The statute as implemented also requires DoD to—

(1) Include FPI in the solicitation process for these items; a timely offer from FPI must be considered; and award procedures must be followed in accordance with existing policy at Federal Acquisition Regulation (FAR) 8.602(a)(4)(ii) through (v);

(2) Continue to be make acquisitions, in accordance with FAR Subpart 8.6, for items from product categories for which FPI does not have a significant market share. FAR 8.602 requires agencies to conduct market research and make a written comparability determination, at the discretion of the contracting officer. Competitive (or fair opportunity) procedures are appropriate if the FPI product is not comparable in terms of price, quality, or time of delivery; and

(3) Section 827 allows modification of the published list if DoD subsequently determines that new data requires adding or omitting a product category from the list.
