

determination of Plan adequacy. Section 3405(e) of the Central Valley Project Improvement Act (Title 34 Pub. L. 102–575), requires the Secretary of the Interior to establish and administer an office on Central Valley Project water conservation best management practices that shall “develop criteria for evaluating the adequacy of all water conservation plans developed by project contractors, including those plans required by Section 210 of the Reclamation Reform Act of 1982.” Also, according to Section 3405(e)(1), these criteria must be developed “with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices.” These criteria state that all parties (Contractors) that contract with Reclamation for water supplies (municipal and industrial contracts over 2,000 acre-feet and agricultural contracts over 2,000 irrigable acres) must prepare a Plan that contains the following information:

1. Description of the District;
2. Inventory of Water Resources;
3. Best Management Practices (BMPs) for Agricultural Contractors;
4. BMPs for Urban Contractors;
5. Plan Implementation;
6. Exemption Process;
7. Regional Criteria; and
8. Five-Year Revisions.

Reclamation evaluates Plans based on these criteria. A copy of these Plans will be available for review at Reclamation’s Mid-Pacific Regional Office, 2800 Cottage Way, MP–410, Sacramento, California 95825. Our practice is to make comments, including names and home addresses of respondents, available for public review. If you wish to review a copy of these Plans, please contact Ms. Anderson.

[Investigation Nos. 701–TA–458 and 731–TA–1154 (Review)]

#### Certain Kitchen Appliance Shelving and Racks From China: Determination

On the basis of the record<sup>1</sup> developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), that revocation of the existing antidumping and countervailing duty orders on certain kitchen appliance shelving and racks from China would be likely to lead to continuation or recurrence of material injury to a U.S. industry producing refrigeration shelving and a U.S. industry producing oven racks within a reasonably foreseeable time.

#### Background

The Commission instituted these reviews on August 1, 2014 (79 FR 44862) and determined on November 4, 2014 that it would conduct expedited reviews (79 FR 69525, November 21, 2014).

The Commission completed and filed its determinations in these reviews on February 24, 2015. The views of the Commission are contained in USITC Publication 4520 (February 2015), entitled *Certain Kitchen Appliance Shelving and Racks from China: Investigation Nos. 701–TA–458 and 731–TA–1154 (Review)*.

Issued: February 24, 2015.

By order of the Commission.

(collectively, “Sinowell”), based on a settlement agreement; and (2) an ID (Order No. 18) issued by the ALJ on January 27, 2015, granting a motion to terminate the investigation as to the remaining respondents based on withdrawal of the amended complaint.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on August 12, 2014, based on a complaint filed on June 20, 2014, amended on July 11, 2014, and supplemented on July 18, 2014, on behalf of Sunlight Supply, Inc. of Vancouver, Washington and IP Holdings, LLC of Vancouver, Washington (collectively, “Sunlight”). 79 FR 47156 (Aug. 12, 2014). The amended complaint alleged violations of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the sale for importation, importation, and sale within the United States after importation of certain light reflectors and components, packaging, and related advertising thereof by reason of infringement of certain claims of U.S. Patent Nos. 7,641,367; D634,469; D644,185; D545,485; and by reason of infringement of U.S. Trademark Registration Nos. 3,871,765; and

3,262,059. The amended complaint also alleges that an industry in the United States exists as required by subsection (a)(2) of section 337. The amended complaint further alleges violations of section 337 based upon the importation into the United States, or in the sale of, certain light reflectors and components, packaging, and related advertising thereof by reason of false advertising, the threat or effect of which is to destroy or substantially injure an industry in the United States. The Commission's notice of investigation named numerous respondents including Sinowell. *See* 79 FR 47156–57. The Office of Unfair Import Investigations was named as a party to the investigation. *Id.* at 47157.

On December 16, 2014, the Commission determined not to review an ID (Order No. 12) granting a motion to terminate the investigation as to respondents The Hydro Source II, Inc.; Bizright, LLC; and Silversun, Inc., based upon settlement agreements.

On December 16, 2014, Sunlight moved to terminate the investigation as to Sinowell based upon a settlement agreement between Sunlight and Sinowell. That same day, Sunlight also moved to terminate the investigation as to the remaining respondents Groco Enterprises, LLC; Good Nature Garden Supply; Aqua Serene, Inc.; Aurora Innovations, Inc.; Big Daddy Garden Supply, Inc.; Insun, LLC; Lumz'N Blooms, Ltd. Corp; ParluxAmerica LLP; and Zimbali Group, Inc., based on withdrawal of the amended complaint as to these respondents. Sunlight asserted that there are no agreements, written or oral, express or implied between the parties concerning the subject matter of this investigation, other than the confidential settlement agreement between Sunlight and Sinowell. Sunlight also asserted that granting the motions is in the public interest and will conserve the resources of the Commission. The Commission's Investigative Attorney filed responses in support of the motions.

On January 22, 2015, the ALJ issued an ID (Order No. 17), granting the motion to terminate the investigation as to Sinowell. The ALJ found that the settlement agreement appears to resolve the dispute between Sunlight and Sinowell, and that granting the motion would not adversely affect the public interest factors. No petitions for review were filed.

On January 27, 2015, the ALJ issued an ID (Order No. 18), granting the motion to terminate the investigation as to the remaining respondents. The ALJ found that no extraordinary circumstances exist that would prevent the requested termination of the

remaining respondents from the investigation. The ALJ also found that the parties have complied with the requirements of Rule 210.21(a). No petitions for review were filed.

The Commission has determined not to review the two subject IDs.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: February 23, 2015.
