

OMB Number: 0580–0022.

Expiration Date of Approval: July 31, 2015.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: GIPSA amended the regulations under the USGSA to waive the mandatory inspection and weighing requirements for high quality specialty grain exported in containers. GIPSA established this waiver to facilitate the marketing of high quality specialty grain exported in containers. To ensure compliance with this waiver, GIPSA required these exporters to maintain records generated during their normal course of business that pertain to these shipments and make these documents available to GIPSA upon request, for review and copying purposes.

Grain Contracts

Estimate of Burden: Public reporting and recordkeeping burden for maintaining contract information averages 6.0 hours per exporter.

Respondents: Exporters of high quality specialty grain in containers.

Estimated Number of Respondents: 40.

Estimated Number of Respondents per Request: 1.

Estimated Total Burden on Respondents: 240 Hours.

Estimated Total Cost: \$1,780.

Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Larry Mitchell,

Administrator, Grain Inspection, Packers and Stockyards Administration.

Emerging Technology and Research Advisory Committee; Notice of Open Meeting

The Emerging Technology and Research Advisory Committee (ETRAC) will meet on March 12, 2015, 8:45 a.m., Room 3884, at the Herbert C. Hoover Building, 14th Street between Pennsylvania and Constitution Avenues NW., Washington, DC The Committee advises the Office of the Assistant Secretary for Export Administration on emerging technology and research activities, including those related to deemed exports.

Agenda

Thursday, March 12

Open Session

1. Welcome and Introductions
2. Opening Remarks by the Assistant Secretary for Export Administration
3. Report on Association of University Export Control Officials, Washington, DC Conference
4. Presentation by Dr. Peter M. Vallone, National Institute of Standards and Technology
5. Tentative-Update on Wassenaar deliberations
6. Cuba Update
7. Recruitment of ETRAC members
8. Harmonization of definitions-fundamental research
9. Report: Export Control Classification Number Review
10. Review by ETRAC committee members of their assigned categories to determine viability

The open session will be accessible via teleconference to 20 participants on a first come, first serve basis. To the conference, submit inquiries to Ms. Yvette Springer at Yvette.Springer@bis.doc.gov, no later than March 5, 2015.

A limited number of seats will be available for the public session. Reservations are not accepted. To the extent that time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate the distribution of public presentation materials to the Committee members, the Committee suggests that presenters forward the public presentation materials prior to the meeting to Ms. Springer via email.

For more information, call Yvette Springer at (202) 482–2813.

Dated: February 23, 2015.

Yvette Springer,

Committee Liaison Officer.

Circular Welded Carbon Quality Steel Pipe From the People's Republic of China: Rescission of Antidumping Duty Administrative Review; 2013–2014

AGENCY: Enforcement and Compliance, Department of Commerce.

SUMMARY: The Department of Commerce (“the Department”) is rescinding the administrative review of the antidumping duty order on circular welded carbon quality steel pipe from the People's Republic of China (“PRC”) for the period July 1, 2013, through June 30, 2014.

DATES: Effective Date: February 27, 2015.

FOR FURTHER INFORMATION CONTACT: Howard Smith or Jonathan Hill, AD/CVD Operations, Office IV, Enforcement & Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–5193 or (202) 482–3518, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 29, 2014, based on a timely request for review by Wheatland Tube Company (“Wheatland”), the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on circular welded carbon quality steel pipe from the PRC with respect to 20 companies covering the period July 1, 2013, through June 30, 2014.¹ On November 21, 2014, Wheatland withdrew its request for an administrative review of all of the companies listed in its review request.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 79 FR 51548 (August 29, 2014).

days of the publication of the notice of initiation of the requested review. In this case, Wheatland timely withdrew its review request by the 90-day deadline, and no other party requested an administrative review of the antidumping duty order. As a result, we are rescinding the administrative review of circular welded carbon quality steel pipe from the PRC for the period July 1, 2013, through June 30, 2014.

Assessment

The Department will instruct U.S. Customs and Border Protection (“CBP”) to assess antidumping duties on all appropriate entries. Because the Department is rescinding this administrative review in its entirety, the entries to which this administrative review pertained shall be assessed antidumping duties at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a final reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: February 23, 2015.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska Chinook Salmon Economic Data Report (EDR).

OMB Control Number: 0648-0633.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 133.

Average Hours per Response: 40 hours for Compensated Transfer Report; 4 hours each for Vessel Fuel Survey, Vessel Master Survey; and Chinook EDR Verification/Audit.

Burden Hours: 1,168.

Needs and Uses: National Marine Fisheries Service (NMFS), Alaska Region manages the groundfish fisheries in the Exclusive Economic Zone off Alaska. The North Pacific Fishery Management Council (Council) prepared the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) under the authority of the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.* (Magnuson-Stevens Act). The FMP is implemented under regulations at 50 CFR part 679.

NMFS manages the Bering Sea pollock fishery under the American Fisheries Act (AFA) (16 U.S.C. 1851). The AFA “rationalized” the Bering Sea pollock fishery in part by allowing for the formation and management of fishery cooperatives. AFA fishing vessels harvest pollock using pelagic (mid-water) trawl gear, which consists of large nets towed through the water by the vessel. At times, Chinook salmon and pollock occur in the same locations in the Bering Sea. Consequently, Chinook salmon are incidentally caught in the nets as pollock is harvested. This

incidental catch is called bycatch and is also called prohibited species catch (PSC). Chinook Salmon are defined as a prohibited species because they are caught by a vessel issued a Federal Fisheries Permit under § 679.4(b) while fishing for groundfish (pollock) in the Bering Sea and Aleutian Islands Management Area (BSAI) or Gulf of Alaska.

In December 2009, the Council recommended that NMFS implement the Chinook Salmon Economic Data Report (Chinook Salmon EDR) to evaluate the effectiveness of Chinook salmon bycatch management measures for the Bering Sea pollock fishery that were implemented under Amendment 91 to the BSAI FMP (75 FR 53026, August 30, 2010).

The Chinook EDR Program provides information to the analysts and the Council for determining the effectiveness of the Incentive Plan Agreement (IPA). The Chinook EDR Program evaluates the effectiveness of the IPA incentives, the PSC limits, and the performance standard in terms of minimizing salmon bycatch in times of high and low levels of salmon abundance, and evaluates how Amendment 91 affects where, when, and how pollock fishing and salmon bycatch occur. The data collection program also provides data for NMFS and the Council to study and verify conclusions drawn by industry in the IPA annual reports.

Affected Public:

Frequency:

Respondent’s Obligation:

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: February 24, 2015.

Sarah Brabson,

NOAA PRA Clearance Officer.
