OMB Number: 1545-1799.

Notice Number: Notice 2002-69.

Abstract: Notice 2002-69 allows U.S. shareholders of a foreign insurance company to use the foreign insurance

company's historical loss payment patterns in computing the company's insurance reserves provided the company has a certain number of years of data and makes an election to use that data. A domestic insurance company can elect to use its own historical data in computing its reserves provided certain requirements are satisfied and an election is made. This notice allows a foreign insurance company to elect to calculate its insurance reserves in a manner similar to a domestic insurance company. Also, this notice provides guidance on how to determine a foreign insurance company's foreign loss payment patterns.

Type of Review: Extension of currently approved collection.
