Higher Initial Maximum Uniform Allowance Rate; Uniform Allowances

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final notice.

SUMMARY: The NMFS Office of Law Enforcement (OLE) publishes this notice to announce that it is establishing a higher initial maximum uniform allowance to procure and issue uniform items for its uniformed enforcement officers (EOs). Current OPM regulations allow an agency to establish one or more initial maximum uniform allowance rates greater than the government-wide maximum uniform allowance rate. OLE increases the current annual limit for NMFS EOs in order to maintain the uniform standards and professional image expected of its EOs under its new uniform standards.

DATES: The new uniform allowance is implemented as of April 1, 2015.

FOR FURTHER INFORMATION CONTACT: Everett Baxter, 301–427–8272.

SUPPLEMENTARY INFORMATION: NMFS is implementing a higher initial maximum uniform allowance to procure and furnish uniform items for its enforcement officers (EOs). The current \$800.00 annual limit is inadequate to maintain the uniform standards and professional image expected of NMFS EOs under its new uniform standards. In addition, OLE now has a new uniform policy requiring five classes of uniforms. In the past, EOs only had two classes of uniforms. As a result of these two factors, OLE increases the initial maximum uniform allowance for EOs from \$800 to \$2,000.

OLE published a notice with a request for comments in the **Federal Register** on January 30, 2015 (80 FR 5091) inviting public comments on this planned action. The comment period ended on March 2, 2015. No comments were received. Therefore, NMFS is proceeding with establishing the higher initial maximum uniform allowance rate for its EOs. The effective date of this new uniform allowance is April 1, 2015.

Authority: 5 U.S.C. 5903; E.O. 12748, 56 FR 4521, 3 CFR 1991 Comp., p. 316.

Dated: March 17, 2015.

Logan Gregory,

Acting Director, Office of Law Enforcement, National Marine Fisheries Service.

Background

On March 13, 2015, the U.S. Environmental Protection Agency announced the availability of NMFS' DEIS concerning the Makah Indian Tribe's February 2005 request to resume limited hunting of ENP gray whales in the coastal portion of the Tribe's usual and accustomed fishing grounds, off the coast of Washington State, for ceremonial and subsistence purposes. Informed by information received during public scoping, this DEIS contains updates and a new set of alternatives compared to a previous DEIS released on May 9, 2008 (73 FR 26394) and later terminated on May 21, 2012 (77 FR 29967). The Tribe's proposed action stems from the 1855 Treaty of Neah Bay, which expressly secures the Makah Tribe's right to hunt whales. To exercise that right, the Tribe is seeking authorization from NMFS under the MMPA and the Whaling Convention Act. The release of this new DEIS is one of several steps NMFS will undertake to evaluate the Tribe's request.

The DEIS, prepared pursuant to the National Environmental Policy Act, considers various alternatives to the Tribe's proposed action. To develop the full range of action alternatives—five in total—we considered the principal components associated with a hunt, including: The time when whale hunting would occur; the area where whale hunting would occur; the annual and six-year limits on the number of whales harvested, struck, and struck and lost; cessation of whale hunting if a predetermined number of identified whales (*i.e.*, included in a photographic catalog of whales from the Pacific Coast Feeding Group area) were harvested; and the method of hunting. This DEIS addresses a number of resources identified for review during both internal and public scoping, including: Water quality, marine habitat and species, eastern and western North Pacific gray whales, other wildlife species, economics, environmental justice, social environment, cultural resources, ceremonial and subsistence resources, noise, aesthetics, transportation, public services, public safety, and human health.

The DEIS provides an important opportunity for the public to formally comment on the Tribe's proposal and the various alternatives. These comments, in conjunction with considerations described in the DEIS, will provide key information to assist NMFS with its final decision on the Tribe's request.

Access to Government Building

For access to the Federal government building in Seattle, Washington, the Department of Commerce Western Region Security Office has advised that all attendees must have valid government-issued identification (e.g., driver's license, tribal identification card, or passport). Prospective attendees for the public meeting in the NOAA Auditorium in Seattle, Washington should submit their first and last names and affiliation, if appropriate, via the NMFS email site (See **ADDRESSES**) by 4 p.m. PDT on April 26, 2015.

Reasonable Accommodation
