## **NUCLEAR REGULATORY COMMISSION**

### **Seeking Qualified Candidates for the Advisory Committee on Reactor Safeguards**

**AGENCY:** Nuclear Regulatory  
Commission.

**ACTION:** Request for resumes.

**SUMMARY:** The U.S. Nuclear Regulatory  
Commission (NRC) seeks qualified  
candidates for the Advisory Committee  
on Reactor Safeguards (ACRS).

**DATES:** Resumes will be accepted until  
June 23, 2015.

**ADDRESSES:** Submit resumes to Ms.  
Kendra Freeland, ACRS, Mail Stop  
T2E26, U.S. Nuclear Regulatory  
Commission, Washington, DC 20555-  
0001, or email *Kendra.Freeland@  
nrc.gov*.

**SUPPLEMENTARY INFORMATION:** The ACRS  
is a part-time advisory group, which is  
statutorily mandated by the Atomic  
Energy Act of 1954, as amended. ACRS  
provides independent expert advice on  
matters related to the safety of existing  
and proposed nuclear power plants and  
on the adequacy of proposed reactor  
safety standards. Of primary importance  
are the safety issues associated with the  
operation of 99 commercial nuclear  
power plants in the United States and  
regulatory initiatives, including risk-  
informed and performance-based  
regulation, license renewal, power  
uprates, and the use of mixed oxide and  
high burnup fuels. An increased  
emphasis is being given to safety issues  
associated with new reactor designs and  
technologies, including passive system  
reliability and thermal hydraulic  
phenomena, use of digital  
instrumentation and control,  
international codes and standards used  
in multinational design certifications,  
materials, and structural engineering,  
nuclear analysis and reactor core  
performance, and nuclear materials and  
radiation protection. In addition, the  
ACRS may be requested to provide  
advice on radiation protection,  
radioactive waste management, and  
earth sciences in the agency's licensing  
reviews for fuel fabrication and  
enrichment facilities, and for waste  
disposal facilities. The ACRS also has  
some involvement in security matters

related to the integration of safety and  
security of commercial reactors.

See the NRC Web site at <http://www.nrc.gov/aboutnrc/regulatory/advisory/acrs.html> for additional  
information about the ACRS. Criteria  
used to evaluate candidates include  
education and experience, demonstrated  
skills in nuclear reactor safety matters,  
the ability to solve complex technical  
problems, and the ability to work  
collegially on a board, panel, or  
committee. The Commission, in  
selecting its Committee members, also  
considers the need for specific expertise  
to accomplish the work expected to be  
before the ACRS. ACRS Committee  
members are appointed for four-year  
terms with no term limits. The  
Commission looks to fill two vacancies  
as a result of this request. For this  
position, a candidate must have at least  
20 years of broad experience and a  
distinguished record of achievement in  
one or more areas of nuclear science and  
technology or related engineering  
disciplines.

Candidates with pertinent graduate  
level experience will be given  
additional consideration. Consistent  
with the requirements of the Federal  
Advisory Committee Act, the  
Commission seeks candidates with  
diverse backgrounds, so that the  
membership on the Committee is fairly  
balanced in terms of the points of view  
represented and functions to be  
performed by the Committee. Candidates  
will undergo a thorough  
security background check to obtain the  
security clearance that is mandatory for  
all ACRS members. The security  
background check will involve the  
completion and submission of  
paperwork to the NRC. Candidates for  
ACRS appointments may be involved in  
or have financial interests related to  
NRC-regulated aspects of the nuclear  
industry. However, because conflict-of-  
interest considerations may restrict the  
participation of a candidate in ACRS  
activities, the degree and nature of any  
such restriction on an individual's  
activities as a member will be  
considered in the selection process.

Each qualified candidate's financial  
interests must be reconciled with  
applicable Federal and NRC rules and  
regulations prior to final appointment.  
This might require divestiture of  
securities or discontinuance of certain  
contracts or grants. Information  
regarding these restrictions will be  
provided upon request. As a part of the  
Stop Trading on Congressional  
Knowledge Act of 2012, which bans  
insider trading by members of Congress,  
their staff, and other high-level federal  
employees, candidates for appointments

will be required to disclose additional  
financial transactions.

A resume describing the educational  
and professional background of the  
candidate, including any special  
accomplishments, publications, and  
professional references should be  
provided. Candidates should provide  
their current address, telephone  
number, and email address. All  
candidates will receive careful  
consideration. Appointment will be  
made without regard to factors such as  
race, color, religion, national origin, sex,  
age, or disabilities. Candidates must be  
citizens of the United States and be able  
to devote approximately 100 days per  
year to Committee business, but may not  
be compensated for more than 130  
calendar days. Resumes will be  
accepted until June 23, 2015.

Dated at Rockville, Maryland, this 18th day  
of March, 2015.
