SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Vertical Tandem Lifts for Marine Terminals information collection. The Vertical Tandem Lifts (VTLs) standards of regulations 29 CFR part 1917 require employers to develop, implement, and maintain a written plan for transporting vertically connected containers in the longshoring and marine terminal industries. The written plan is necessary for the safe transport of VTLs in the marine terminal where factors affect the stability of a VTL that has a higher center of gravity than a single container. Occupational Safety and Health of 1970 sections 2(b)(9), 6, and 8(c) authorize this information collection. See 29 U.S.C. 651(b)(9), 655, and 657.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a

collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0260.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on February 28, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on October 9, 2014 (79 FR 61101).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218-0260. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on May 6, 2014, applicable to leased workers from Aerospace Logistic Services, Butler Service, Global Contract Professionals, Iqnavigator, PDS Technical Services, S.M.A.R.T., Volt Services Group, Comforce Technical Services, Donatech Corp., Five Star Technical Services, Johnson Service Group, Strom Aviation and STS Services, working on-site at Textron, Inc., formerly known as Beechcraft Corporation, Wichita, Kansas. The Department's Notice of Determination was published in the **Federal Register** on June 6, 2014 (79 FR 32328).

At the request of a State Workforce Official, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of aircraft.

The investigation confirmed that workers leased from Aerospace Logistic Services were employed on-site at Textron, Inc., formerly known as Beechcraft Corporation, Wichita, Kansas. Based on these findings, the Department is amending this certification to include workers leased

from Aerospace Logistic Services, working on-site at the Wichita, Kansas location of Textron, Inc.

The amended notice applicable to TA-W-83,358 is hereby issued as follows:

“All workers of Textron, Inc., formerly known as Beechcraft Corporation, Wichita, Kansas, (TA-W-83,358) who became totally or partially separated from employment on or after February 15, 2013, through May 6, 2016, and all workers in the group threatened with total or partial separation from the date of certification through May 6, 2016, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended,
