

information, the agency estimates that light truck manufacturers use a total of 20 hours. Specifically, manufacturers use 9 hours to gather and arrange the data in its proper format, 4 hours to distribute the information to its dealerships and attach labels to light trucks that are capable of accommodating slide-in campers, and 7 hours to print the labels and utility vehicle information in the owner's manual or in a separate document included with the owner's manual. The estimated annual burden hour is 300 hours. This number reflects the total responses (15) times the total hours (20). Prior years' manufacturer information indicates that it takes an average of \$37.00 per hour for professional and clerical staff to gather data, distribute and print material. Therefore, the agency estimates that the cost associated with the burden hours is \$11,100 (\$37.00 per hour × 300 burden hours).

Estimated Annual Cost: \$2,432,924.

The annual cost is based on light truck production. In model year 2013, light truck manufacturers produced about 8,298,102 units. By assuming that all light truck manufacturers (both large and small volume manufacturers) incur the same cost, the total annual cost to comply with statutory requirements, § 575.103 and § 575.105 is equal to \$2,904,336 (or \$0.35 each unit).

Comments Are Invited On:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility.
- Whether the Department's estimate for the burden of the proposed information collection is accurate.
- Ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it within 30 days of publication.

Raymond R. Posten,

Associate Administrator for Rulemaking.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-2014-0116]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on extension of a currently approved collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections. This document describes an existing collection of information for 49 CFR part 574, Tire Identification and Recordkeeping, for which NHTSA intends to seek renewed OMB approval. The **Federal Register** notice with a 60-day comment period was published on November 25, 2014 (79 FR 70271).

DATES: Comments must be received on or before March 23, 2015.

ADDRESSES: Send comments within 30 days to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street NW., Washington, DC 20503. Attention: NHTSA Desk Officer.

FOR FURTHER INFORMATION CONTACT: Dr. Abigail Morgan, NHTSA, 1200 New Jersey Avenue SE., Room W43-467, NVS-122, Washington, DC 20590. Telephone: (202) 366-1810.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following topics:

(1) Is the proposed collection of information necessary for the proper performance of the functions of the

agency? Does the information collection have practical utility?

(2) Is the agency's estimate of the burden of the proposed collection of information accurate? Is the methodology valid (including the assumptions used)?

(3) How can the agency enhance the quality, utility, and clarity of the information that we plan to collect?

(4) How can the agency minimize the burden of collecting this information on those who are to respond? Are there appropriate automated, electronic, mechanical, or other technological collection techniques (or other forms of information technology) that would be suitable for this collection (e.g. permitting electronic submission of responses)?

In compliance with these requirements, NHTSA published a notice in the **Federal Register** providing a 60-day comment period, and we received no public comments on the renewal of this information collection (79 FR 70271). Today's notice provides a 30-day comment period in which public comments on the renewal of this information collection may be submitted to OMB.

Title: Tire Identification and Recordkeeping.

OMB Control Number: 2127-0050.

Form Number: This collection of information uses no standard form.

Type of Request: Extension of a currently approved collection of information.

Summary of the Collection of Information: 49 U.S.C. 30117(b) requires each tire manufacturer to collect and maintain records of the first purchasers of new tires. To carry out this mandate, 49 CFR part 574, Tire Identification and Recordkeeping, requires tire dealers and distributors to record the names and addresses of retail purchasers of new tires and the identification numbers(s) of the tires sold. A specific form is provided to tire dealers and distributors by tire manufacturers for recording this information. The completed forms are returned to the tire manufacturers where they are retained for not less than five years. Part 574 requires independent tire dealers and distributors to provide a registration form to consumers with the tire identification number(s) already recorded and information identifying the dealer/distributor. The consumer can then record his/her name and address and return the form to the tire manufacturer via U.S. mail, or alternatively, the consumer can provide this information electronically on the tire manufacturer's Web site if the tire manufacturer provides this capability. Additionally, motor vehicle

manufacturers are required to record the names and addresses of the first purchasers (for purposes other than resale), together with the identification numbers of the tires on the new vehicle, and retain this information for not less than five years.

Description of the Need for the Information and the Use of the Information: The information is used by a tire manufacturer after it or the agency determines that some of its tires either fail to comply with an applicable safety standard or contain a safety related defect. With the information, the tire manufacturer can notify the first purchaser of the tire and provide them with any necessary information or instructions to remedy the non-compliance situation or safety defect.

Without this information, efforts to identify the first purchaser of tires that have been determined to be defective or nonconforming pursuant to sections 30118 and 30119 of title 49 U.S.C. would be impeded. Further, the ability of the purchasers to take appropriate action in the interest of motor vehicle safety may be compromised.

Description of the Likely Respondents (Including Estimated Number and Proposed Frequency of Response to the Collection of Information): We estimate that the collection of information affects 10 million respondents annually. This group consists of approximately 20 tire manufacturers, 59,000 new tire dealers and distributors, and 10 million consumers who choose to register their tire purchases with tire manufacturers. A response is required by motor vehicle manufacturers upon each sale of a new vehicle and by non-independent tire dealers with the each sale of a new tire. A consumer may elect to respond when purchasing a new tire from an independent tire dealer.

Estimate of the Total Annual Reporting and Recordkeeping Burden Resulting from the Collection of Information: The estimated burden is as follows:

New tire dealers and distributors:
59,000.
Consumers: 10,000,000.
Total tire registrations (manual):
54,000,000.
Total tire registration hours (manual):
225,000.
Recordkeeping hours (manual):
25,000.
Total annual tire registration and recordkeeping hours: 250,000.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of

the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is most effective if OMB receives it within 30 days of publication of this notice.

Raymond R. Posten,

Associate Administrator for Rulemaking.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No: PHMSA-2015-0009]

Pipeline Safety: Information Collection Activities, Renewal of Annual Report for Hazardous Liquid Pipeline Systems

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Pipeline and Hazardous Materials Safety Administration (PHMSA) invites comments on its intent to request from the Office of Management and Budget (OMB) a three year renewal of form PHMSA F 7000-1.1—Annual Report for Hazardous Liquid Pipeline Systems which is currently collected under OMB Control number 2137-0614.

DATES: Interested parties are invited to submit comments on or before April 20, 2015.

ADDRESSES: Comments may be submitted in the following ways:

E-Gov Web site: <http://www.regulations.gov>. This site allows the public to enter comments on any **Federal Register** notice issued by any agency.

Fax: 1-202-493-2251.
Mail: Docket Management Facility; U.S. Department of Transportation (DOT), 1200 New Jersey Avenue SE., West Building, Room W12-140, Washington, DC 20590-0001.

Hand Delivery: Room W12-140 on the ground level of DOT, West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays.

Instructions: Identify the docket number, PHMSA-2012-0024, at the beginning of your comments. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. You should know that anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). Therefore, you may want to review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000, (65 FR 19477) or visit <http://www.regulations.gov> before submitting any such comments.

Docket: For access to the docket or to read background documents or comments, go to <http://www.regulations.gov> at any time or to Room W12-140 on the ground level of DOT, West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. If you wish to receive confirmation of receipt of your written comments, please include a self-addressed, stamped postcard with the following statement: "Comments on PHMSA-2012-0024." The Docket Clerk will date stamp the postcard prior to returning it to you via the U.S. mail. Please note that due to delays in the delivery of U.S. mail to Federal offices in Washington, DC, we recommend that persons consider an alternative method (internet, fax, or professional delivery service) of submitting comments to the docket and ensuring their timely receipt at DOT.

FOR FURTHER INFORMATION CONTACT: Angela Dow by telephone at 202-366-1246, by fax at 202-366-4566, or by mail at DOT, PHMSA, 1200 New Jersey Avenue SE., PHP-30, Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION: The following information is provided for each information collection: (1) Abstract for the affected annual report form; (2) title of the information collection; (3) OMB control number; (4) affected annual report form; (5) description of affected public; (6) estimate of total annual reporting and recordkeeping burden; and (7) frequency of collection. PHMSA will request a three-year term of approval for each information collection activity and, when approved by OMB, publish notice of the approval in the **Federal Register**.

PHMSA requests comments on the following information collection:
