

executing on BOX, such increase will represent a large percentage increase for BOX but it will represent a minimal reduction in volume of its larger competitors in the industry. The Exchange believes that the Program will help further competition, because market participants will have yet another additional option in determining where to execute orders and post liquidity if they factor the benefits of the Program and BOX equity participation into the determination.

Finally, the Program will increase the diversity of ownership of Holdings such that no one entity will have a majority ownership of Holdings. Upon the issuance of Class C Units to Subscribers, the ownership of Holdings will be distributed among more holders. If there is full participation in the Program, then the ownership of Holdings by current Unitholders will be diluted and no single Unitholder will have a majority ownership of Holdings.

SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of intent to waive the Nonmanufacturer Rule for Scientific Vacuum Pumps.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a class waiver of the Nonmanufacturer Rule for Scientific Vacuum Pumps. On October 1, 2014, SBA received a request that a class waiver be granted for scientific vacuum pumps under the North American Industry Classification System (NAICS) code 333911 (Pump and Pumping Equipment Manufacturing), Product Service Code (PSC) 4310 (Compressors and Vacuum Pumps). According to the request, no small business manufacturers supply this class of products to the Federal government. Thus, SBA is seeking information on whether there are small business scientific vacuum pump manufacturers. If granted, the waiver would allow otherwise qualified small businesses to supply the products of any manufacturer on a Federal contract set aside for small businesses, Service-Disabled Veteran-Owned (SDVO) small businesses, Women-Owned small businesses (WOSB), Economically Disadvantaged Women-Owned small businesses (EDWOSB), or Participants in the SBA's 8(a) Business Development (BD) program.

DATES: Comments and source information must be submitted February 12, 2015.

ADDRESSES: You may submit comments and source information to Amy Garcia, Procurement Analyst, Small Business Administration, Office of Government Contracting, 409 3rd Street SW., Suite 8800, Washington, DC 20416; or by way of email to the Nonmanufacturer Rule Waiver program office at NonMfgRuleWaiverReqsts@sba.gov. Email communications should contain "Class Waiver—Scientific Vacuum Pumps" in the subject line.

FOR FURTHER INFORMATION CONTACT: Ms. Amy Garcia, Procurement Analyst, by telephone at (202) 205-6842; by FAX at (202) 481-1630; or by way of email to the Nonmanufacturer Rule Waiver program office at NonMfgRuleWaiverReqsts@sba.gov.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) and 46 of the Small Business Act (Act), 15 U.S.C. 637(a)(17) and 657s, and SBA's implementing regulations require that recipients of Federal supply contracts set aside for small businesses, SDVO small businesses, WOSBs, EDWOSBs, or Participants in the SBA's 8(a) BD Program provide the product of a small business manufacturer or processor, if the recipient is other than

⁴² 17 CFR 200.30-3(a)(12).

the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. 13 CFR 121.406(b), 125.15(c). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors available to participate in the Federal market.

In order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. 13 CFR 121.1202(c). The SBA defines "class of products" based on the Office of Management and Budget's NAICS.

The SBA is currently processing a request to waive the Nonmanufacturer Rule for Scientific Vacuum Pumps, under NAICS code 333911 (Pump and Pumping Equipment Manufacturing), PSC 4310 (Compressors and Vacuum Pumps). The public is invited to comment or provide source information to SBA on the proposed waiver of the Nonmanufacturer Rule for the product within 15 days after date of publication in the **Federal Register** and on FedBizOpps.gov. More information about the Nonmanufacturer Rule and Class Waivers may be found on SBA's Web site at <https://www.sba.gov/category/navigation-structure/contracting/contracting-officials/non-manufacturer-waivers>.

Dated: January 21, 2015.

Director, Office of Government Contracting.

Abstract of proposed collection:

The information collected from individuals and organizations is specifically used to conduct screening to ensure that State funded activities do not provide support to entities or individuals deemed to be a risk to national security.

Methodology:

The State Department has implemented a Risk Analysis and Management Program to vet potential contractors and grantees seeking funding from the Department of State to mitigate the risk that such funds might benefit entities or individuals who present a national security risk. To conduct this vetting program the Department collects information from contractors, sub-contractors, grantees and sub-grantees regarding their directors, officers and/or key employees through mail, fax or electronic submission. The information collected is compared to information gathered from commercial, public, and U.S. government databases to determine the risk that the applying organization, entity or individual might use Department funds or programs in a way that presents a threat to national security. This program will continue as a pilot program as directed by Congress in the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2015 (Div. J, Pub. L. 113-235).
