Abstract: Owners and operators of a primary copper smelter are subject to the regulation only if it is a major source of hazardous air pollutant (HAP) emitting or has the potential to emit any single HAP at the rate of 10 tons or more per year or any combination of HAP at a rate of 25 tons or more per year. New facilities include those that commenced construction or reconstruction after the date of proposal. This information is being collected to assure compliance with 40 CFR part 63, subpart QQQ. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NESHAP.

Form Numbers: None. *Respondents/affected entities:* Owners and operators of primary copper smelter.

Respondent's obligation to respond: Mandatory (40 CFR part 63, Subpart QQQ). *Estimated number of respondents:* 3 (total).

Frequency of response: Initially, occasionally, quarterly, and semiannually.

Total estimated burden: 9,380 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$926,544 (per year), includes \$8,220 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an increase of 543 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This change in hours is due to the removal of burden for submitting initial notifications, which is not required for existing sources and the addition of managerial and clerical staff that are now involved in recordkeeping activities.

The Hazardous Waste Electronic Manifest System Advisory Board: Request for Nominations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for nominations.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations of qualified candidates to be considered for a three-year appointment to the Hazardous Waste Electronic Manifest System Advisory Board (the Board). Pursuant to the Hazardous Waste Electronic Manifest Establishment Act (e-Manifest Act), the EPA is establishing the nine member Advisory Board to provide practical and independent advice, consultation, and recommendations to the EPA Administrator on the activities, functions, policies and regulations associated with the Hazardous Waste Electronic Manifest (e-Manifest) System. The EPA Administrator or designee will serve as chair of the Board. This notice solicits nominations to fill the remaining eight positions of the Board, which will be active upon establishment. The Board is considered established once a Board Charter is filed with Congress, which is anticipated no later than October 5, 2015.
