AGENCY: National Institute of Food and Agriculture, USDA.

ACTION: Final rule.

SUMMARY: This rule updates the list of institutions that are granted HSACU certification by the Secretary and are eligible for HSACU programs for the period starting October 1, 2014, and ending September 30, 2015.

DATES: This rule is effective February 4, 2015 and applicable October 1, 2014.

SUPPLEMENTARY INFORMATION:

HSACU Institutions for Fiscal Year 2015

This rule makes changes to the existing list of institutions in Appendix B of 7 CFR part 3434. The list of institutions is amended to reflect the institutions that are granted HSACU certification by the Secretary and are eligible for HSACU programs for the period starting October 1, 2014, and ending September 30, 2015.

Certification Process

As stated in 7 CFR 3434.4, an institution must meet the following criteria to receive HSACU certification: (1) Be a Hispanic-Serving Institution (HSI), (2) offer agriculture-related

degrees, (3) not appear on the Excluded Parties List, (4) be accredited, and (5) award at least 15% of agriculture-related degrees to Hispanic students over the two most recent academic years.

NIFA obtained the latest report from the U.S. Department of Education's National Center for Education Statistics that lists all HSIs and the degrees conferred by these institutions (completions data) during the 2012–13 academic year. NIFA used this report to identify HSIs that conferred a degree in an instructional program that appears in Appendix A of 7 CFR part 3434 and to confirm that over the 2011-12 and 2012-13 academic years at least 15% of the degrees in agriculture-related fields were awarded to Hispanic students. NIFA further confirmed that these institutions were nationally accredited and did not have any exclusions listed in the System for Award Management (https://www.sam.gov).

The updated list of HSACUs is based on (1) completions data from 2011–12 and 2012–13, and (2) enrollment data from Fall 2013. NIFA identified 101 institutions that met the eligibility criteria to receive HSACU certification for FY 2015 (October 1, 2014 to September 30, 2015).

Declaration of Intent To Apply for NLGCA Designation

As set forth in Section 7101 of the Agricultural Act of 2014 (Pub. L. 113– 79), which amends 7 U.S.C. 3103, an institution that is eligible to be designated as an HSACU may notify the Secretary of its intent not to be considered an HSACU. To opt out of designation as an HSACU, an authorized official at the institution must submit a declaration of intent not to be considered an HSACU to NIFA by email at NLGCA.status@nifa.usda.gov. In accordance with Section 7101, a declaration by an institution not to be considered an HSACU shall remain in effect until September 30, 2018. Institutions that opt out of HSACU designation will have the option to apply for designation as a Non-Land Grant College of Agriculture (NLGCA) institution. To be eligible for NLGCA designation, institutions must be public colleges or universities offering baccalaureate or higher degrees in the study of food and agricultural sciences, as defined in 7 U.S.C. 3103. An online form to apply for NLGCA designation is

available at www.nifa.usda.gov/form/form.html.

In FY 2014, three institutions opted out of their HSACU designation and received NLGCA designation, hence they are excluded from the FY 2015 HSACU list.

Appeal Process

As set forth in 7 CFR 3434.8, NIFA will permit HSIs that are not granted HSACU certification to submit an appeal within 30 days of the publication of this notice.

Classification

This rule relates to internal agency management. Accordingly, pursuant to 5 U.S.C. 553, notice of proposed rulemaking and opportunity for comment are not required, and this rule may be made effective less than 30 days after publication in the Federal **Register**. This rule also is exempt from the provisions of Executive Order 12866. This action is not a rule as defined by the Regulatory Flexibility Act, as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, 5 U.S.C. 601 et seq., or the Congressional Review Act, 5 U.S.C. 801 et seq., and thus is exempt from the provisions of those Acts. This rule contains no information collection or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).

DEPARTMENT OF ENERGY

10 CFR Part 430

[Docket No. EERE-2009-BT-TP-0016] RIN 1904-AB99

Energy Conservation Program: Test Procedures for Fluorescent Lamp Ballasts

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule.

SUMMARY: On October 21, 2014, the U.S. Department of Energy (DOE) issued a notice of proposed rulemaking (NOPR) to amend the test procedures for fluorescent lamp ballasts. That NOPR serves as the basis for this action. This final rule amends DOE's regulations concerning the test procedures for the measurement of energy consumption for fluorescent lamp ballasts. Specifically, these amendments clarify the requirement to use the test procedures in Appendix Q1 to demonstrate compliance with the energy conservation standards that apply to fluorescent lamp ballasts manufactured on or after November 14, 2014. These revisions follow the intent of the fluorescent lamp ballast test procedure final rule to support any new or revised energy conservation standards at the time those standards require compliance. This final rule also corrects the formula for power factor, which contained a mathematical error as adopted in that final rule.

DATES: The effective date of this rule is March 6, 2015. Compliance will be mandatory starting August 3, 2015.
