Final Rescission of New Shipper Review

As we explain in the Issues and Decision Memorandum and in the proprietary Foshan Success *Bona Fides* Memorandum⁵ issued with the *Preliminary Rescission*, due to the totality of circumstances, including the price and quantity of Foshan Success' single sale and the importer's failure to provide evidence that the subject merchandise was resold at a profit, we continue to find that Foshan Success' sale is not *bona fide*. As a result, we are rescinding the new shipper review of Foshan Success.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum, which is dated concurrently and is hereby adopted by this notice. Although the HTSUS item numbers above are provided for convenience and customs purposes, the written description of the scope of the orders remains dispositive.

The size or precision grade of a bearing does not influence whether the bearing is covered by one of the orders. The orders cover all the subject bearings and parts thereof (inner race, outer race, cage, rollers, balls, seals, shields, *etc.*) outlined above with certain limitations. With regard to finished parts, all such parts are included in the scope of the orders. For unfinished parts, such parts are included if they have been heat-treated or if heat treatment is not required to be performed on the part. Thus, the only unfinished parts that are not covered by the orders are those that will be subject to heat treatment after importation. The ultimate application of a bearing also does not influence whether the bearing is covered by the orders. Bearings designed for highly specialized applications are not excluded. Any of the subject bearings, regardless of whether they may ultimately be utilized in aircraft, automobiles, or other equipment, are within the scope of the orders.
