

initiate another 30-day scoping process, which guides the development of the EIS. It is important that reviewers provide their comments at such times and in such a manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions. If reviewers commented during one or both of the previous scoping and NOI periods, and your comments are the same, you do not need to comment again; your previous comments will be considered during the preparation of the environmental impact statement and you will be eligible to file an objection under the 36 CFR part 218 regulations.

Specific written comments are defined as comments ". . . within the scope of the proposed action, have a direct relationship to the proposed action, and must include supporting reasons for the responsible official to consider." (36 CFR 218.2). Submission of timely, specific written comments is a prerequisite for eligibility to file an objection under the 36 CFR part 218 regulations.

Comment Requested

This project will follow the new objection procedures as directed by 36 CFR part 218. The objection process provides an opportunity for members of the public who have participated in opportunities for public participation provided throughout the planning process to have any unresolved concerns receive an independent review by the Forest Service prior to a final decision being made by the responsible official. Only those who provided specific written comments during opportunities for public comment are eligible to file an objection.

Comments received in response to this solicitation, including the names and addresses of those who comment, are part of the public record on this proposed action. Comments submitted anonymously will be accepted and considered, however anonymous comments will not provide the Agency with the ability to provide the respondent with subsequent environmental documents.

Authority: 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21.

Dated: January 26, 2015.

Kevin B. Elliott,
Forest Supervisor.

BILLING CODE 3410-11-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Annual Wholesale Trade Survey.

OMB Control Number: 0607-0195.

Form Number(s): SA-42, SA-42A, SA-42(MSBO), SA-42A(MSBO), SA-42(AGBR), SA-42A(AGBR).

Type of Request: Reinstatement, with change, of an expired collection.

Number of Respondents: 7,210.

Average Hours per Response: 30 minutes.

Burden Hours: 3,663.

Needs and Uses: The Annual Wholesale Trade Survey (AWTS) covers employer firms with establishments located in the United States and classified in wholesale trade as defined by the North American Industry Classification System (NAICS). This sector comprises two main types of wholesalers: (1) Merchant wholesalers that sell goods on their own account (including sales offices and sales branches, except retail stores, maintained by manufacturing, refining, or mining enterprises apart from their plants or mines for the purpose of marketing their products) and (2) electronic markets, agents, and brokers that arrange sales for purchases for others generally for a commission or fees.

Respondents are separated into three classifications: (1) Merchant wholesale establishments, excluding manufacturers' sales branches and offices; (2) manufacturers' sales branches and offices; and (3) agents, brokers, and business-to-business electronic markets. The survey requests firms to provide annual sales, annual e-commerce sales, year-end inventories held inside or outside of the United States, method of inventory valuation, total operating expenses, purchases, and, for selected industries, commissions, and sales on their own account. These data are collected to provide a sound statistical basis for the formation of policy by various government agencies, as well as to serve as a benchmark for the estimates compiled from the Monthly Wholesale Trade Survey [OMB No. 0607-0190]. Results will be available, at the United States summary level, for selected

wholesale trade, and/or manufacturer's sales branches and offices and agents, brokers, representatives and electronic markets, industries approximately fifteen months after the end of the reference year.

Every 5 years, AWTS requests data on detailed operating expenses. During the next three years, detailed operating expenses will not be collected. The last time AWTS collected detailed operating expenses was in 2013 for the 2012 survey year. The plan is to reinstate these questions in 2018 as part of the 2017 AWTS data collection. Estimates are published based on NAICS, which has been widely adopted throughout both the public and private sectors.

The Bureau of Economic Analysis (BEA) uses the data to estimate the change in private inventories component of gross domestic product (GDP) and output in both the benchmark and annual input-output (I-O) accounts and GDP by industry. Data on sales taxes, which are collected on this survey quinquennially, are also used to prepare estimates of GDP by industry and to derive industry output for the I-O accounts. Data on detailed operating expenses, which will now be collected on this survey quinquennially, are used to produce national estimates of value added, gross output, and intermediate inputs and serve as a benchmark for the annual industry accounts, which provide the control totals for the GDP-by-state accounts.

The Bureau of Labor Statistics uses the data as input to its Producer Price Indexes and in developing productivity measurements. Private businesses use the estimates in computing business activity indexes.

Other government agencies and businesses use the data to satisfy a variety of public and business needs such as economic market analysis, company performance, and forecasting future demands.

In an effort to migrate our economic program toward online reporting and reduce paper usage, the AWTS encourages respondents to use the option of returning their data via the Census Bureau's online reporting system (Centurion). The Centurion system is designed to be secure and flexible for users. It allows respondents to complete and file in one session or to save and return over multiple sessions.

For the first time during the 2013 processing year, our initial mailing contained a letter and flyer that provided instructions on how to report data and receive help online, and did not include a paper questionnaire.

Affected Public: Business or other for-profit.

Frequency: Annually.
Respondent's Obligation: Mandatory.
Legal Authority: Title 13, United States Code, Sections 182, 224, and 225.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: January 27, 2015.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Economic Analysis (BEA), Commerce.

Title: Quarterly Survey of Payment Card and Bank Card Transactions Related to International Travel.

OMB Control Number: 0608-0072.

Form Number: BE-150.

Type of Request: Regular submission.
Number of Responses: 24 annually (6 filed each quarter).

Average Hours per Response: 16 hours is the average, but may vary considerably among respondents because of differences in company size and complexity.

Estimated Total Annual Burden Hours: 384.

Needs and Uses: The Quarterly Survey of Payment Card and Bank Card Transactions Related to International Travel (BE-150) is a survey that collects data on the credit, debit, charge, automated teller machine (ATM), and point of sale transactions of U.S. persons traveling abroad and foreign persons traveling in the United States. The information collected on this survey will be used to formulate U.S. international economic policy and analyze the impact of that policy, and the policies of foreign countries, on international trade in services. The data are also used in estimating the travel component of the U.S. international

transactions accounts (ITAs) and national income and product accounts (NIPAs).

Affected Public: Businesses or other for-profit organizations.

Frequency: Quarterly.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: January 27, 2015.

International Trade Administration

[C-570-009]

Calcium Hypochlorite From the People's Republic of China: Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC"), the Department is issuing a countervailing duty order on calcium hypochlorite from the People's Republic of China ("PRC").

DATES: *Effective Date:* January 30, 2015.

FOR FURTHER INFORMATION CONTACT: Katie Marksberry, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-7906.

SUPPLEMENTARY INFORMATION:

Background

In accordance with section 705(d) of the Tariff Act of 1930, as amended ("the Act"), on December 15, 2014, the Department published its final determination that countervailable subsidies are being provided to producers and exporters of calcium hypochlorite from the PRC.¹ On January

¹ See *Calcium Hypochlorite from the People's Republic of China: Final Affirmative Countervailing*

21, 2015, the ITC notified the Department of its final determination pursuant to section 705(d) of the Act that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act by reason of subsidized imports of subject merchandise from the PRC.²

Scope of the Order

The product covered by this order is calcium hypochlorite, regardless of form (e.g., powder, tablet (compressed), crystalline (granular), or in liquid solution), whether or not blended with other materials, containing at least 10 percent available chlorine measured by actual weight. The scope also includes bleaching powder and hemibasic calcium hypochlorite.

Calcium hypochlorite has the general chemical formulation $\text{Ca}(\text{OCl})_2$, but may also be sold in a more dilute form as bleaching powder with the chemical formulation, $\text{Ca}(\text{OCl})_2 \cdot \text{CaCl}_2 \cdot \text{Ca}(\text{OH})_2 \cdot 2\text{H}_2\text{O}$ or hemibasic calcium hypochlorite with the chemical formula of $2\text{Ca}(\text{OCl})_2 \cdot \text{Ca}(\text{OH})_2$ or $\text{Ca}(\text{OCl})_2 \cdot 0.5\text{Ca}(\text{OH})_2$. Calcium hypochlorite has a Chemical Abstract Service ("CAS") registry number of 7778-54-3, and a U.S. Environmental Protection Agency ("EPA") Pesticide Code ("PC") Number of 014701. The subject calcium hypochlorite has an International Maritime Dangerous Goods ("IMDG") code of Class 5.1 UN 1748, 2880, or 2208 or Class 5.1/8 UN 3485, 3486, or 3487.

Calcium hypochlorite is currently classifiable under the subheading 2828.10.0000 of the Harmonized Tariff Schedule of the United States ("HTSUS"). The subheading covers commercial calcium hypochlorite and other calcium hypochlorite. When tableted or blended with other materials, calcium hypochlorite may be entered under other tariff classifications, such as 3808.94.5000 and 3808.99.9500, which cover disinfectants and similar products. While the HTSUS subheadings, the CAS registry number, the U.S. EPA PC number, and the IMDG codes are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Countervailing Duty Order

In accordance with sections 705(b)(1)(A)(i) and 705(d) of the Act, the ITC has notified the Department of its

Duty Determination; 79 FR 74064 (December 15, 2014) ("Final Determination").

² See *Calcium Hypochlorite from China*, USITC Investigation Nos. 701-TA-510 and 731-TA-1245 (Final), USITC Publication 4515 (January 2015).
