

comments and assistance from federal, state, and local agencies and individuals or organizations that may be interested in or affected by the proposed action.

The Forest Service conducts scoping according to the Council on Environmental Quality (CEQ) regulations (40 CFR 1501.7). In addition to other public involvement, this Notice of Intent initiates an early and open process for determining the scope of issues to be addressed in the EIS and for identifying the significant issues related to a proposed action. This scoping process allows the Forest Service to not only identify significant environmental issues deserving of study, but also to deemphasize insignificant issues, narrowing the scope of the EIS process accordingly (40 CFR 1500.4(g)).

Comment Requested

This Notice of Intent initiates the scoping process which guides the development of the EIS. Comments on the proposed action should be submitted within 45 days of the date of publication of this Notice of Intent.

Early Notice of Importance of Public Participation in Subsequent Environmental Review

A draft EIS will be available for comment when the Environmental Protection Agency publishes the notice of availability in the **Federal Register**. The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of a draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft EIS stage but that are not raised until after completion of the final EIS may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate during the comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final EIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft EIS should be as specific as possible. It is also helpful if

comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

Authority: 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21.

Forest Supervisor.

Grain Inspection, Packers and Stockyards Administration

Request for Extension and Revision of a Currently Approved Information Collection

AGENCY: Grain Inspection, Packers and Stockyards Administration, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this notice announces our intention to request a 3-year extension and revision of a currently approved information collection for "Export Inspection and Weighing Waiver for High Quality Specialty Grain Transported in Containers."

DATES: We will consider comments that we receive by April 28, 2015.

ADDRESSES: We invite you to submit comments on this notice by any of the following methods:

- *Internet:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Mail,* hand deliver, or courier to Irene Omade, GIPSA, USDA, 1400 Independence Avenue SW., Room 2530-S, Washington, DC 20250-3604.
- Fax to (202) 690-2173.

Instructions: All comments should be identified as "High Quality Specialty Grain Exported in Containers Information Collection," and should

reference to the date and page number of this issue of the **Federal Register**. The information collection package, public comments, and other documents relating to this action will be available for public inspection in the above office during regular business hours (7 CFR 1.27(b)). Please call GIPSA's Management and Budget Services at (202) 720-7486 to arrange a viewing of these documents.

FOR FURTHER INFORMATION CONTACT: For information regarding the collection of information activities and the use of the information, contact Candace Hildreth at (202) 720-0203.

SUPPLEMENTARY INFORMATION: Congress enacted The United States Grain Standards Act (USGSA) (7 U.S.C. 71-87k) to facilitate the marketing of grain in interstate and foreign commerce. The USGSA, with few exceptions, requires that all grain shipped from the United States must be officially inspected and officially weighed. The USGSA authorizes the Department of Agriculture to waive the mandatory inspection and weighing requirements of the USGSA in circumstances when the objectives of the USGSA would not be impaired.

The Grain Inspection, Packers and Stockyards Administration (GIPSA) amended section 7 CFR 800.18 of the regulations to waive the mandatory inspection and weighing requirements of the USGSA for high quality specialty grain exported in containers. GIPSA established this waiver to facilitate the marketing of high quality specialty grain exported in containers. GIPSA determined that this action was consistent with the objectives of the USGSA and would promote the continuing development of the high quality specialty grain export market.

To ensure that exporters of high quality specialty grain complied with this waiver, GIPSA required exporters to maintain records generated during the normal course of business that pertain to these shipments and make these documents available to GIPSA upon request for review or copying purposes (76 FR 45397). These records shall be maintained for a period of 3 years. This information collection requirement is essential to ensure that exporters who ship high quality specialty grain in containers comply with the waiver provisions. GIPSA does not require exporters of high quality specialty grain to complete and submit new Federal government record(s), form(s), or report(s).

Title: Export Inspection and Weighing Waiver for High Quality Specialty Grain Transported in Containers.

OMB Number: 0580–0022.

Expiration Date of Approval: July 31, 2015.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: GIPSA amended the regulations under the USGSA to waive the mandatory inspection and weighing requirements for high quality specialty grain exported in containers. GIPSA established this waiver to facilitate the marketing of high quality specialty grain exported in containers. To ensure compliance with this waiver, GIPSA required these exporters to maintain records generated during their normal course of business that pertain to these shipments and make these documents available to GIPSA upon request, for review and copying purposes.

Grain Contracts

Estimate of Burden: Public reporting and recordkeeping burden for maintaining contract information averages 6.0 hours per exporter.

Respondents: Exporters of high quality specialty grain in containers.

Estimated Number of Respondents: 40.

Estimated Number of Respondents per Request: 1.

Estimated Total Burden on Respondents: 240 Hours.

Estimated Total Cost: \$1,780.

Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Larry Mitchell,

Administrator, Grain Inspection, Packers and Stockyards Administration.
