment to Koehler's normal value for its monthly home market rebates (monatsbonus) was unsupported by law because the governing regulations⁵ did not give the Department the discretion not to allow for such an adjustment.⁶ On remand, the Department reconsidered its findings and determined, under protest, that the court's interpretation of the relevant regulations resulted in no alternative but to alter the *Final Results* by granting the home market rebate price adjustment claimed by Koehler.⁷ The resulting recalculated rate for Koehler is 0.03 percent, which is *de minimis*.⁸ On December 31, 2014, the CIT entered final judgment affirming the *Remand Redetermination*.⁹

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (the Act), the Department must publish a notice of a court decision that is not "in harmony" with a Department determination and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's December 31, 2014 judgment affirming the Department's *Remand Redetermination* with respect to Koehler constitutes a final decision of the Court that is not in harmony with the Department's *Final Results*. This notice is published in fulfillment of the publication requirements of *Timken*.

Amended Final Results

Because there is now a final court decision, we are amending the *Final Results* with respect to Koehler's margin for the period November 20, 2008, through October 31, 2009. The revised weighted-average dumping margin is as follows:

Manufacturer/exporter	Weighted-average margin (percent)
Papierfabrik August Koehler AG.	0.03 (<i>de minimis</i> .)

Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal, or, if appealed, pending a final and conclusive court decision. In the event the CIT's final judgment is not appealed, or if appealed, upheld by the CAFC, the Department will instruct U.S. Customs and Border Protection to liquidate unliquidated entries of the subject merchandise exported by Koehler during the POR without regard to duties because Koehler's revised rate, as determined in the *Remand Redetermination*, is *de minimis*.¹⁰

Cash Deposit Requirements

Since the *Final Results*, the Department has established a new cash deposit rate for Koehler. Therefore, Koehler's cash deposit rate does not need to be updated as a result of these amended final results. The cash deposit rate for Koehler will remain the company-specific rate established for the most recent period during which the respondent was reviewed, which is 0.00 percent.¹¹

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Final Results of the Antidumping Duty Administrative Review and Final Results of the New Shipper Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 23, 2014, the Department of Commerce (the Department) published the preliminary results and partial rescission of the 26th administrative review and the preliminary results of one new shipper review (NSR) of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished (TRBs), from the People's Republic of China (PRC).¹ The period of review (POR) is June 1, 2012, through May 31, 2013. Based on our analysis of the comments received, we have made certain changes in the margin calculations. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled "Final Results of the Reviews."

DATES: *Effective Date:* January 27, 2015.

FOR FURTHER INFORMATION CONTACT: Blaine Wiltse or Steve Bailey, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6345 or (202) 482-0193, respectively.

¹ See *Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Preliminary Results and Partial Rescission of the Antidumping Duty Administrative Review and Preliminary Results of the New Shipper Review; 2012-2013*, 79 FR 42758 (July 23, 2014) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

Background

These final results of administrative review cover two exporters² of the subject merchandise, of which the Department selected Changshan Peer Bearing Co. Ltd. (CPZ/SKF) as a mandatory respondent for individual examination. The respondent which was not selected for individual examination, Zhejiang Zhaofeng Mechanical and Electronic Co., Ltd. (Zhaofeng), is listed in the "Final Results of the Reviews" section of this notice. The NSR covers entries produced and exported by Shanghai Tainai Bearing Co., Ltd. (Tainai).

On July 23, 2014, the Department published the *Preliminary Results*. In August 2014, we received case and rebuttal briefs from the Timken Company (the petitioner) and CPZ/SKF. In August 2014, we also received a rebuttal brief from Tainai. In September 2014, the Department held a public hearing at the request of the petitioner. On October 27, 2014, the Department extended the final results in these reviews to no later than January 20, 2015.³

The Department has conducted these reviews in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by the Order⁴ includes tapered roller bearings tapered roller bearings and parts thereof, finished and unfinished, from the PRC; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use. These products are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) item numbers 8482.20.00, 8482.91.00.50, 8482.99.15, 8482.99.45,

8483.20.40, 8483.20.80, 8483.30.80, 8483.90.20, 8483.90.30, 8483.90.80, 8708.70.6060, 8708.99.2300, 8708.99.4850, 8708.99.6890, 8708.99.8115, and 8708.99.8180. Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the scope of the Order is dispositive.⁵

Separate Rates

In the *Preliminary Results*, we found that evidence provided by CPZ/SKF, Tainai, and Zhaofeng supported finding an absence of both *de jure* and *de facto* government control, and, therefore, we preliminarily granted a separate rate to each of these companies.⁶ We have received no information since the issuance of the *Preliminary Results* that provides a basis for reconsidering these determinations. Therefore, for the final results, we continue to find that CPZ/SKF, Tainai, and Zhaofeng are eligible for a separate rate.

Weighted-Average Dumping Margin for the Non-Examined, Separate-Rate Company

For the exporters subject to a review that are determined to be eligible for a separate rate, but are not selected as individually examined respondents, the Department generally weight averages the rates calculated for the individually examined respondents, excluding any rates that are zero, *de minimis*, or based entirely on facts available.⁷ In this administrative review, the only individually-examined company is CPZ/SKF, which has a rate that is not zero, *de minimis*, or based entirely on facts available. Accordingly, consistent with the Department's practice,⁸ we have determined that the weighted-average dumping margin to be assigned to the separate rate respondent not individually examined (*i.e.*, Zhaofeng) should be the weighted-average

dumping margin calculated for the mandatory respondent, CPZ/SKF.

Analysis of Comments Received

All issues which have been raised in the case briefs by parties to this administrative review and this NSR are addressed in the Issues and Decision Memo. A list of the issues which parties raised and to which we respond in the Issues and Decision Memo is attached to this notice as an Appendix. The Issues and Decision Memo is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).⁹ ACCESS is available to registered users at <https://access.trade.gov>, and it is available to all parties in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memo can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memo and the electronic version of the Issues and Decision Memo are identical in content.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we made changes in the margin calculations for CPZ/SKF and Tainai. These changes are discussed in the relevant sections of the Issues and Decision Memo and company-specific analysis memoranda, as appropriate.

Period of Review

The POR is June 1, 2012, through May 31, 2013.

Final Results of the Reviews

Regarding the administrative review, we are assigning the following weighted-average dumping margins to the firms listed below for the period June 1, 2012, through May 31, 2013:

* This company demonstrated eligibility for a separate rate in this administrative review. As discussed above, the rate for this company is the calculated weighted-average dumping margin for CPZ/SKF.

Regarding the NSR, we are assigning the following weighted-average dumping margin to the exporter/producer combination listed below for the period June 1, 2012, through May 31, 2013:

Exporter	Producer	Weighted-average dumping margin (percent)
Shanghai Tainai Bearing Co., Ltd	Shanghai Tainai Bearing Co., Ltd	0.00

Disclosure

We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), the Department has determined, and Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise, where applicable, in accordance with the final results of these reviews. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of reviews.

For each individually-examined respondent (either the exporter or producer and exporter combination specified above) whose weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent), we calculated importer-specific assessment rates for entries subject to these reviews. For entries of subject merchandise exported by CPZ/SKF and for entries of subject merchandise produced and exported by Tainai, we calculated an *ad valorem* rate for each importer by dividing the total amount of dumping calculated for the importer's examined sales by the total entered values associated with those sales, in accordance with 19 CFR 351.212(b)(1). For duty assessment rates calculated on this basis, we will direct CBP to assess the resulting *ad valorem* rate against the entered customs values for the subject merchandise. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is not zero or *de minimis*. Where either the respondent's weighted-average dumping margin is

zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.¹⁰ For Zhaofeng, the *ad valorem* assessment rate will be equal to the weighted-average dumping margin assigned above in the final results of review.

On October 24, 2011, the Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by the company individually examined during this review, the Department will instruct CBP to liquidate such entries at the rate applicable to the PRC-wide entity (i.e., 92.84 percent).¹¹

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is *de minimis*, then a cash deposit rate of zero will be established for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that currently have separate a rate, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this

proceeding where the exporter received that separate rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity, 92.84 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter.

With respect to the NSR, consistent with the Department's practice,¹² the Department has established a producer/exporter combination cash deposit rate for Tainai as follows: (1) For subject merchandise exported and produced by Tainai, the cash deposit rate will be equal to the weighted-average dumping margin for Tainai in the final results of this review; (2) for subject merchandise exported by Tainai but not produced by Tainai, the cash deposit rate will be the rate for the PRC-wide entity, 92.84 percent; (3) for subject merchandise produced by Tainai but not exported by Tainai, the cash deposit rate will be the rate applicable to that exporter.

These deposit requirements, when imposed, shall remain in effect until further notice.

Notifications to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the

Drawn Stainless Steel Sinks From the People's Republic of China: Final Rescission of Antidumping Duty New Shipper Review; 2012-2013

AGENCY: Enforcement of Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On September 30, 2014, the Department of Commerce ("Department") published its preliminary intent to rescind the new shipper review ("NSR") of the antidumping duty order on drawn stainless steel sinks ("drawn sinks") from the People's Republic of China

("PRC") covering the period of review ("POR") of October 4, 2012 through October 14, 2013 for Hubei Foshan Success Imp. & Exp. Co. Ltd. ("Foshan Success").¹ Based on our analysis of comments received subsequent to the *Preliminary Rescission*, the Department continues to find that Foshan Success' sale was not *bona fide*. As a result, the Department is rescinding this NSR.

DATES: *Effective Date:* January 27, 2015.

SUPPLEMENTARY INFORMATION:

Background

On September 30, 2014, the Department published the *Preliminary Rescission*. On October 22, 2014, Foshan Success submitted a case brief. On November 4, 2014, Petitioner² submitted a rebuttal brief. On December 12, 2014, the Department extended the time period for issuing the final results by 30 days until January 21, 2015.³

Scope of the Order

The products covered by the scope of the order are drawn stainless steel sinks with single or multiple drawn bowls, with or without drain boards, whether finished or unfinished, regardless of type of finish, gauge, or grade of stainless steel. The products covered by this order are currently classified in the Harmonized Tariff Schedule of the United States ("HTSUS") under statistical reporting numbers 7324.10.0000 and 7324.10.00.10. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.⁴

Final Rescission of New Shipper Review

As we explain in the Issues and Decision Memorandum and in the proprietary Foshan Success *Bona Fides* Memorandum⁵ issued with the *Preliminary Rescission*, due to the totality of circumstances, including the price and quantity of Foshan Success' single sale and the importer's failure to provide evidence that the subject merchandise was resold at a profit, we continue to find that Foshan Success' sale is not *bona fide*. As a result, we are rescinding the new shipper review of Foshan Success.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum, which is dated concurrently and is hereby adopted by this notice. A list of the issues raised in the briefs and addressed in the Issues and Decision Memorandum is appended to this notice.
