

Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with the Cognizant ACRS staff if such rescheduling would result in major inconvenience.

Thirty-five hard copies of each presentation or handout should be provided 30 minutes before the meeting. In addition, one electronic copy of each presentation should be emailed to the Cognizant ACRS Staff one day before meeting. If an electronic copy cannot be provided within this timeframe, presenters should provide the Cognizant ACRS Staff with a CD containing each presentation at least 30 minutes before the meeting.

In accordance with Subsection 10(d) of Public Law 92-463 and 5 U.S.C. 552b(c), certain portions of the March 6th meeting may be closed, as specifically noted above. Use of still, motion picture, and television cameras during the meeting may be limited to selected portions of the meeting as determined by the Chairman. Electronic recordings will be permitted only during the open portions of the meeting.

ACRS meeting agendas, meeting transcripts, and letter reports are available through the NRC Public Document Room at pdr.resource@nrc.gov, or by calling the PDR at 1-800-397-4209, or from the Publicly Available Records System (PARS) component of NRC's document system (ADAMS) which is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> or <http://www.nrc.gov/reading-rm/doc-collections/ACRS/>.

Video teleconferencing service is available for observing open sessions of ACRS meetings. Those wishing to use this service should contact Mr. Theron Brown, ACRS Audio Visual Technician (301-415-8066), between 7:30 a.m. and 3:45 p.m. (ET), at least 10 days before the meeting to ensure the availability of this service. Individuals or organizations requesting this service will be responsible for telephone line charges and for providing the equipment and facilities that they use to establish the video teleconferencing link. The availability of video teleconferencing services is not guaranteed.

SUPPLEMENTARY INFORMATION: Section 4010 of the Employee Retirement

Income Security Act of 1974 (ERISA) requires each member of a controlled group to submit financial and actuarial information to PBGC under certain circumstances. PBGC's regulation on Annual Financial and Actuarial Information (29 CFR part 4010) specifies the items of identifying, financial, and actuarial information that filers must submit. PBGC reviews the information that is filed and enters it into an electronic database for more detailed analysis. Computer-assisted analysis of this information helps PBGC to anticipate possible major demands on the pension insurance system and to focus PBGC resources on situations that pose the greatest risk to the system. Because other sources of information are not as current as the 4010 information and do not reflect a plan's termination liability, 4010 filings play a major role in PBGC's ability to protect participant and premium-payer interests.

ERISA section 4010 and PBGC's 4010 regulation specify that each controlled group member must provide PBGC with certain financial information, including audited (if available) or (if not) unaudited financial statements. They also specify that the controlled group must provide PBGC with certain actuarial information necessary to determine the liabilities and assets for all PBGC-covered plans. All non-public information submitted is protected from disclosure. Reporting is accomplished through PBGC's secure e-4010 web-based application.

OMB has approved the 4010 collection of information under control number 1212-0049 through June 30, 2015. PBGC intends to require that OMB extend approval of this collection of information for three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control number.

PBGC estimates that approximately 300 controlled groups will be subject to 4010 reporting requirements. PBGC further estimates that the total annual burden of this collection of information will be 2,620 hours and \$5,088,000.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Issued in Washington, DC, this 24th day of February 2015.

Judith Starr,

General Counsel, Pension Benefit Guaranty Corporation.

POSTAL SERVICE

Privacy Act of 1974; System of Records

AGENCY: Postal Service™.

ACTION: Notice of modification to existing system of records.

SUMMARY: The United States Postal Service® (Postal Service) is proposing to modify a General Privacy Act System of Records (SOR) to support the sharing of employment and wage data with the Bureau of Labor Statistics (BLS) for their Occupational Employment Statistics (OES) program. These data are used for the development of employment and wage estimates for over 800 occupations.

DATES: These revisions will become effective without further notice on April 1, 2015 unless comments received on or before that date result in a contrary determination.

ADDRESSES: Comments may be mailed or delivered to the Privacy and Records Office, United States Postal Service, 475 L'Enfant Plaza SW., Room 9517, Washington, DC 20260-1101. Copies of all written comments will be available at this address for public inspection and photocopying between 8 a.m. and 4 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Matthew J. Connolly, Chief Privacy Officer, Privacy and Records Office, 202-268-8582 or privacy@usps.gov.

SUPPLEMENTARY INFORMATION: This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service™ has determined that

one General Privacy Act System of Records should be revised to modify categories of records in the system, purpose(s), routine uses of records maintained in the system, including categories of users and the purpose of such uses, and retrievability.

Background

Pursuant to agreements that will protect the use of Postal Service data, the Postal Service intends to provide the Bureau of Labor Statistics (BLS) with employment and wage data pertaining to USPS employees. These data are used in BLS's OES program and, in conjunction with data obtained from the Office of Personnel Management, are used to develop employment and wage estimates.

The OES program produces employment and wage estimates for over 800 occupations. These estimates include the number of jobs in certain occupations and estimates of the wages paid to with respect to those jobs. Through its program, BLS maintains a comprehensive source of regularly produced occupational employment and wage information available for the nation as a whole, for individual States, and for metropolitan areas. OES data is used to develop information regarding current and projected employment needs, job opportunities, job placement aids, and state education and workforce development plans. Jobseekers can use OES data to analyze occupational wages and cost of living data by U.S. area. Employment and wage estimate data are also used by academic and government researchers to study labor markets and wage and employment trends. BLS is now developing occupational employment and wage estimates and is requesting USPS occupational data which includes occupational titles and occupational codes.

Rationale for Changes to USPS Privacy Act Systems of Records

The Postal Service is proposing modifications to SOR 100.400. Categories of records is being amended to reflect that the Postal Service maintains a unique occupation code and an occupation title for each employee, as well as annual salary, hourly rate, and the Rate Schedule Code (RSC), which is used to identify an employee's pay type. Pay type refers to any kind of wage that an employer is allotting to an employee. This can include, but is not limited to, holiday pay, overtime pay, annual leave pay, sick leave pay, severance pay, etc. Purpose is being modified to permit the Postal Service to maintain annual salary, hourly rate, and pay type information for the purpose of

statistical research and reporting. The Postal Service is also adding a routine use explaining that the disclosure of these data may be made to BLS for the development of occupational estimates for federal employees. Retrievability is being revised to indicate the data can now be retrieved by occupation code and/or occupation title.

III. Description of Changes to Systems of Records

Pursuant to 5 U.S.C. 552a (e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed modifications has been sent to Congress and to the Office of Management and Budget for their evaluations. The Postal Service does not expect this amended system of records to have any adverse effect on individual privacy rights. The affected system is as follows:

USPS 100.400

SYSTEM NAME: Personnel Compensation and Payroll Records

Accordingly, for the reasons stated, the Postal Service proposes changes in the existing system of records as follows:

USPS 100.400

SYSTEM NAME:

Personnel Compensation and Payroll Records.
