

average of 45 minutes per respondent is needed to complete the exit survey. The estimated range of burden for jAC members is expected to be between 30 minutes to 1 hour for completion. An estimated 1,000 children will take part in the survey annually. The survey for assessing the child's understanding of immigration proceedings is estimated to take 1.5 hours per respondent to complete. The estimated range of burden for surveyed children is expected to be between 1 hour and 2 hours for completion. The factors considered when creating the burden estimate were the young age of the children (between the ages of 12 and 16) and the fact that the survey would be conducted via an in-person interview. An estimated 200 jAC program stakeholders will take part in the survey annually. Based on similar surveys used by Vera to evaluate other programs, an average of 75 minutes per respondent is needed to complete the exit survey. The estimated range of burden for jAC program stakeholders is expected to be between 30 minutes to 2 hours for completion.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 1825 hours. It is estimated that 100 jAC members will take 45 minutes hour to complete the survey; 1,000 children will take 1.5 hours to complete the survey; and 200 jAC stakeholders 75 minutes to complete the survey. The burden hours for collecting respondent data sum to 1825 hours ((100 jAC members × 45 minutes = 75 hours) + (1,000 children × 1.5 hours = 1,500 hours) + (200 jAC stakeholders × 75 minutes = 250 hours)).

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2015-026]

### Records Schedules; Availability and Request for Comments

**AGENCY:** National Archives and Records Administration (NARA).

**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be received in writing on or before March 16, 2015. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

**ADDRESSES:** You may request a copy of any records schedule identified in this notice by contacting Records Management Services (ACNR) using one of the following means:

*Mail:* NARA (ACNR), 8601 Adelphi Road, College Park, MD 20740-6001.

*Email:* [request.schedule@nara.gov](mailto:request.schedule@nara.gov).

*FAX:* 301-837-3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

**FOR FURTHER INFORMATION CONTACT:**

Margaret Hawkins, Director, Records

Management Services (ACNR), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-1799. Email: [request.schedule@nara.gov](mailto:request.schedule@nara.gov).

**SUPPLEMENTARY INFORMATION:** Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless specified otherwise. An item in a schedule is media neutral when the disposition instructions may be applied to records regardless of the medium in which the records are created and maintained. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is limited to a specific medium. (See 36 CFR 1225.12(e).)

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit
