FEDERAL TRADE COMMISSION

Privacy Act of 1974; System of Records Notices

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice of revised Privacy Act system notices.

SUMMARY: The FTC is making technical revisions to several of the notices that it is required to publish under the Privacy Act of 1974 to describe its systems of records about individuals. This action is intended to make these notices clearer, more accurate, and up-to-date.

DATES: This notice shall become final and effective on February 23, 2015.

FOR FURTHER INFORMATION CONTACT: G. Richard Gold, Alex Tang, or Lorielle L. Pankey, Attorneys, Office of the General Counsel, FTC, 600 Pennsylvania Avenue NW., Washington, DC 20580, (202) 326-2424.

SUPPLEMENTARY INFORMATION: To inform the public, the FTC publishes in the *Federal Register* and posts on its Web site a "system of records notice" (SORN) for each system of records about individuals that the FTC currently maintains within the meaning of the Privacy Act of 1974, as amended, 5 U.S.C. 552a. See <http://www.ftc.gov/about-ftc/foia/foia-reading-rooms/privacy-act-systems>. Each SORN describes the records maintained in each system, including the categories of individuals that the records in the system are about (e.g., FTC employees or consumers). Each system notice also contains information explaining how individuals can find out from the agency if that system contains any records about them.

On June 12, 2008, the FTC republished and updated all of the FTC's SORNs, describing all of the agency's systems of records covered by the Privacy Act in a single document for ease of use and reference. 73 FR 33592. To ensure the SORNs remain accurate,

FTC staff reviews each SORN on a periodic basis. As a result of this systematic review, the FTC made revisions to several of its SORNs on April 17, 2009, 74 FR 17863, and on August 27, 2010, 75 FR 52749. Based on subsequent review, the FTC is making the following technical revisions to several of its SORNs and one of the appendices.¹

I. FTC Law Enforcement Systems of Records

FTC-II-8 (Stenographic Reporting Services Request System—FTC). This SORN covers the database system that the FTC uses to log and fulfill requests by FTC attorneys for stenographic services in FTC investigations, litigation and other FTC matters. The Commission is including additional types of records under "category of records" and changing the retrievability section to reflect the capabilities of a new internal software program used to track stenographic services. The FTC also is clarifying that the information maintained in this system can include a deponent's home address and that this type of information is destroyed by the FTC when no longer needed.

II. Federal Trade Commission Personnel Systems of Records

FTC-II-1 (General Personnel Records—FTC),

FTC-II-2 (Unofficial Personnel Records—FTC),

FTC-II-3 (Workers' Compensation—FTC),

FTC-II-4 (Employment Application-Related Records—FTC),

FTC-II-8 (Employee Adverse Action and Disciplinary Records—FTC),

FTC-II-10 (Employee Health Care Records—FTC), and

FTC-II-12 (e-Train Learning Management System—FTC).

These SORNs relate to FTC employee records. The Human Resources Management Office (HRMO) is now the Human Capital Management Office (HCMO). We have revised the titles of system managers and other references in these SORNs to reflect this change. For FTC-II-2 (Unofficial Personnel Records—FTC), we also have clarified the retention and disposal section.

FTC-II-7 (Ethics Program Records—FTC). This SORN covers financial disclosure forms, ethics agreements and other records related to conflict of

¹ The FTC is not adding or changing any routine uses of its system records, adding any new systems, or making other significant system changes that would require prior public comment or notice to the Office of Management & Budget (OMB) and Congress. See U.S.C. 552a(e)(11) and 552a(r); OMB Circular A-130, Appendix I.

interest determinations. This SORN also pertains to other ethics records about individual FTC employees, including material addressing outside activities, post-employment, and travel reimbursement concerns. The Office of Government Ethics (OGE) has published two Government-wide SORNs that together cover records in this FTC system. See OGE/GOVT-1 (Public Financial Disclosure Reports and Other Name-Retrieved Ethics Program Records), OGE/GOVT-2 (Confidential Financial Disclosure Reports). See 68 FR 3098, 24744 (2003). We have revised FTC-II-7 to make it more consistent with the OGE SORNs.

FTC-II-11 (Personnel Security, Identity Management, and Access Control Records System—FTC). This SORN covers security-related records for determining the eligibility of FTC employees or other authorized individuals (e.g., on-site contractors) for access to FTC facilities and resources, as well as records related to granting and controlling such access. The FTC has clarified that those materials obtained from the Office of Personnel Management's Federal Investigative Services (OPM-FIS) remain the property of OPM-FIS and are subject to that agency's SORN.²

III. Federal Trade Commission Financial Systems of Records

FTC-III-1 (Personnel Payroll System—FTC). This SORN covers payroll processing and retirement records for FTC employees. As noted above, the Human Resources Management Office (HRMO) is now the Human Capital Management Office (HCMO), and the FTC has revised the title of the system manager for this system to reflect this change.

FTC-III-3 (Financial Management System—FTC). This SORN covers FTC records of payments or reimbursements for travel by its employees and others and payments for the acquisition of other goods or services. The FTC has revised FTC-III-3 to update the hyperlink to the related SORN published by Department of the Interior (DOI), which processes and manages financial data for the FTC. See DOI-91 (Federal Financial System), 78 FR 55284 (Sept. 10, 2013).

IV. FTC Correspondence Systems of Records

FTC-IV-1 (Consumer Information System—FTC). This SORN covers consumer complaints and information

² This is OPM/CENTRAL-9 (Personnel Investigations Records), which was most recently amended at 75 FR 28307 (May 20, 2010).

requests received from consumers, as well as identity theft complaints. We have revised the SORN's exemption language to incorporate the pre-existing (k)(2) exemption as set out in 16 CFR 4.13(m)(2) applicable to identity theft records. This merely corrects an inadvertent omission in the 2008 SORN update and republication, rather than establishing any new exemption.³

VII. FTC Miscellaneous Systems of Records

FTC-VII-2 (Employee Locator (STAFFID) System—FTC). This SORN tracks and locates employees, contractors, volunteers or others (e.g., students) working for or at the FTC. The FTC is updating the system manager entry to Assistant Director for Infrastructure Operations, Office of the Chief Information Officer.

FTC-VII-3 (Computer Systems User Identification and Access Records—FTC). This SORN covers records that the FTC maintains on those who have access to FTC computer systems in order to monitor and control the usage of such systems. The FTC is revising this SORN to delete the Assistant Chief Information Officer, Operations Assurance, Office of Information and Technology Management, as one of the system managers. The FTC is also updating the title of the remaining system manager, who is the Assistant Director for Infrastructure Operations, Office of the Chief Information Officer.

FTC-VII-4 (Call Detail Records—FTC). This SORN covers records that the FTC maintains on telephone system usage by FTC employees, contractors and other individuals who work at the FTC. Due to an internal reorganization of the agency's information and technology resources, the FTC is revising this SORN to delete the Assistant Chief Information Officer, Customer Services, Office of Information and Technology Management as one of the system managers. The FTC is updating the title of the remaining system manager, who is the Assistant Director for Infrastructure Operations, Office of the Chief Information Officer.

FTC-VII-7 (Information Technology Service Ticket System—FTC). This SORN tracks and fulfills requests made by employees or other individuals for

building repairs, maintenance or other administrative services. The FTC is clarifying that this system's purpose also includes registering, tracking and controlling usage of FTC desktop and mobile telephones and other FTC telecommunication devices by individual users. Additionally, the categories of records includes individual users of any of these types of devices. Due to an internal reorganization of the agency's information and technology resources, the FTC is revising this SORN to delete the Assistant Chief Information Officer, Customer Services, Office of Information and Technology Management as one of the system managers. The FTC is updating the title for the existing system manager, who is the Assistant Director for Applications, Office of the Chief Information Officer.

Appendix III (FTC System Locations). This Appendix includes the addresses of all FTC facilities, including its satellite building in Washington, DC, and regional offices. It also explains that the FTC may maintain records in other leased facilities or, in certain cases, may have contractors operate or maintain Privacy Act record systems off-site. The FTC is updating the list of these facilities to include changes to satellite locations in the Washington, DC, area. The entire appendix as revised is set out below.

FTC Systems of Records Notices

Accordingly, the FTC revises and updates its Privacy Act systems of records below as follows:

* * * * *

II. Federal Trade Commission Personnel Systems of Records

FTC–II–1

SYSTEM NAME:

General Personnel Records—FTC.

* * * * *

CATEGORIES OF RECORDS IN THE SYSTEM:

Each category of records may include identifying information such as name(s), date of birth, home residence, mailing address, Social Security number, and home telephone number. This system includes, but is not limited to, the contents of the Official Personnel Folder (OPF) maintained by the FTC's Human Capital Management Office (HCMO) and described in the United States Office of Personnel Management (OPM) Guide to Personnel Recordkeeping and in OPM's Government-wide system of records notice for this system, OPM/GOVT–1. (Nonduplicative personnel records maintained by FTC employee managers in other FTC offices are covered by FTC–II–2, Unofficial Personnel Records–FTC.) Records in this system (FTC–II–1) include copies of current employees' applications for employment, documentation supporting appointments and awards, benefits records (health insurance, life insurance, retirement information, and Thrift Savings Plan information), investigative process documents, personnel actions, other personnel documents, changes in filing requirements, and training documents.

Other records include:

a. Records reflecting work experience, educational level achieved, specialized education or training obtained outside of Federal service.

b. Records reflecting Federal service and documenting work experience and specialized education or training received while employed. Such records contain information about past and present positions held; grades; salaries; and duty station locations; commendations, awards, or other data reflecting special recognition of an employee's performance; and notices of all personnel actions, such as appointments, transfers, reassignments, details, promotions, demotions,

reductions in force, resignations, separations, suspensions, approval of disability retirement applications, retirement and removals.

c. Records relating to participation in the Federal Employees' Group Life Insurance Program and Federal Employees Health Benefits Program.

d. Records relating to an Intergovernmental Personnel Act assignment or Federal-private exchange program.

e. Records relating to participation in an agency Federal Executive or SES Candidate Development Program.

f. Records relating to Government-sponsored training or participation in the agency's Upward Mobility Program or other personnel programs designed to broaden an employee's work experiences and for purposes of advancement (e.g., an administrative intern program).

g. Records connected with the Senior Executive Service (SES), for use in making studies and analyses of the SES, preparing reports, and in making decisions affecting incumbents of these positions, e.g., relating to sabbatical leave programs, training, reassignments, and details, that are perhaps unique to the SES and which may or may not be filed in the employee's OPF. These records may also serve as basis for reports submitted to OMB's Executive Personnel and Management Development Group for purposes of implementing the Office's oversight responsibilities concerning the SES.

h. Records on an employee's activities on behalf of the recognized labor organization representing agency employees, including accounting of official time spent and documentation in support of per diem and travel expenses.

i. To the extent that the records listed here are also maintained in the agency automated personnel or microform records system, those versions of the above records are considered to be covered by this system notice. Any additional copies of these records (excluding performance ratings of record and conduct-related documents maintained by first-line supervisors and managers covered by FTC–II–2) maintained by agencies at field or administrative offices remote from where the original records exist are considered part of this system.

j. Records relating to designations for lump sum death benefits.

k. Records relating to classified information nondisclosure agreements.

l. Records relating to the Thrift Savings Plan (TSP) concerning the starting, changing, or stopping of contributions to the TSP as well as the

how the individual wants the investments to be made in the various TSP Funds.

m. Copies of records contained in the Enterprise Human Resources Integration (EHRI) data warehouse (including the Central Employee Record, the Business Intelligence file that provide resources to obtain career summaries, and the electronic Official Personnel Folder (eOPF)) maintained by OPM. These data elements include many of the above records along with additional human resources information such as training, payroll and performance information from other OPM and agency systems of records. A definitive list of EHRI data elements is contained in OPM's Guide to Human Resources Reporting and The Guide to Personnel Data Standards.

n. Emergency contact information for the employee (see, e.g., FTC Form 75), which is kept on the left side of the OPF.

* * * * *

SAFEGUARDS:

Access is restricted to agency personnel or contractors whose responsibilities require access. Paper records are maintained in lockable rooms or file cabinets. (In addition, FTC HCMO offices are in a locked suite separate from other FTC offices not generally accessible to the public or other FTC staff.) Access to electronic records is controlled by "user ID" and password combinations and/or other appropriate electronic access or network controls (e.g., firewalls). FTC buildings are guarded and monitored by security personnel, cameras, ID checks, and other physical security measures.

In general, supervisory personnel files are destroyed within 1 year after the employee separates or transfers from the agency, and employee performance records that have not been destroyed as obsolete or superseded, or have not been placed in the employee's Official Personnel Folder (OPF), see FTC II-1, are destroyed when they are 4 years old for non-SES appointees, or 5 years old for SES appointments. SUPPLEMENTARY INFORMATION: Under Section 301 of Public Law 101-445 (7 U.S.C. 5341, the National Nutrition Monitoring and Related Research Act of 1990, Title III) the Secretaries of Health and Human Services (HHS) and Agriculture (USDA) are directed to issue at least every five years a report titled *Dietary Guidelines for Americans*. The law instructs that this publication shall contain nutritional and dietary information and guidelines for the general public, shall be based on the preponderance of scientific and medical knowledge current at the time of publication, and shall be promoted by each federal agency in carrying out any federal food, nutrition, or health program. The *Dietary Guidelines for Americans* was issued voluntarily by HHS and USDA in 1980, 1985, and 1990; the 1995 edition was the first statutorily mandated report, followed by subsequent editions at appropriate intervals. To assist with satisfying the mandate, a discretionary federal advisory committee is established every five years to provide independent, science-based advice and recommendations. The Committee consists of a panel of experts who were selected from the public/private sector. Individuals who were selected to serve on the Committee have current scientific knowledge in the field of human nutrition and chronic disease.

Appointed Committee Members: Fourteen members served on the 2015 Committee. They were appointed by the Secretaries of HHS and USDA in May 2013. Information on the DGAC membership is available at www.DietaryGuidelines.gov. As stipulated in the charter, the Committee
