

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### National Institutes of Health

#### National Institute of Neurological Disorders and Stroke; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

*Name of Committee:* National Institute of Neurological Disorders and Stroke Special Emphasis Panel; Biomarker.

*Date:* April 16, 2015.

*Time:* 10 a.m. to 2 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* National Institutes of Health; Neuroscience Center; 6001 Executive Boulevard; Rockville, MD 20852; (Telephone Conference Call).

*Contact Person:* Joel A. Saydoff, Ph.D.; Scientific Review Officer; Scientific Review Branch; Division of Extramural Research; NINDS/NIH/DHHS/Neuroscience Center; 6001 Executive Boulevard, Suite 3205, MSC 9529; Bethesda, MD 20892–9529; 301–496–9223; [joel.saydoff@nih.gov](mailto:joel.saydoff@nih.gov).

(Catalogue of Federal Domestic Assistance Program Nos. 93.853, Clinical Research Related to Neurological Disorders; 93.854, Biological Basis Research in the Neurosciences, National Institutes of Health, HHS)

Dated: March 17, 2015.

**Carolyn Baum,**

*Program Analyst, Office of Federal Advisory Committee Policy.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Agency for Healthcare Research and Quality

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Agency for Healthcare Research and Quality, HHS.

**ACTION:** Notice.

**SUMMARY:** This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) approve the proposed information collection project: “*Nursing Home Survey on Patient Safety Culture Comparative Database.*” In accordance with the Paperwork Reduction Act, 44 U.S.C. 3501–3521, AHRQ invites the public to comment on this proposed information collection.

**DATES:** Comments on this notice must be received by May 22, 2015.

**ADDRESSES:** Written comments should be submitted to: Doris Lefkowitz, Reports Clearance Officer, AHRQ, by email at [doris.lefkowitz@ahrq.hhs.gov](mailto:doris.lefkowitz@ahrq.hhs.gov).

Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from the AHRQ Reports Clearance Officer.

**FOR FURTHER INFORMATION CONTACT:** Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427–1477, or by email at [doris.lefkowitz@ahrq.hhs.gov](mailto:doris.lefkowitz@ahrq.hhs.gov).

#### SUPPLEMENTARY INFORMATION:

##### Proposed Project

##### *Nursing Home Survey on Patient Safety Culture Comparative Database*

*Background on the Nursing Home Survey on Patient Safety Culture (Nursing Home SOPS).* In 1999, the Institute of Medicine called for health care organizations to develop a “culture of safety” such that their workforce and processes focus on improving the reliability and safety of care for patients (IOM, 1999; *To Err is Human: Building a Safer Health System*). To respond to the need for tools to assess patient safety culture in health care, AHRQ developed and pilot tested the Nursing Home SOPS with OMB approval (OMB NO. 0935–0132; Approved July 5, 2007).

The survey is designed to enable nursing homes to assess provider and staff opinions about patient safety issues, medical error, and error reporting and includes 42 items that measure 12 dimensions of patient safety culture. AHRQ made the survey publicly available along with a Survey User’s Guide and other toolkit materials in November 2008 on the AHRQ Web site (located at <http://www.ahrq.gov/professionals/quality-patient-safety/patientsafetyculture/nursing-home/index.html>).

The AHRQ Nursing Home SOPS Comparative Database consists of data from the AHRQ Nursing Home SOPS. Nursing homes in the U.S. are asked to voluntarily submit data from the survey to AHRQ through its contractor, Westat.

The Nursing Home SOPS database (OMB NO. 0935–0195, last approved on June 12, 2012) was developed by AHRQ in 2011 in response to requests from nursing homes interested in knowing how their patient safety culture survey results compare to those of other nursing homes in their efforts to improve patient safety.

*Rationale for the information collection.* The Nursing Home SOPS and the Comparative Database support AHRQ’s goals of promoting improvements in the quality and safety of health care in nursing home settings. The survey, toolkit materials, and comparative database results are all made publicly available on AHRQ’s Web site. Technical assistance is provided by AHRQ through its contractor at no charge to nursing homes to facilitate the use of these materials for nursing home patient safety and quality improvement.

The goal of this project is to renew the Nursing Home SOPS Comparative Database. This database will:

(1) Allow nursing homes to compare their patient safety culture survey results with those of other nursing homes,

(2) Provide data to nursing homes to facilitate internal assessment and learning in the patient safety improvement process, and

(3) Provide supplemental information to help nursing homes identify their strengths and areas with potential for improvement in patient safety culture.

This study is being conducted by AHRQ through its contractor, Westat, pursuant to AHRQ’s statutory authority to conduct and support research on health care and on systems for the delivery of such care, including activities with respect to: the quality, effectiveness, efficiency, appropriateness and value of health care services; quality measurement and improvement; and database development. 42 U.S.C. 299a(a)(1), (2), and (8).

#### Method of Collection

To achieve the goal of this project the following activities and data collections will be implemented:

(1) Eligibility and Registration Form—The nursing home (or parent organization) point of contact (POC) completes a number of data submission steps and forms, beginning with the completion of an online eligibility and registration form. The purpose of this form is to determine the eligibility status and initiate the registration process for nursing homes seeking to voluntarily submit their Nursing Home
