

Conductors. The request was assigned Docket Number FRA–2014–0127. The relief is contingent on KRSM’s implementation of and participation in the Confidential Close Call Reporting System (C³RS) pilot project.

KRSM seeks to shield reporting employees and the railroad from mandatory punitive sanctions that would otherwise arise as provided in 49 CFR 240.117(e)(1)–(4); 240.305(a)(1)–(4) and (a)(6); 240.307; and 242.403(b), (c), (e)(1)–(4), (e)(6)–(11), (f)(1)–(2). The C³RS pilot project encourages certified operating crew members to report close calls and protects the employees and the railroad from discipline or sanctions arising from the incidents reported per the C³RS Implementing Memorandum of Understanding.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation’s (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Web site:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202–493–2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Avenue SE., Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received within April 13, 2015 of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written

communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy. See also <http://www.regulations.gov/#!privacyNotice> for the privacy notice of regulations.gov.

Issued in Washington, DC, on February 19, 2015.

BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Numbers FRA–2014–0124 and FRA–2013–0128]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated November 18, 2014, the National Railroad Passenger Corporation (Amtrak) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained in 49 CFR, governing the operation of passenger trains on the Northeast Corridor (NEC). Relief was also requested from speed limitations imposed by the Order of Particular Applicability for the Advanced Civil Speed Enforcement System (ACSES) Order. [FRA Docket No. 87–2, Notice No. 7; 63 FR 39343; July 28, 1998]. FRA assigned the petition Docket Number FRA–2014–0124.

Amtrak’s petition incorporated by reference a prior request for relief in Docket Number FRA–2013–0128 (*see* 79 FR 8238; Feb. 11, 2014). Accordingly, additional comments may be submitted regarding the petition in Docket Number FRA–2013–0128 as well as on the new petition in FRA–2014–0124.

The Amtrak petitions address two distinct requests. First, both petitions request permission to operate existing Acela trainsets, built in compliance with the specific requirements for Tier

II equipment under 49 CFR part 238 subpart E, at speeds up to 160 miles per hour (mph) in three speed zones where track conditions can support higher speeds than currently operated. As discussed above, Amtrak’s earlier petition in Docket Number FRA–2013–0128 proposed the same speed increase for a segment of track in Rhode Island, milepost (MP) AB 154.3 to MP AB 171.7.

The new petition in Docket Number FRA–2014–0124 adds a request for a 160 mph speed zone in Massachusetts (MP AB 194 to MP AB 204) and—subject to completion of certain infrastructure improvements—a 160 mph speed zone in New Jersey (MP AN 33 to MP AB 55.5).

In summary, Amtrak seeks a waiver of provisions in the ACSES Order and the 150 mph limitation for Tier II equipment in the Passenger Equipment Safety Standards to permit operation up to 160 mph in each of these discrete zones. Amtrak does not seek to use the existing Acela trainsets at speeds higher than presently authorized elsewhere on the NEC. Amtrak notes that increasing speeds in the subject zones would be subject to special approvals qualifying the existing Acela Tier II trainsets at the higher speed under 49 CFR part 213, Track Safety Standards, and regulations governing Positive Train Control, such as 49 CFR part 236, Rules, Standards, and Instructions Governing the Installation, Inspection, Maintenance, and Repair of Signal and Train Control Systems, Devices, and Appliances. With FRA oversight, Amtrak has been conducting tests that, although not yet concluded, are intended by Amtrak to support qualification of the existing trainsets and train control system for 160 mph operation. Successful completion of these processes would be necessary for Amtrak to use any relief related to the Acela service that might be granted in this proceeding.

Secondly, in Docket Number FRA–2014–0124, Amtrak requests approval to operate, on the “spine” of the NEC between Washington, DC and Boston, new trainsets that would be built to “Tier III” standards proposed by the second Engineering Task Force (ETF) of the Passenger Safety Working Group of the Railroad Safety Advisory Committee (RSAC). Those standards were accepted by the full RSAC on June 14, 2013, (*see* “ETF_001–02—Proposed Ruletext for NPRM 1.docx,” available on the RSAC Web site at <https://rsac.fra.dot.gov/meetings/20130614.php>). Minutes of the June 14, 2013, RSAC meeting are available at <https://rsac.fra.dot.gov/meetings/20131031.php>.

Amtrak proposes to use Tier III equipment on the NEC at speeds up to 160 mph (rather than the 220 mph maximum contemplated for Tier III equipment operating on dedicated right-of-way). In support of this request, Amtrak has submitted a review of NEC operating experience that Amtrak represents as demonstrating a high level of safety, supported by compliance with FRA safety regulations and existing risk mitigations undertaken as voluntary measures. Amtrak notes that Tier III trainsets would be operated at greater than Tier I speeds (*i.e.*, above 125 mph) only on the fully grade-separated portions of the NEC in designated high-speed zones.

In further support of its Tier III request, Amtrak has submitted the report of a semi-quantitative risk assessment and a description of specific safety mitigations designed to compensate for the differences in crashworthiness between equipment built to Tier II and Tier III standards. Amtrak asserts that, with the existing and proposed mitigations, Tier III equipment can be operated at a level of safety equivalent to, or better than, operations with Tier II equipment. Amtrak's petition and exhibits are available for reference in Docket Number FRA-2014-0124.

Amtrak asserts that all of the relief requested is consistent with safety and in the public interest.

Copies of the petitions, as well as any written communications concerning the petitions, are available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

Web site: <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Fax: 202-493-2251.

Mail: Docket Operations Facility, U.S. Department of Transportation, 1200

New Jersey Avenue SE., W12-140, Washington, DC 20590.

Hand Delivery: 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by April 13, 2015 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at www.dot.gov/privacy. BILLING CODE 4910-06-P

DEPARTMENT OF THE TREASURY

Call for Nominations for Treasury Secretary Appointments to Tribal Advisory Committee

AGENCY: Departmental Offices, Treasury.

ACTION: Notice.

SUMMARY: The Treasury Department ("Treasury") seeks nominations for appointments by the Secretary of the Treasury ("Secretary") to the Treasury Tribal Advisory Committee (TTAC), established pursuant to the Tribal General Welfare Exclusion Act of 2014 (Pub. L. 113-168, or TGWEA). The TTAC will advise the Secretary on matters related to the taxation of Indians, training and education for Internal Revenue Service ("Service") field agents who administer and enforce internal revenue laws with respect to Indian tribes; and training and technical assistance for tribal financial officers. Nominations should describe the candidate's qualifications for TTAC membership. Submittal of an application and resume is required.

This request for nominations, particularly from tribal leaders, is in furtherance of the objectives of Executive Order 13175 under which Treasury consults with tribal officials in the development of federal policies that have tribal implications, to reinforce the United States government-to-government relationships with Indian tribes and to reduce the imposition of unfunded mandates upon Indian tribes.

DATES: Please submit the names and qualifications of individuals you would recommend for appointment to the TTAC by the Secretary, applications for appointment by the Secretary to the TTAC or comments on this matter, before April 28, 2015.

ADDRESSES: Please send recommendations and applications to tribal.consult@treasury.gov, with a subject line "Treasury Tribal Advisory Committee member recommendation or application." We will accept applications for Secretarial appointments until April 28, 2015. Self-nominations are welcome.

FOR FURTHER INFORMATION CONTACT: Elaine Buckberg, Deputy Assistant Secretary for Policy Coordination and Point of Contact for Tribal Consultation, Department of the Treasury, at tribal.consult@treasury.gov or 202-622-2200. Please use the subject line "Treasury Tribal Advisory Committee" in email correspondence.

SUPPLEMENTARY INFORMATION:

Introduction and Background

I. Description and Mandate of the TTAC

The TGWEA, signed into law by President Obama on September 26, 2014, requires that Treasury establish the TTAC. Committee members will advise the Secretary on matters related to the taxation of Indians, the training of Service field agents who administer and enforce internal revenue laws with respect to Indian tribes, and the provision of training and technical assistance to Native American financial officers. The Secretary will appoint three Committee members; the Chairs and Ranking Members of the Senate Finance Committee and House of Representative Ways and Means Committee will each appoint one member. The TTAC Charter has been filed; a copy of the Charter is posted at <http://www.treasury.gov/resource-center/economic-policy/tribal-policy/Documents/TTAC%20Charter%202012-10-15.pdf>.

Recommendations for the four Congressional appointments to the TTAC should be directed to the offices of the four Members of Congress
