RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collection of information to determine (1) the practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must

contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

Title and Purpose of information collection: Evidence for Application of Overall Minimum; OMB 3220–0083.

Under Section 3(f)(3) of the Railroad Retirement Act (RRA), the total monthly benefits payable to a railroad employee and his/her family are guaranteed to be no less than the amount which would be payable if the employee's railroad service had been covered by the Social Security Act. This is referred to as the Social Security Overall Minimum Guarantee, which is prescribed in 20 CFR 229. To administer this provision, the Railroad Retirement Board (RRB) requires information about a retired employee's spouse and child(ren) who would not be eligible for benefits under the RRA but would be eligible for benefits under the Social Security Act if the employee's railroad service had been covered by that Act. The RRB obtains the required information by the use of Forms G–319, Statement Regarding Family and Earnings for Special Guaranty Computation, and G–320, Student Questionnaire for Special Guaranty Computation. One response is required of each respondent. Completion is required to obtain or retain benefits.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (80 FR 1679 on January 13, 2015) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection

of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Continuing Disability Report; OMB 3220-0187. Under Section 2 of the Railroad Retirement Act, an annuity is not payable or is reduced for any month in which the annuitant works for a railroad or earns more than prescribed dollar amounts from either non-railroad employment or self-employment. Certain types of work may indicate an annuitant's recovery from disability. The provisions relating to the reduction or non-payment of an annuity by reason of work, and an annuitant's recovery from disability for work, are prescribed in 20 CFR 220.17-220.20. The RRB conducts continuing disability reviews (CDR) to determine whether an annuitant continues to meet the disability requirements of the law. Provisions relating to when and how often the RRB conducts CDR's are prescribed in 20 CFR 220.186.

Form G-254, *Continuing Disability Report*, is used by the RRB to develop information for a CDR determination, including a determination prompted by a report of work, return to railroad service, allegation of medical improvement, or a routine disability review call-up. The RRB proposes the following changes:

- Revise current Item 8 to ask for the response in month and year format since the form may cover multiple years.

- Revise current Item 12a to include the spouse as a source of employment.

- Revise current Item 15k to show the impact the disability has had on their business by asking if the annuitant has had to reduce or restrict the number of their clients or customers.

- Revise current Items 17a and 17b to include asking if the annuitant has made supervisory (as well as managerial) decisions.

- Renumber current Item 31 to Item 31a.

- Create New Item 31b, using a Yes/No format, to identify the annuitant who requires an assistive device such as a cane, oxygen, etc.

- Create New Item 31c to identify the assistive device(s).

- Other minor editorial changes.

Form G-254a, Continuing Disability Update Report, is used to help identify a disability annuitant whose work activity and/or recent medical history warrants completion of Form G-254 for a more extensive review. The RRB proposes adding a request for the social security number of the applicant who is not the employee to resolve any ambiguous issues.

Completion is required to retain a benefit. One response is requested of each respondent to Forms G-254 and G-254a.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form number	Annual responses	Time (minutes)	Burden (hours)
G-254	1,500	5-35	623
G-254a	1,500	5	125
Total	3,000	748
