

Scoping Process

SBMWD filed a Notice of Preparation (California State Clearinghouse no. 2014111012) on November 6, 2014, pursuant to the California Environmental Quality Act (CEQA) (P.R.C. section 21092, C.C.R. section 15082) and held two public scoping meetings on November 19, 2014. To avoid duplication with State and local procedures, we plan to use the scoping process initiated by SBMWD under CEQA. No additional public scoping meetings are planned at this time. The CEQA Notice of Preparation is available at <http://www.usbr.gov/lc/socal/envdocs.html>.

No known Indian trust assets or environmental justice issues are associated with the proposed action, although the pipeline alignments may include areas of low income and minority populations.

Written comments are requested to help identify alternatives and issues that should be analyzed in the EIS/EIR. Federal, State and local agencies, tribes, and the general public are invited to participate in the environmental review process.
