[Project No. 14649-000]

Mid-Atlantic Hydro, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On December 1, 2014, Mid-Atlantic Hydro, LLC filed an application for a preliminary permit under section 4(f) of the Federal Power Act proposing to study the feasibility of the proposed Ellis Hydroelectric Project No. 14649-000, to be located at the existing Ellis Lock and Dam on the Muskingum River, near the township of Ellis, in Muskingum County, Ohio. The Ellis Lock and Dam is owned and operated by the state of Ohio. There are no federal lands associated with the project. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of: (1) The existing 340-foot-long by 15.3-foot-high Ellis Dam spillway and 352-acre reservoir with a normal elevation of 690 feet mean sea level; (2) five new 500-kilowatt Very Low Head 4000 submersible turbine-generator units with a combined capacity of 2.5 megawatts; (3) a new 40-foot-long by 20-foot-wide switchyard containing a three phase step-up transformer, protective equipment, and metering equipment; (4) a new 150-foot-long, 12.5 to 34.5 kilovolt, overhead transmission line that would connect to an existing local utility distribution system; and (5) appurtenant facilities. The project

would have an estimated annual generation of 9,500 megawatt-hours.

Applicant Contact: Mr. John Collins, 5425 Wisconsin Avenue, Suite 600, Chevy Chase, MD 20815, (301) 718-4431.

FERC Contact: Tyrone A. Williams, (202) 502-6331.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36. The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number P-14649-000.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-14649) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: March 11, 2015.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Energy Information Administration

Agency Information Collection Extension

AGENCY: U.S. Energy Information Administration (EIA), U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The EIA, pursuant to the Paperwork Reduction Act of 1995,

intends to extend for three years the Form EIA-886, *Annual Survey of Alternative Fueled Vehicles*, an information collection request with the Office of Management and Budget (OMB). Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments regarding this proposed information collection must be received on or before May 18, 2015. If you anticipate difficulty in submitting comments within that period, contact the person listed in the **ADDRESSES** section below as soon as possible.

ADDRESSES: Written comments may be sent to Cynthia Amezcua, EI-22, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585, or by fax at (202) 586-9753 or by email at cynthia.amezcua@eia.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Cynthia Amezcua by phone at (202) 586-1658 or by email at the address listed above. Access to the proposed form, instructions, and internet data collection screens can be found at: <http://www.eia.gov/survey/#eia-886>.

SUPPLEMENTARY INFORMATION: This information collection request contains:

- (1) *OMB No.:* 1905-0191;
- (2) *Information Collection Request Title:* Annual Survey of Alternative Fueled Vehicles;
- (3) *Type of Request:* Extension of a currently approved collection;
- (4) *Purpose:* Form EIA-886 is an annual survey that collects information on the number and type of alternative fueled vehicles (AFVs) and other advanced technology vehicles that vehicle suppliers made available in the previous calendar year and plan to make available in the following calendar year; the number, type and geographic distribution of AFVs in use in the previous calendar year; and the amount and distribution of each type of
