

performance requirements for aircraft as aviation operations are conducted under extremely adverse conditions of weather, terrain, turbulence, smoke reduced visibility, minimally improved landing areas, and congested airspace around wildfires. To ensure agency contracting officers that pilots and aircraft used for aviation operations meet specific Forest Service qualifications and requirements for aviation operations, prospective contract pilots fill out one of the following Forest Service forms:

- FS-5700-20—Airplane Pilot Qualifications and Approval Record
- FS-5700-20a—Helicopter Pilot Qualifications and Approval Record
- Contract Officers' Technical Representatives use forms:
 - FS-5700-21—Airplane Data Record
 - FS-5700-21a—Helicopter Data Record

When inspecting the aircraft for contract compliance. Based upon the approval(s) documented on the form(s), each contractor pilot and aircraft receives an approval card. The Forest Service personnel verify possession of properly approved cards before using contracted pilots and aircraft.

Information collected on these forms includes:

- Name.
- Address.
- Certification numbers.
- Employment history.
- Medical Certification.
- Airplane/helicopter certifications and specifications.
- Accident/violation history.

Without the collected information, Forest Service Contracting Officers, as well as Forest Service pilot and aircraft inspections, cannot determine if contracted pilots and aircraft meet the detailed qualification, equipment, and condition requirements essential to safe and effective accomplishment of Forest Service specified flying missions. Without a reasonable basis to determine pilot qualifications and aircraft capability, Forest Service employees would be exposed to hazardous conditions. The data collected documents the approval of contract pilots and aircraft for specific Forest Service aviation missions. Information will be collected and reviewed by Contracting Officers or their designated representatives, including aircraft inspectors, to determine whether the aircraft and/or pilot(s) meet all contract specifications in accordance with Forest Service Handbook (FSH) 5709.16, chapter 10, sections 15 and 16. Forest Service pilot and aircraft inspectors maintain the collected information in Forest Service regional offices. The

Forest Service, at times, shares the information with the Department of the Interior, Aviation Management Directorate, as each organization accepts contract inspections conducted by the other.

Estimate of Annual Burden: 60 minutes.

Type of Respondents: Vendors/Contractors.

Estimated Annual Number of Respondents: 2100.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 2100 hours.

Comment is Invited: Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

SUPPLEMENTARY INFORMATION:

Title: Forest Products Free Use Permit; Forest Products Removal Permit and Cash Receipt; and Forest Products Contract and Cash Receipt.

OMB Number: 0596-0085.

Expiration Date of Approval: 04/30/2015.

Type of Request: Extension with revision of a currently approved information collection.

Abstract: This information collection is being revised to accommodate requests by federally recognized Indian tribes for use of trees, portions of trees, or forest products, free of charge, from National Forest System lands for noncommercial traditional and cultural purposes under the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246, 122 Stat. 1651) section 8105 *Forest Products for Traditional and Cultural Purposes* [hereinafter referred to as "section 8105"], and per the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) and implementing regulations at 5 CFR part 1320. Additionally, section 8105 has been codified in 25 U.S.C. Chapter 32A *Cultural and Heritage*

Cooperation Authority; section 3055 *Forest Products for Traditional and Cultural Purposes*. Pending rulemaking regarding section 8105, the Forest Service issued policy via an Interim Directive (ID) providing short-term direction for federally recognized Indian tribe requests for trees, portions of trees, or forest products for noncommercial traditional and cultural purposes. The ID has since been reissued as Forest Service ID 2409.18–2013–2.

Under 16 U.S.C. 551, individuals and businesses wishing to remove forest products from National Forest System lands must request a permit. Federally recognized Indian tribes seeking products under section 8105 authority must make a request for free use. To obtain a permit, applicants must meet the criteria at 36 CFR 223.1, 223.2, and 223.5–223.13, which authorizes free use or sale of timber or forest products. As noted above, section 8105 authority sets forth conditions under which federally recognized Indian tribes may obtain, free of charge, trees, portions of trees, or forest products for noncommercial traditional and cultural purposes. Should federally recognized Indian tribes seeking such use wish to obtain proof of possession, as may be required in some States, they could be issued a FS–2400–8 permit. Upon receiving a permit, the permittee must comply with the terms of the permit (36 CFR 261.6), which designates forest products that can be harvested and under what conditions, such as limiting harvest to a designated area or permitting harvest of only specifically designated material. The collected information will help the Forest Service and the Bureau of Land Management (for form FS–2400–1) oversee the approval and use of forest products by the public.

When applying for forest product removal permits, applicants (depending on the products requested) would provide information needed to complete one of the following:

- FS–2400–1, *Forest Products Removal Permit and Cash Receipt*, is used to sell timber or forest products such as, but not limited to, fuelwood, Christmas trees, or pine cones (36 CFR 223.1, 223.2). The Bureau of Land Management identifies the FS–2400–1 as BLM–5450–24 (43 U.S.C. 1201, 43 CFR 5420). This form would *not* be used to issue products requested by federally recognized Indian tribes under section 8105 authority.

- FS–2400–4/FS–2400–4ANF, *Forest Products Contract and Cash Receipt*, are used to sell timber products such as sawtimber or forest products such as, but not limited to, fuelwood. These forms would *not* be used to issue

products requested by federally recognized Indian tribes under section 8105 authority.

- FS–2400–8, *Forest Products Free Use Permit*, allows use of timber or forest products at no charge to the permittee (36 CFR 223.5–223.13).

This form could be used to issue products requested by federally recognized Indian tribes under section 8105 authority.

Each form listed above implements different regulations and has different provisions for compliance, but collects similar information from the applicant for related purposes.

The Forest Service and the Bureau of Land Management will use the information collected on form FS–2400–1 to ensure identification of permittees in the field by agency personnel. The Forest Service will use the information collected on forms FS–2400–4/FS–2400–4ANF and/or FS–2400–8 to:

- Ensure that permittees obtaining free use of timber or forest products qualify for the free-use program.
- Ensure that permittees obtaining free use of timber or forest products, under 36 CFR 223.8, do not receive product value in excess of that allowed by regulations. Note, however, that under section 8105 authority, there is no stated maximum free use limitation.
- Ensure that applicants purchasing timber harvest or forest products permits non-competitively do not exceed the authorized limit in a fiscal year (16 U.S.C. 472(a)).
- Ensure identification of permittees, in the field, by Forest Service personnel.

Applicants may apply for more than one forest products permit or contract per year. For example, an applicant may obtain a free use permit for a timber product such as, but not limited to, pine cones (FS–2400–8) and still purchase fuelwood (FS–2400–1, and/or FS–2400–4/2400–4ANF). Additionally, there is no limitation to the number of requests that each federally recognized Indian tribe may make under section 8105 authority.

Individuals and small business representatives usually request and apply for permits and contracts in person at the office issuing the permit. How requests are made by federally recognized Indian tribes is not specified under section 8105 authority or in the interim direction found in Forest Service ID 2409.18–2013–2. However, pending rulemaking proposes the requests be made in writing.

Applicants provide the following information, as applicable:

- Name,
- Address, and
- Personal identification number such as tax identification number, social

security number, driver's license number, or other unique number identifying the applicant.

Agency personnel enter the information into a computerized database to use for subsequent requests by applicants for a forest product permit or contract. The information is printed on paper, which the applicant signs and dates. Agency personnel discuss the terms and conditions of the permit or contract with the applicant.

The data gathered is not available from other sources. The collected data is used to ensure:

- Applicants for free use permits meet the criteria for free use of timber or forest products authorized by regulations at 36 CFR 223.5–223.13, and/or section 8105 of the 2008 Farm Bill;
- Applicants seeking to purchase and remove timber or forest products from Agency lands meet the criteria under which sale of timber or forest products is authorized by regulations at 36 CFR 223.80; and
- Permittees comply with regulations and terms of the permit at 36 CFR 261.6.

The collection of this information is necessary to ensure that applicants meet the requirements of the forest products program; those obtaining free-use permits for forest products qualify for the program; applicants purchasing non-competitive permits to harvest forest products do not exceed authorized limits; and that Federal Agency employees can identify permittees when in the field.

Estimate of Annual Burden: 5 minutes.

Type of Respondents: Individuals, small businesses, and, for requests made under section 8105 of the Food, Conservation, and Energy Act of 2008 (Public Law 110–246, 122 Stat. 1651), federally recognized Indian tribes.

Estimated Annual Number of Respondents: 212,634.

Estimated Annual Number of Responses per Respondent: 2.

Estimated Total Annual Burden on Respondents: 35,439.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on

respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Foreign-Trade Zones Board

[B-10-2015]

Foreign-Trade Zone (FTZ) 245—Decatur, Illinois; Notification of Proposed Production Activity; Thyssenkrupp Presta Danville, LLC; (Camshafts); Danville, Illinois

The Economic Development Corporation of Decatur & Macon County, grantee of FTZ 245, submitted a notification of proposed production activity to the FTZ Board on behalf of Thyssenkrupp Presta Danville, LLC (Thyssenkrupp Presta), located in Danville, Illinois. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on February 18, 2015.

A separate application for subzone designation at the Thyssenkrupp Presta facility was submitted and will be processed under Section 400.31 of the Board's regulations. The facility is used for the production of camshafts for the automotive industry. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Thyssenkrupp Presta from customs duty payments on the foreign status components used in export production. On its domestic sales, Thyssenkrupp Presta would be able to choose the duty rates during customs entry procedures that apply to

camshafts for use with spark-ignition internal combustion piston engines (duty rate 2.5%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: Welded, cold-drawn steel tubes; camlobes; nosepieces; sensor rings; sprockets; thrust rings; cap plugs; thrust washers; end plugs; and, end caps (duty rate ranges from duty-free to 2.8%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 6, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.
