ADDRESS:
Interested parties, upon request, may obtain a compact disc (CD–ROM) containing the Final NOS Package by contacting the BOEM Gulf of Mexico (GOM) Region at the following address: Gulf of Mexico Region Public Information Office, Bureau of Ocean Energy Management, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123–2394, (504) 736–2519 or (800) 200–GULF, or by visiting the BOEM Web site at http://www.boem.gov/Sale-235/.

Table of Contents
This Final NOS includes the following sections:
I. Lease Sale Area
II. Statutes And Regulations
III. Lease Terms And Economic Conditions
IV. Lease Stipulations
V. Information To Lessees
VI. Maps
VII. Bidding Instructions
VIII. Bidding Rules And Restrictions
IX. Forms
X. The Lease Sale
XI. Delay Of Sale

I. Lease Sale Area
Blocks Offered for Leasing

Note: Due to the expiration of a treaty prohibition on exploration and development within 1.4 nautical miles of the Continental Shelf Boundary (1.4-nautical mile buffer area) with Mexico, BOEM has decided to offer for lease in CPA Sale 235 all whole and partial blocks in the 1.4-nautical mile buffer area. The Agreement between the United States of America and the United Mexican States Concerning Transboundary Hydrocarbon Reservoirs in the Gulf of Mexico (Agreement) entered into force on July 18, 2014, and will apply to, among others, whole and partial blocks in the 1.4-nautical mile buffer area.

In CPA Sale 235, BOEM is offering for lease all blocks and partial blocks in the document “List of Blocks Available for Leasing” included in the Final NOS Package. All of these blocks are shown on the following leasing maps and Official Protraction Diagrams (OPDs):
NG16–01 Atwater Valley (Revised November 1, 2000)
NG16–02 Lloyd Ridge (Revised August 1, 2008)
NG16–04 Lund (Revised November 1, 2000)
NG16–05 Henderson (Revised August 1, 2008)
NG16–07 Lund South (Revised October 1, 2014)
NG16–08 Florida Plain (Revised February 28, 2007)
NH15–12 Ewing Bank (Revised November 1, 2000)
NH16–04 Mobile (Revised July 1, 2011)
NH16–05 Pensacola (Revised February 28, 2007)
NH16–07 Viosca Knoll (Revised November 1, 2000)
NH16–08 Destin Dome (Revised February 28, 2007)
NH16–10 Mississippi Canyon (Revised November 1, 2000)
NH16–11 De Soto Canyon (Revised August 1, 2008)

Please Note: A CD-ROM (in ArcInfo and Acrobat [pdf] format) containing all of the GOM leasing maps and OPDs, is available from the BOEM Gulf of Mexico Region Public Information Office for a price of $15.00. These GOM leasing maps and OPDs also are available for free online in .pdf and .gra formats at http://www.boem.gov/Oil-and-Gas-Energy-Program/Mapping-and-Data/Official-Protraction-Diagrams.aspx.

For the current status of all CPA leasing maps and OPDs, please refer to 66 FR 28002 (May 21, 2001), 69 FR 23211 (April 28, 2004), 72 FR 27590 (May 16, 2007), 72 FR 35720 (June 29, 2007), 73 FR 63505 (October 24, 2008), 76 FR 54787 (September 2, 2011), 79 FR 32572 (June 5, 2014), and 80 FR 3251 (January 22, 2015). In addition, Supplemental Official OCS Block Diagrams (SOBDs) for blocks containing the U.S. 200-Nautical Mile Limit line and the U.S.-Mexico Maritime and Continental Shelf Boundary line are available. These SOBDs also are available from the BOEM Gulf of Mexico Region Public Information Office and on BOEM’s Web site at http://www.boem.gov/Oil-and-Gas-Energy-Program/Mapping-and-Data/Supplemental-Official-OCS-Block-Diagrams-SOBDS.aspx. For additional information, or to order the above referenced maps or diagrams, please call the Mapping and Automation Section at (504) 736–5768.

All blocks being offered in the lease sale are shown on these leasing maps and OPDs. The available Federal acreage of all whole and partial blocks in this lease sale is shown in the document “List of Blocks Available for Leasing” included in the Final NOS Package. Some of these blocks may be partially leased or deferred, or transected by administrative lines such as the Federal/State jurisdictional line. A bid on a block must include all of the available Federal acreage of that block. Also, information on the unleased portions of such blocks is found in the document entitled “Central Planning Area, Lease Sale 235, March 18, 2015—Unleased Block Sale.” This document includes a list of blocks in the Central Planning Area, Lease Sale 235, that are not offered for lease in this sale.

Partial Blocks: 467, 511, 555, 556, 600, 644, 688, 732, 776, 777, 820, 821, 863, 864, 906, 907, 950, 993, and 994

Florida Plain (OPD NG 16–08)
Whole Blocks: 5 through 24, 46 through 67, 89 through 110, 133 through 154, 177 through 197, 221 through 240, 265 through 283, 309 through 327, and 363 through 370

The following block whose lease status is currently under appeal:
West Cameron (Leasing Map LA1) Block 171

II. Statutes and Regulations

Each lease is issued pursuant to OCSLA, and is subject to OCSLA, implementing regulations promulgated pursuant thereto, and other applicable statutes and regulations in existence upon the effective date of the lease, as well as those applicable statutes enacted and regulations promulgated thereafter, except to the extent that the after-enacted statutes and regulations explicitly conflict with an express provision of the lease. Each lease also is subject to amendments to statutes and regulations, including, but not limited to, OCSLA, that do not explicitly conflict with an express provision of the lease. The lessee expressly bears the risk that such new or amended statutes and regulations (i.e., those that do not explicitly conflict with an express provision of the lease) may increase or decrease the lessee’s obligations under the lease.

III. Lease Terms And Economic Conditions

Lease Terms

OCS Lease Form

BOEM will use Form BOEM–2005 (October 2011) to convey leases resulting from this sale. This lease form may be viewed on the BOEM Web site at http://www.boem.gov/About-BOEM/Procurement-Business-Opportunities/BOEM-OCS-Operation-Forms/BOEM-2005.aspx. The lease form will be amended to conform with the specific terms, conditions, and stipulations applicable to the individual lease. The terms, conditions, and stipulations applicable to this sale are set forth below.

Initial Periods

Initial periods are summarized in the following table:
Development will provide a written Regional Supervisor for Production and Development must concur in writing that the conditions have been met for demonstrating a target below 25,000 feet TVD SS and whether that target was reached, and if applicable, any safety, mechanical, or other problems encountered that prevented the well from reaching a depth below 25,000 feet TVD SS. The BSEE Gulf of Mexico Regional Supervisor for Production and Development will provide a written response within 30 days of receipt of the lessee’s letter. A lessee that has earned the 8-year extended initial period by spudding a well with a hydrocarbon target below 25,000 feet TVD SS during the first 5 years of the lease, confirmed by BSEE: will not be granted a suspension for that same period under the regulations at 30 CFR 250.175 because the lease is not at risk of expiring.

In order to earn the 8-year extended initial period, the lessee is required to submit to the appropriate BSEE District Manager, within 30 days after spudding a well, a letter providing the well number and spud date, and requesting concurrence that the lessee has earned the 8-year extended initial period. In order to earn the 8-year extended initial period, the lessee will have to earn an additional 3 years, resulting in an 8-year extended initial period, if the lessee spuds a well within the first 5 years of the lease.

In order to earn the 10-year extended initial period, the lessee is required to submit to the appropriate BSEE District Manager, within 30 days after spudding a well, a letter providing the well number and spud date, and requesting concurrence that the lessee has earned the 10-year extended initial period. The BSEE District Manager will review the request and make a written determination within 30 days of receipt of the request. The BSEE District Manager must concur in writing that the conditions have been met by the lessee to earn the 10-year extended initial period.

(4) The standard initial period for a lease in water depths ranging from 400 to less than 800 meters issued as a result of this sale will be 7 years. The lessee will earn an additional 3 years, resulting in an 8-year extended initial period, if the lessee spuds a well within the first 5 years of the lease.

(3) The standard initial period for a lease in water depths ranging from 800 to less than 1,600 meters issued as a result of this sale will be 8 years. The lessee will earn an additional 3 years, resulting in a 10-year extended initial period, if the lessee spuds a well within the first 7 years of the lease.

(2) The standard initial period for a lease in water depths ranging from 400 to less than 800 meters issued as a result of this sale will be 7 years. The lessee will earn an additional 3 years, resulting in an 8-year extended initial period, if the lessee spuds a well within the first 5 years of the lease.

In order to earn the 10-year extended initial period, the lessee is required to submit to the appropriate BSEE District Manager, within 30 days after spudding a well, a letter providing the well number and spud date, and requesting concurrence that the lessee has earned the 10-year extended initial period. The BSEE District Manager will review the request and make a written determination within 30 days of receipt of the request. The BSEE District Manager must concur in writing that the conditions have been met by the lessee to earn the 10-year extended initial period.

(4) The standard initial period for a lease in water depths 1,600 meters or greater issued as a result of this sale will be 10 years.

**Economic Conditions**

Minimum Bonus Bid Amounts
- $25.00 per acre or fraction thereof for blocks in water depths less than 400 meters
- $100.00 per acre or fraction thereof for blocks in water depths 400 meters or deeper

BOEM will not accept a bonus bid unless it provides for a cash bonus in the amount equal to, or exceeding, the specified minimum bid of $25.00 per acre or fraction thereof for blocks in water depths less than 400 meters, and $100.00 per acre or fraction thereof for blocks in water depths 400 meters or deeper.

**Rental Rates**

Annual rental rates are summarized in the following table:

<table>
<thead>
<tr>
<th>Water depth (meters)</th>
<th>Years 1–5</th>
<th>Years 6, 7, &amp; 8 +</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 to &lt; 200</td>
<td>$7.00</td>
<td>$14.00, $21.00, &amp; $28.00</td>
</tr>
<tr>
<td>200 to &lt; 400</td>
<td>$11.00</td>
<td>22.00, 33.00, &amp; 44.00</td>
</tr>
<tr>
<td>400 +</td>
<td>$11.00</td>
<td>16.00</td>
</tr>
</tbody>
</table>

**Rental Rates Per Acre or Fraction Thereof**

- **Water depth (meters)**
  - 0 to < 200
  - 200 to < 400
  - 400 +

- **Initial period**
  - Standard initial period is 5 years; the lessee may earn an additional 3 years (i.e., for an 8-year extended initial period) if a well is spudded targeting hydrocarbons below 25,000 feet True Vertical Depth Subsea (TVD SS) during the first 5 years of the lease.
  - Standard initial period is 5 years; the lessee will earn an additional 3 years (i.e., for an 8-year extended initial period) if a well is spudded during the first 5 years of the lease.
  - Standard initial period is 7 years; the lessee will earn an additional 3 years (i.e., for a 10-year extended initial period) if a well is spudded during the first 7 years of the lease.
Escalating Rental Rates for Leases With an 8-Year Extended Initial Period in Water Depths Less Than 400 Meters

Any lessee with a lease in less than 400 meters water depth who earns an 8-year extended initial period will pay an escalating rental rate as shown above. The rental rates after the fifth year for blocks in less than 400 meters water depth will become fixed and no longer escalate, if another well is spudded targeting hydrocarbons below 25,000 feet TVD SS after the fifth year of the lease, and BSEE concurs that such a well has been spudded. In this case, the rental rate will become fixed at the rental rate in effect during the lease year in which the additional well was spudded.

Royalty Rate

- 18.75 percent.

Minimum Royalty Rate

- $7.00 per acre or fraction thereof per year for blocks in water depths less than 200 meters.
- $11.00 per acre or fraction thereof per year for blocks in water depths 200 meters or deeper.

Royalty Suspension Provisions

The issuance of leases with royalty suspension volumes (RSVs) or other forms of royalty relief is authorized under existing BOEM regulations at 30 CFR part 360. The specific details relating to eligibility and implementation of the various royalty relief programs, including those involving the use of RSVs, are codified in BSEE regulations at 30 CFR part 203. In this sale, the only royalty relief program being offered is the provision of RSVs, related to the drilling of ultra-deep wells in water depths less than 400 meters, as described below.

Royalty Suspension Volumes on Gas Production From Ultra-Deep Wells

Leases issued as a result of this sale may be eligible for RSV incentives on gas produced from ultra-deep wells pursuant to 30 CFR part 203. These incentives implement the requirements of the Energy Policy Act of 2005. Under this program, certain wells on leases in less than 400 meters water depth and completed to a drilling depth of 20,000 feet TVD SS or deeper may receive an RSV of 35 billion cubic feet on the production of natural gas. This RSV incentive is subject to applicable price thresholds set forth in the regulations at 30 CFR part 203.

IV. Lease Stipulations

One or more of the following stipulations may be applied to leases issued as a result of this sale. The detailed text of these stipulations is contained in the “Lease Stipulations” section of the Final NOS Package.

1. Topographic Features
2. Live Bottom
3. Military Areas
4. Evacuation
5. Coordination
6. Blocks South of Baldwin County, Alabama
8. Protected Species
9. Below Seabed Operations
10. Agreement between the United States of America and the United Mexican States Concerning Transboundary Hydrocarbon Reservoirs in the Gulf of Mexico

V. Information To Lessees

The Information to Lessees (ITL) clauses provide detailed information on certain issues pertaining to this oil and gas lease sale. The detailed text of these ITL clauses is contained in the “Information to Lessees” section of the Final NOS Package:

1. Navigation Safety
2. Ordnance Disposal Areas in the CPA
3. Communications Towers
4. Existing and Proposed Artificial Reefs/Rigs-to-Reefs
5. Lightering Zones
6. Indicated Hydrocarbons List
7. Military Areas in the CPA
8. Safety Zones for Certain Production Facilities
9. Bureau of Safety and Environmental Enforcement (BSEE) Inspection and Enforcement of Certain Coast Guard Regulations
10. Deepwater Port Applications for Offshore Liquefied Natural Gas Facilities
11. Ocean Dredged Material Disposal Sites
12. Potential Sand Dredging Activities in the CPA
13. Below Seabed Operations
14. Commercial Waste Disposal Areas
15. Air Quality Permits
16. Notice of Arrival on the Outer Continental Shelf
17. Gulf Islands National Seashore
18. Bidder/Lessee Notice of Obligations Related to Criminal/Civil Charges and Offenses, Suspension, or Debarment; Disqualification Due to a Conviction under the Clean Air Act or the Clean Water Act
19. Protected Species

VI. Maps

The maps pertaining to this lease sale may be found on the BOEM Web site at http://www.boem.gov/Sale-235. The following maps also are included in the Final NOS Package:

Lease Terms and Economic Conditions Map

The lease terms and economic conditions and the blocks to which these terms and conditions apply are shown on the map entitled “Final, Central Planning Area, Lease Sale 235, March 18, 2015, Lease Terms and Economic Conditions,” which is included in the Final NOS Package.

Stipulations and Deferred Blocks Map

The blocks to which one or more lease stipulations may apply are shown on the map entitled “Final, Central Planning Area, March 2015, Lease Sale 235, Stipulations and Deferred Blocks,” which is included in the Final NOS Package.

VII. Bidding Instructions

Instructions on how to submit a bid, secure payment of the advance bonus bid deposit (if applicable), and what information must be included with the bid are as follows:

Bid Form

For each block bid upon, a separate sealed bid shall be submitted in a sealed envelope (as described below) and must include the following:

- Total amount of the bid in whole dollars only;
- sale number;
- sale date;
- each bidder’s exact name;
- each bidder’s proportionate interest, stated as a percentage, using a maximum of five decimal places (e.g., 33.33333 percent);
- typed name, title, and signature of each bidder’s authorized officer;
- each bidder’s qualification number;
- map name and number or OPD name and number;
- block number; and
- statement acknowledging that the bidder(s) understand that this bid legally binds the bidder(s) to comply with all applicable regulations, including payment of one-fifth of the bonus bid amount on all apparent high bids.

The information required on the bid(s) will be specified in the document “Bid Form” to be contained in the Final NOS Package. A blank bid form will be provided therein for convenience and may be copied and completed with the necessary information described above.

Bid Envelope

Each bid must be submitted in a separate sealed envelope labeled as follows:

- “Sealed Bid for Oil and Gas Lease Sale 235, not to be opened until 9 a.m. Wednesday, March 18, 2015.”
• map name and number or OPD name and number;
• block number for block bid upon; and
• the exact name and qualification number of the submitting bidder only.

The Final NOS Package will include a sample bid envelope for reference.

Mailed Bids

If bids are mailed, please address the envelope containing the sealed bid envelope(s) as follows: Attention: Leasing and Financial Responsibility Section, BOEM Gulf of Mexico Region, 1201 Elmwood Park Blvd., New Orleans, LA 70123–2394. Contains Sealed Bids for CPA Oil and Gas Lease Sale 235. Please Deliver to Ms. Cindy Thibeaux or Mr. Chris Oos, 2nd Floor, Immediately.

Please Note: Bidders mailing bid(s) are advised to call Ms. Cindy Thibeaux at (504) 736–8209, or Mr. Chris Oos at (504) 736–2862, immediately after putting their bid(s) in the mail. If BOEM receives bids later than the Bid Submission Deadline, the BOEM Gulf of Mexico Regional Director (RD) will return those bids unopened to bidders. Please see “Section XI. Delay of Sale” regarding BOEM’s discretion to extend the Bid Submission Deadline in the case of an unexpected event (e.g., flooding or travel restrictions) and how bidders can obtain more information on such extensions.

Advance Bonus Bid Deposit Guarantee

Bidders that are not currently an OCS oil and gas lease record title holder or designated operator, or those that ever have defaulted on a one-fifth bonus bid deposit, by Electronic Funds Transfer (EFT) or otherwise, must guarantee (secure) the payment of the one-fifth bonus deposit prior to bid submission using one of the following four methods:
• Provide a third-party guarantee;
• amend an areaweise development bond via bond rider;
• provide a letter of credit; or
• provide a lump sum payment in advance via EFT.

For more information on EFT procedures, see Section X of this document entitled “The Lease Sale.”

Affirmative Action

Prior to bidding, each bidder should file Equal Opportunity Affirmative Action Representation Form BOEM–2032 (October 2011) and Equal Opportunity Compliance Report Certification Form BOEM–2033 (October 2011) with the BOEM Gulf of Mexico Region Adjudication Section. This certification is required by 41 CFR part 60 and Executive Order No. 11246, issued September 24, 1965, as amended by Executive Order No. 11375, issued October 13, 1967. Both forms must be on file for the bidder(s) in the GOM Region Adjudication Section prior to the execution of any lease contract.

Geophysical Data and Information Statement (GDIS)

The GDIS is composed of three parts:
(1) The “Statement” page includes the company representatives’ information and lists of blocks bid on that used proprietary data and those blocks on that did not use proprietary data;
(2) the “Table” listing the required data about each proprietary survey used (see below); and
(3) the “Maps” being the live trace maps for each survey that are identified in the GDIS statement and table.

Every bidder submitting a bid on a block in CPA Sale 235, or participating as a joint bidder in such a bid, must submit at the time of bid submission all three parts of the GDIS. A bidder must submit the GDIS even if a joint bidder or bidders on a specific block also have submitted a GDIS. Any speculative data that has been reprocessed externally or “in-house” is considered proprietary due to the proprietary processing and is no longer considered to be speculative. The GDIS must be submitted in a separate and sealed envelope, and identify all proprietary data; reprocessed speculative data, and/or any Controlled Source Electromagnetic surveys, Amplitude Versus Offset, Gravity, or Magnetic data; or other information used as part of the decision to bid or participate in a bid on the block. The bidder and joint bidder must also include a live trace map (e.g., *.pdf and ArcGIS shape file) for each proprietary survey that they identify in the GDIS illustrating the actual areal extent of the proprietary geophysical data in the survey (see the “Example of Preferred Format” in the Final NOS Package for additional information).

The GDIS statement must include the name, phone number, and full address of a contact person and an alternate who are both knowledgeable about the information and data listed and who are available for 30 days after the sale date. The GDIS statement must also include entries for all blocks bid upon that did not use proprietary or reprocessed pre- or post-stack geophysical data and information as part of the decision to bid or participate as a joint bidder in the bid. The GDIS statement must be submitted even if no proprietary geophysical data and information were used in bid preparation for the block. The GDIS table should have columns that include the sale number; the block area and block number bid on; the owner of the original data set (i.e., who initially acquired the data); the industry’s original name of the survey (e.g., E Octopus); the BOEM permit number for the survey; whether the data set is a fast track version; whether the data is speculative or proprietary; the data type (e.g., 2–D, 3–D, or 4–D; pre-stack or post-stack; and time or depth); migration algorithm (e.g., Kirchhoff Migration, Wave Equation Migration, Reverse Migration, Reverse Time Migration) of the data and areal extent of bidder survey (i.e., number of line miles for 2–D or number of blocks for 3–D). Provide the computer storage size, to the nearest gigabyte, of each seismic data and velocity volume used to evaluate the lease block in question. This will be used in estimating the reproduction costs for each data set, if applicable. The availability of reimbursement of production costs will be determined consistent with 30 CFR 551.13. The next column should state who reprocessed the data (e.g., external company name or “in-house”) and when the date of final reprocessing was completed (month and year). If the data was sent to BOEM for bidding in a previous lease sale, list the date the data was processed (month and year) and indicate if AVO data was used in the evaluation. BOEM reserves the right to query about alternate data sets, to quality check, and to compare the listed and alternative data sets to determine which data set most closely meets the needs of the fair market value determination process. An example of the preferred format of the table may be found in the Final NOS Package, and a blank digital version of the preferred table may be accessed on the CPA Sale 235 page at http://www.boem.gov/Sale-235/.

The GDIS maps are live trace maps (in .pdf and ArcGIS shape files) that should be submitted for each proprietary survey that is identified in the GDIS table. They should illustrate the actual areal extent of the proprietary geophysical data in the survey (see the “Example of Preferred Format” in the Final NOS Package for additional information).

Pursuant to 30 CFR 551.12 and 30 CFR 556.32, as a condition of the sale, the BOEM Gulf of Mexico RD requests that all bidders and joint bidders submit the proprietary data identified on their GD5I5I within 30 days after the lease sale (unless they are notified after the lease sale that BOEM has withdrawn the request). This request only pertains to proprietary data that is not commercially available. Commercially available data is not required to be submitted to BOEM, and reimbursement will not be provided if such data is
submitted by a bidder. The BOEM Gulf of Mexico RD will notify bidders and joint bidders of any withdrawal of the request, for all or some of the proprietary data identified on the GDIS, within 15 days of the lease sale. Pursuant to 30 CFR part 551 and as a condition of this sale, all bidders required to submit data must ensure that the data is received by BOEM no later than the 30th day following the lease sale, or the next business day if the submission deadline falls on a weekend or Federal holiday. The data must be submitted to BOEM at the following address:

BOEM recommends that bidders mark the submission’s external envelope as “Deliver Immediately to DASPU.” BOEM also recommends that the data be submitted in an internal envelope, or otherwise marked, with the following designation: “Proprietary Geophysical Data Submitted Pursuant to Lease Sale 235 and Used During <Bidder Name> Evaluation of Block <Block Number>.”

In the event a person supplies any type of data to BOEM, that person must meet the following requirements to qualify for reimbursement:

1. Persons must be registered with the System for Award Management (SAM), formerly known as the Central Contractor Registration (CCR). CCR usernames will not work in SAM. A new SAM User Account is needed to register or update an entity’s records. The Web site for registering is https://www.sam.gov.

2. Persons must be enrolled in the Department of Treasury’s Internet Payment Platform (IPP) for electronic invoicing. The person must enroll in the IPP at https://www.ipp.gov/. Access then will be granted to use the IPP for submitting requests for payment. When a request for payment is submitted, it must include the assigned Purchase Order Number on the request.

3. Persons must have a current Online Representations and Certifications Application at https://www.sam.gov.

   Please Note: The GDIS Information Table must be submitted digitally, preferably as an Excel spreadsheet, on a CD or DVD along with the seismic data map(s). If bidders have any questions, they should contact Ms. Dee Smith at (504) 736–2706, or Mr. John Johnson at (504) 736–2455. Bidders should refer to Section X of this document, “The Lease Sale: Acceptance, Rejection, or Return of Bids,” regarding a bidder’s failure to comply with the requirements of the Final NOS, including any failure to submit information as required in the Final NOS or Final NOS Package.

   Telephone Numbers/Addresses of Bidders

   BOEM requests that bidders provide this information in the suggested format prior to or at the time of bid submission. The suggested format is included in the Final NOS Package. The form must not be enclosed inside the sealed bid envelope.

   Additional Documentation

   BOEM may require bidders to submit other documents in accordance with 30 CFR 556.46.

   VIII. Bidding Rules and Restrictions

   Restricted Joint Bidders

   On October 29, 2014, BOEM published the most recent List of Restricted Joint Bidders in the Federal Register at 79 FR 64404. Potential bidders are advised to refer to the Federal Register, prior to bidding, for the most current List of Restricted Joint Bidders in place at the time of the lease sale. Please note that joint bidding provisions at 30 CFR 556.41 for additional restrictions.

   Authorized Signatures

   All signatories executing documents on behalf of bidder(s) must execute the same in conformance with the BOEM qualification records. Bidders are advised that BOEM considers the signed bid to be a legally binding obligation on the part of the bidder(s) to comply with all applicable regulations, including payment of one-fifth of the bonus bid on all high bids. A statement to this effect must be included on each bid form (see the document “Bid Form” to be contained in the Final NOS Package).

   Unlawful Combination or Intimidation

   BOEM warns bidders against violation of 18 U.S.C. 1860, prohibiting unlawful combination or intimidation of bidders.

   Bid Withdrawal

   Bids may be withdrawn only by written request delivered to BOEM prior to the Bid Submission Deadline. The withdrawal request must be on company letterhead and must contain the bidder’s name, its BOEM qualification number, the map name/number, and the block number(s) of the bid(s) to be withdrawn. The withdrawal request must be executed in conformance with the BOEM qualification records. Signatories must be authorized to bind their respective legal business entities (e.g., a corporation, partnership, or LLC) and documentation on file with BOEM setting forth this authority to act on the business entity’s behalf for purposes of bidding and lease execution under OCSLA (e.g., business charter or articles, incumbency certificate, or power of attorney). The name and title of the authorized signatory must be typed under the signature block on the withdrawal request. The BOEM Gulf of Mexico RD, or the RD’s designee, will indicate any approval by signing and dating the withdrawal request.

   Bid Rounding

   The bonus bid amount must be stated in whole dollars. Minimum bonus bid calculations, including all rounding, for all blocks are shown in the document entitled “List of Blocks Available for Leasing,” which is included in the Final NOS Package. If the acreage of a block contains a decimal figure, then prior to calculating the minimum bonus bid, BOEM has rounded up to the next whole acre. The appropriate minimum rate per acre then was applied to the whole (rounded up) acreage. If this calculation resulted in a fractional dollar amount, the minimum bonus bid was rounded up to the next whole dollar amount. The bonus bid amount must be greater than or equal to the minimum bonus bid in whole dollars.

   IX. Forms

   The Final NOS Package includes instructions, samples, and/or the preferred format for the following items. BOEM strongly encourages bidders to use these formats; should bidders use another format, they are responsible for including all the information specified for each item in the Final NOS Package.

   (1) Bid Form
   (2) Sample Completed Bid
   (3) Sample Bid Envelope
   (4) Sample Bid Mailing Envelope
   (5) Telephone Numbers/Addresses of Bidders Form
   (6) GDIS Form
   (7) GDIS Envelope Form

   X. The Lease Sale

   Bid Opening and Reading

   Sealed bids received in response to the Final NOS will be opened at the place, date, and hour specified in the “DATES” section of this document. The opening of the bids is for the sole purpose of publicly announcing and recording the bids received; no bids will be accepted or rejected at that time.

   Bonus Bid Deposit for Apparent High Bids

   Each bidder submitting an apparent high bid must submit a bonus bid deposit to the Office of Natural Resource Revenue (ONRR) equal to one-fifth of the bonus bid amount for each such bid. A copy of the notification
of the high bidder’s one-fifth bonus bid requirement deposit may be obtained at the EFT Area outside the Bid Reading Room on the day of the bid opening, or it may be obtained on the BOEM Web site at http://www.boem.gov/Sale-235/ under the heading “Notification of EFT 1/5 Bonus Liability.” All payments must be deposited electronically into an interest-bearing account in the U.S. Treasury by 11:00 a.m. Eastern Time the day following the bid reading (no exceptions). Account information is provided in the “Instructions for Making Electronic Funds Transfer Bonus Payments” found on the BOEM Web site identified above. BOEM requires bidders to use EFT procedures for payment of one-fifth bonus bid deposits for CPA Sale 235, following the detailed instructions contained on the ONRR Payment Information Web page at http://www.onrr.gov/FM/PayInfo.htm. Acceptance of a deposit does not constitute and shall not be construed as acceptance of any bid on behalf of the United States.

Withdrawal of Blocks

The United States reserves the right to withdraw any block from this lease sale prior to issuance of a written acceptance of a bid for the block.

Acceptance, Rejection, or Return of Bids

The United States reserves the right to reject any and all bids. No bid will be accepted, and no lease for any block will be awarded to any bidder, unless: (1) The bidder has complied with all requirements of the Final NOS, including those set forth in the documents contained in the Final NOS Package and applicable regulations; (2) the bid is the highest valid bid; and (3) the amount of the bid has been determined to be adequate by the authorized officer. Any bid submitted that does not conform to the requirements of the Final NOS and Final NOS Package, OCSLA, or other applicable statute or regulation may be rejected and returned to the bidder. The U.S. Department of Justice and the Federal Trade Commission will review the results of the lease sale for antitrust issues prior to the acceptance of bids and issuance of leases.

To ensure that the Government receives a fair return for the conveyance of leases from this sale, high bids will be evaluated in accordance with BOEM’s bid adequacy procedures. A copy of current procedures, “Modifications to the Bid Adequacy Procedures,” published at 64 FR 37560 on July 12, 1999, can be obtained from the BOEM Gulf of Mexico Region Public Information Office, or via the BOEM Gulf of Mexico Region Web site at http://www.boem.gov/Oil-and-Gas-Energy-Program/Leasing/Regional-Leasing/Gulf-of-Mexico-Region/Bid-Adequacy-Procedures.aspx.

Bid Adequacy Review Procedures for CPA Sale 235

BOEM published a notification in the Federal Register, Volume 79, No. 201, October 17, 2014, 62461–62463, at http://www.gpo.gov/fdsys/pkg/FR-2014-10-17/pdf/2014-24727.pdf, proposing the elimination of one of its acceptance rules, the Number of Bids Rule, from its bid adequacy procedures. However, BOEM has decided not to eliminate the rule for CPA Sale 235 and will continue using the existing bid adequacy procedures, referenced above. If the proposed change in the bid adequacy procedures is finalized and applicable to future lease sales, bidders will be notified in the Final NOS, and BOEM will publish the revised procedures no later than the time the Final NOS for that sale is published.

Lease Award

BOEM requires each bidder awarded a lease to: (1) Execute all copies of the lease (Form BOEM–2005 (October 2011), as amended); (2) pay by EFT the balance of the bonus bid amount and the first year’s rental for each lease issued in accordance with the requirements of 30 CFR 218.155 and 556.47(f); and (3) satisfy the bonding requirements of 30 CFR part 556, subpart I, as amended. ONRR requests that only one transaction be used for payment of the four-fifths bonus bid amount and the first year’s rental.

XI. Delay of Sale

The BOEM Gulf of Mexico RD has the discretion to change any date, time, and/or location specified in the Final NOS Package in case of an event that the BOEM Gulf of Mexico RD deems may interfere with the carrying out of a fair and orderly lease sale process. Such events could include, but are not limited to, natural disasters (e.g., earthquakes, hurricanes, and floods), wars, riots, acts of terrorism, fires, strikes, civil disorder, or other events of a similar nature. In case of such events, bidders should call (504) 736–0557, or access the BOEM Web site at www.boem.gov, for information regarding any changes.

Dated: January 22, 2015.

[MAA 104000]

Gulf of Mexico, Outer Continental Shelf (OCS), Central Planning Area (CPA) Oil and Gas Lease Sales 235, 241, and 247

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of Availability (NOA) of a Record of Decision (ROD) for CPA Lease Sale 235 in the Gulf of Mexico OCS Oil and Gas Lease Sales: 2015–2017; Central Planning Area Lease Sales 235, 241, and 247; Final Supplemental Environmental Impact Statement (CPA 235, 241, and 247 Supplemental EIS).

SUMMARY: BOEM has prepared a ROD for proposed oil and gas CPA Lease Sale 235, which is scheduled for March 18, 2015. The proposed lease sale is in the Gulf of Mexico’s CPA off the States of Louisiana, Mississippi, and Alabama. Proposed CPA Lease Sale 235 is the third CPA lease sale scheduled in the OCS Oil & Gas Leasing Program for 2012–2017 (Five-Year Program). The CPA 235, 241, and 247 Supplemental EIS evaluated the environmental and socioeconomic impacts for proposed CPA Lease Sale 235. In making its decision, BOEM considered two alternatives to the proposed action, the potential impacts as presented in the CPA 235, 241, and 247 Supplemental EIS, and all comments received throughout the National Environmental Policy Act (NEPA) process.

SUPPLEMENTARY INFORMATION: In the CPA 235, 241, and 247 Supplemental EIS, BOEM evaluated the three alternatives that are summarized below: Alternative A—The Proposed Action: This is BOEM’s preferred alternative. This alternative would offer for lease all unleased blocks within the proposed CPA lease sale area for oil and gas operations with the following exceptions: Whole and partial blocks deferred by the Gulf of Mexico Energy Security Act of 2006; and, blocks that are adjacent to or beyond the United States Exclusive Economic Zone in the area known as the northern portion of the Eastern Gap.

All unleased whole and partial blocks in the CPA that BOEM will offer for leasing in proposed CPA Lease Sale 235 are listed in the document “List of Blocks Available for Leasing,” which is included in the Final Notice of Sale 235 Package. The proposed CPA lease sale area encompasses about 63 million acres of the total CPA area of 66.45 million acres. As of January 2015, approximately 41 million acres of the
