

or, if the Department has complied with the computer matching requirements of the Privacy Act of 1974, as amended (Privacy Act), under a computer matching agreement. Any disclosure of individually identifiable information from a record in this system must also comply with the requirements of section 183 of the ESRA (20 U.S.C. 9573) providing for confidentiality standards that apply to all collection, reporting and publication of data by the Institute of Education Sciences. Any disclosure of personally identifiable information from student education records that were obtained from school districts must also comply with the requirements of the Family Educational Rights and Privacy Act (20 U.S.C. 1232g; 34 CFR part 99), which protects the privacy of student education records.

**Contract Disclosure.** If the Department contracts with an entity to perform any function that requires disclosing records in this system to the contractor's employees, the Department may disclose the records to those employees who have received the appropriate level of security clearance from the Department. Before entering into such a contract, the Department will require the contractor to establish and maintain the safeguards required under the Privacy Act (5 U.S.C. 552a(m)) with respect to the records in the system.

**DISCLOSURE TO CONSUMER REPORTING AGENCIES:**

None.

**POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**

**STORAGE:**

The Department will maintain records on CD-ROM, and the contractor (Mathematica Policy Research) will maintain data for this system on computers and in hard copy.

**RETRIEVABILITY:**

Records in this system will be indexed and retrieved by a unique number assigned to each individual that will be cross-referenced by the individual's name on a separate list.

**SAFEGUARDS:**

All physical access to the Department's site and to the site of the Department's contractor, where this system of records will be maintained, controlled and monitored by security personnel. The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This security system limits data access to Department and contract staff on a need-to-know

basis and controls individual users' ability to access and alter records within the system.

The contractor will establish a similar set of procedures at its site to ensure confidentiality of data. The contractor is required to ensure that information identifying individuals is in files physically separated from other research data and electronic files identifying individuals are separated from other electronic research data files. The contractor will maintain security of the complete set of all master data files and documentation. Access to individually identifiable data will be strictly controlled. All information will be kept in locked file cabinets during nonworking hours, and work on hardcopy data will take place in a single room, except for data entry.

Physical security of electronic data will be also maintained. Security features that protect project data will include: Password-protected accounts that authorize users to use the contractor's system but to access only specific network directories and network software; user rights and directory and file attributes that limit those who can use particular directories and files and determine how they can use them; and additional security features that the network administrators will establish for projects as needed. The Department's and the contractor's employees who "maintain" (collect, maintain, use, or disseminate) data in this system must comply with the requirements of the Privacy Act and the confidentiality standards in section 183 of the ESRA (20 U.S.C. 9573).

**RETENTION AND DISPOSAL:**

Records are maintained and disposed of in accordance with the Department's Records Disposition Schedules (GRS 23, Item 8).

**SYSTEM MANAGER AND ADDRESS:**

Associate Commissioner, Evaluation Division, National Center for Education Evaluation and Regional Assistance, Institute of Education Sciences, U.S. Department of Education, 555 New Jersey Avenue NW., Room 502D, Washington, DC 20208-0001.

**NOTIFICATION PROCEDURE:**

If you wish to determine whether a record exists regarding you in the system of records, contact the system manager. Your request must meet the requirements of the Department's Privacy Act regulations at 34 CFR 5b.5, including proof of identity.

**RECORD ACCESS PROCEDURE:**

If you wish to gain access to a record about you in this system of records,

contact the system manager. Your request must meet the requirements of the Department's Privacy Act regulations at 34 CFR 5b.5, including proof of identity.

**CONTESTING RECORD PROCEDURE:**

If you wish to contest the content of a record regarding you in the system of records, contact the system manager. Your request must meet the requirements of the Department's Privacy Act regulations at 34 CFR 5b.7, including proof of identity.

**RECORD SOURCE CATEGORIES:**

This system will contain records on principals, teachers, and students participating in an impact evaluation of support for principals. Data will be obtained through human resource and student administrative records maintained by the school districts and surveys of principals and teachers.

**EXEMPTIONS CLAIMED FOR THE SYSTEM:**

None.

**DEPARTMENT OF ENERGY**

**Federal Energy Regulatory Commission**

[Docket No. CP15-104-000]

**DBM Pipeline, LLC; Notice of Application**

Take notice that on March 3, 2015, DBM Pipeline, LLC (DBM Pipeline), 1201 Lake Robbins Drive, The Woodlands, Texas 77380, filed in Docket No. CP15-104-000 an application pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations, requesting: (i) Authorization to own, operate and maintain its existing 9-mile, 16-inch diameter Ramsey Residue Line located in Reeves County, Texas; (ii) a blanket certificate, pursuant to Part 157, Subpart F of the Commission's regulations; (iii) a blanket certificate pursuant to Part 284, Subpart G of the Commission's regulation; and (iv) waivers of certain regulatory requirements. DBM Pipeline estimates the cost of the Project to be approximately \$9.7 million, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For

assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TYY, (202) 502-8659.

Any questions regarding this application should be directed to Philip H. Peacock, Vice President, General Counsel and Corporate Secretary, DBM Pipeline, LLC, 1201 Lake Robbins Drive, The Woodlands, Texas 77380, by telephone at (832) 636-600 or by email at [philip.peacock@anadarko.com](mailto:philip.peacock@anadarko.com).

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition

to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

*Comment Date:* March 31, 2015.

Dated: March 10, 2015.

**Kimberly D. Bose,**

*Secretary.*

## DEPARTMENT OF ENERGY

### DOE/NSF Nuclear Science Advisory Committee (NSAC)

**AGENCY:** Office of Science, Department of Energy.

**ACTION:** Notice of open meeting.

**SUMMARY:** This notice announces a meeting of the DOE/NSF Nuclear Science Advisory Committee (NSAC). The Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770) requires that public notice of these meetings be announced in the **Federal Register**.

**DATES:** Friday, April 3, 2015; 8:30 a.m.–5:30 p.m.

**ADDRESSES:** Gaithersburg Marriott Washingtonian Center, 9750 Washingtonian Boulevard, Gaithersburg, Maryland 20878, 301-590-0044.

**FOR FURTHER INFORMATION CONTACT:** Brenda L. May, U.S. Department of Energy; SC-26/Germantown Building, 1000 Independence Avenue SW., Washington, DC 20585-1290; Telephone: 301-903-0536 or email: [brenda.may@science.doe.gov](mailto:brenda.may@science.doe.gov).

The most current information concerning this meeting can be found on the Web site: <http://science.gov/np/nsac/meetings/>.

### SUPPLEMENTARY INFORMATION:

*Purpose of the Board:* The purpose of the Board is to provide advice and guidance on a continuing basis to the Department of Energy and the National Science Foundation on scientific priorities within the field of basic nuclear science research.

*Tentative Agenda:* Agenda will include discussions of the following:

Friday, April 3, 2015

- Perspectives from Department of Energy and National Science Foundation
- Update from the Department of Energy and National Science Foundation's Nuclear Physics Office's
- Presentation of New Charge on Molybdenum-99
- Report of the NSAC Isotopes Subcommittee
- Discussion of the NSAC Isotopes Subcommittee Report
- Report of the EIC Cost Subcommittee
- Discussion of the EIC Cost Report
- Status of the Long Range Plan

**Note:** The NSAC Meeting will be broadcast live on the Internet. You may find out how to access this broadcast by going to the following site prior to the start of the meeting. A video record of the meeting including the presentations that are made will be archived at this site after the meeting ends: <http://www.tvworldwide.com/events/DOE/150403>.

*Public Participation:* The meeting is open to the public. If you would like to file a written statement with the Committee, you may do so either before or after the meeting. If you would like to make oral statements regarding any of these items on the agenda, you should contact Brenda L. May, 301-903-0536 or [Brenda.May@science.doe.gov](mailto:Brenda.May@science.doe.gov) (email). You must make your request for an oral statement at least five business days before the meeting. Reasonable provision will be made to include the scheduled oral statements on the agenda. The Chairperson of the Committee will conduct the meeting to
